Municipal Budget.

Reviewing the Karúr — for 1899–1900.

lamp-posts has been postponed, there will be a saving of Rs. 290. Under other items the law charges on account of a second appeal in the High Court against the Council will bring the amount to Rs. 150. An expenditure of Rs. 200 on account of compensation for lands represents the value of the sites acquired for cremation purposes and for laying a road to the river from Sreenivasapuram Agraharam.

BUDGET ESTIMATE FOR 1899–1900.

10. The year 1899–1900 is expected to open with a balance of Rs. 960.

Receipts.

11. The total receipts are estimated at Rs. 20,970 against the revised estimate of Rs. 20,360 for the current year and the actuals of Rs. 19,472 for 1897–98.

12. The important variations between the estimate for the next year and the estimate as revised for the current year, are shown and explained below. The principal heads under which the current year's figures are repeated are tolls, income from markets, cart-stand fees, and taxes on animals, carts and vehicles:—

		Rs.
(1)	Tax on buildings and lands	+ 70
(2)	Sale-proceeds of lands	— 200
(3)	Sale-proceeds of old materials	— 30
(4)	Fees from educational institutions	+ 530
(5)	Income from slaughter-house	— 30
(6)	Fines under Municipal and other Acts	+ 50
(7)	Grants from Government on account of—	
	(*a*) Normal stipends	+ 40
	(*b*) Buildings	— 450
(8)	Private scavenging fees	+ 30
(9)	Other items	+ 600

(1) A few new houses are in course of construction and strict attention will be paid to the collection of the tax.

(2) The sale of a site forming a margin on the road near the Pallars' village, which has since been included within municipal limits but which was appropriated and built upon some years ago, is expected to fetch Rs. 50. No other lands or buildings are proposed to be sold.

(3) The old materials sold in the current year consisted of dealwood cases and tins in which kerosine-oil was received from Calicut. Its purchase locally next year will diminish this income.

(4) The Municipal high school has been making very satisfactory progress in respect both of its strength and finance. The improvement in the tone and the discipline of the school and the steady advance that it has made during the last three years have induced the educational authorities to recommend the opening of the sixth form. This proposal is fully approved of by the Council, especially as for some years the institution has been self-supporting. The opening of the matriculation class will materially add to the strength of the school in the higher forms and may be relied on to improve the fees by Rs. 530.

(5) The keen competition for the slaughter-house contract this year was somewhat unusual and may not be expected next year.

(6) The fines have been put at Rs. 200 as a moderate sum compared with the actuals of 1897–98. The average of previous years was about Rs. 200.

(7) No grant from Government on account of buildings is expected. No credit is taken for any additional grant on account of the opening of the sixth form in the high school as the Director has, in his Proceedings No. 12110, dated 26th October 1898, stated that no new and increased grants will be allowed, but the figures of the current year, including the grant for the Sanskrit pundit, are repeated and a contribution of Rs. 40 on account of normal stipends is provided.

(8) The increase from year to year in the number of houses served is likely to continue, bringing a small addition to the fees.

(9) A sum of Rs. 800 is put down as recoverable from an ex-Chairman of the Council, against whom there is a decree for Rs. 1,300, of which Rs. 500 have been collected. The Council expects to recover the balance early next year. He has appealed to the High Court and the decree is pending execution.

Charges.

13. The total charges are estimated at Rs. 21,460 against the expenditure in the current year of Rs. 21,040.

14. No new works under buildings, communications or drainage will be undertaken on account of the plague to combat which adequate provision has to be made. Under repairs to communications a sum of Rs. 1,200 has been provided, being Rs. 100 less than in the current year and forming 31 per cent. of the income from tolls. The roads are in good order and the provision will be sufficient. For repairs to buildings a sum of Rs. 200 has been allotted against the actuals of Rs. 397–9–0 in 1897–98. The masonry drain in the Mavadiyankoil street may require some repairs for which a sum of Rs. 50 has been placed.

15. *Grant 2, Education.*—The opening of the sixth form in the high school renders it necessary to have a teacher on Rs. 40 for the fourth form, the first assistant in the fourth form going to the fifth and the present headmaster continuing as such without any increase in pay for the present. The appointment of a Tamil pundit is recommended as an absolute necessity by the Inspector of schools and the appointment of one was recommended for sanction to Government by the Council in October last, but the proposal was considered to be too late in the year and orders were passed in G.O., Mis. No. 1923 M., dated 15th November 1898, suggesting that it may be included in the budget for the next year. The Tamil pundit will receive a salary of Rs. 12 unless the Educational department sanctions a grant on his account, in which case the Council wishes his salary to be Rs. 15. The income from the high school, including the lower secondary department, will be Rs. 3,200 in the shape of school-fees and the usual grant of Rs. 500 from Provincial funds will make the total receipts Rs. 3,700. The expenditure on the establishment of the high school will be Rupees 3,440 and its contingencies Rs. 200, making the total charges Rs. 3,640. The institution will be self-supporting. In the year 1896–97 it was worked at a profit Rs. 72, and in the year 1897–98 the profit was Rs. 164. It will be unfair to the school if, in the present year, its position is not improved by raising it to a complete high school. If the sixth form be not opened, the boys in the fourth and fifth forms may become fewer and the income from fees will be considerably reduced. The question is not one that will affect the Municipal funds in any way.

16. *Grant 3, Sanitation and Medical Services.*—No changes in regard to the hospital or the conservancy establishment are proposed, except the entertainment of a scavenger in addition to the one already entertained during the current year under private scavenging establishment.

17. A sum of Rs. 1,500 is provided for plague charges in a separate estimate submitted to the Plague Commissioner. The estimate was altered to one for Rupees 3,270 by the Collector, which sum the Council regrets its inability to set aside without materially affecting the sanitary and other requirements of the town. A copy of the estimate showing the details as passed by the Council is herewith submitted. Provision has been made for a hospital assistant, with a staff of servants for camps and other necessaries, amounting to Rs. 1,500, and unless plague breaks out in a bad form, the establishment would be quite adequate. Of the current year's provision of Rs. 960, nearly Rs. 400 will be available for expenditure next year in case the disease does not make its appearance before March.

18. *Grant 4, Lighting and Miscellaneous—Municipal Purposes.*—The contingencies on account of lighting will amount to Rs. 500, a margin of Rs. 40 over the current year's expenses being provided to meet the variations in the price of the kerosine-oil. The maintenance of the avenues that have been planted requires a small provision of Rs. 80. The sum of Rs. 250 under compensation for lands is intended for the purchase of a burial-ground for Muhammadans. The practice of burying dead bodies within their mosques in the centre of the town can only be put a stop to after a separate site is acquired for the purpose.

19. *Grant 5.*—An increase under office establishment of Rs. 30 is provided for giving the office manager an addition of Rs. 2–8–0 to his salary. His work has increased very much owing to the plague, and the system of electing Councillors, which has been introduced, will add to his duties. He has been of great use to the Council and is fully deserving of the small addition to his present salary of Rs. 25.

20. The year is expected to close with a balance of Rs. 470. The preseribed statements are submitted.

Forwarded.

2. It would be interesting to know why prosecutions under the Nuisance Act have fallen. The increase in private scavenging fees is gratifying.

3. The increase in establishment of the high school is justified by past results.

4. Rs. 1,500 will not go very far should plague break out in a bad form. "Rules for combating plague in municipalities" may have to be put in force at any time should plague merely threaten the town.

5. The present is a most inopportune time for increasing the manager's pay.

Sub-Collector.

Forwarded. The Sub-Collector's remarks seem to the point.

17*th January* 1899. (Signed) C. H. MOUNSEY,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 16th January 1899, No. 517.

Referring to the budget estimate of the Karúr Municipality for 1899–1900, I have the honour to state that the allotments made therein under the several heads of grant 2 may be accepted with an addition of Rs. 50 for building, furniture and other special grants.

2. The fee receipts seem to me to be slightly overestimated; but as the Council is sanguine of realizing the whole sum for which credit has been taken, the figure may stand.

3. With the addition suggested above, the net expenditure will be Rs. 1,710 (6,220—4,510), which is about 14·6 per cent. of the estimated income of the municipality from taxation, rents and markets.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 18th January 1899, No. 58.

I have the honour to state that the provision made in grant 3 of the budget estimate of the Karúr Municipality for the year 1899–1900 is sufficient and calls for no further remarks.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 3rd February 1899, No. 355–S.

I have the honour to state that I have no remarks to offer on the Karúr Municipal budget for the ensuing year in so far as it relates to vaccination and conservancy. The proportion of the current receipts set apart for expenditure on the latter object is 30·5 per cent.

ORDER—No. 240 M., dated 20th February 1899.

REVISED ESTIMATE FOR 1898–99.

2. The current receipts and charges are now estimated at Rs. 20,360 and Rupees 21,040, respectively, against Rs. 19,330 and Rs. 19,800 anticipated in the sanctioned budget. There is an increase in the receipts which occurs chiefly under sale-proceeds of land, school fees and grants from Government, but it is partly counterbalanced by a decrease under fines, while the increase in the charges which appears under the first three grants is partly met by a decrease under Grant 4. The collections under the tax on lands during the first eight months of the year were not satisfactory. The attention of the Chairman is drawn to the remarks of the Sub-Collector in paragraph 2 of his endorsement. The allotment of Rs. 495 referred to in paragraph 6 of the Chairman's letter, the opening of a sixth form in the Municipal High school and the entertainment of an additional teacher on Rs. 40 and a scavenger on Rs. 5, proposed in paragraphs 7 and 8, are sanctioned. With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the Government now considers that a sum of Rs. 530 will be sufficient for plague charges in the current year. The provision made for this purpose will accordingly be reduced by Rs. 430. The balance to be carried forward to the ensuing year's budget will then be Rs. 1,390.

BUDGET ESTIMATE FOR 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 20,970 against the revised estimate of Rs. 20,360. There is an increase under school-fees and miscellaneous other items, but it is partly counterbalanced by a decrease under sale-proceeds of lands and grants from Government.

4. *Charges.*—(1) The probable charges are entered as Rs. 21,460 against Rupees 20,610 in the revised estimate. There is an increase chiefly under Grants 2 and 3, but it is partly met by a decrease under Grant 1.

(2) *Grant 1.*—For the reasons stated in paragraph 14 of the Chairman's letter, the allotment for the maintenance of roads, which is only 31 per cent. of the municipal income from tolls, will be passed.

(3) *Grant 2.*—The entertainment of a Tamil pandit on Rs. 12 per mensem for the Municipal High school is sanctioned. As recommended by the Director of Public Instruction in paragraph 1 of his letter read above, a sum of Rs. 50 will be provided for building, furniture and other special grants.

(4) *Grants 3 and 5.*—The entertainment of an additional scavenger on Rs. 5, referred to in paragraph 16, is sanctioned, but the proposed increase of Rs. 2 Council the pay of the Municipal office manager will be disallowed with reference to paragraph 5 of the Sub-Collector's endorsement.

5. As revised by Government, the budget closes with a balance of Rs. 880 or nearly 4·2 per cent. of the estimated receipts.

Collections under the tax on lands? 38.9 p.c.

Fixed duty

Note The Financial Gr requires a provision of Rs 898, but the Municipal Council has incurred during the first eight months of the year an expenditure of Rs 320. A provision of Rs 200 now is therefore considered sufficient for the remaining four months of the year.

REVISED ESTIMATE FOR 1898-99.
