JANUARY.

Road Frontier Inspection Stations.

Approving of the proposal of the Collector of Bellary to open — on the Mysore Frontier at Vaddinahalli and Hulikeri in preference to Kuremagenahalli and Ulavasankatiballi.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

READ—the following paper :—

From E. A. ELWIN, Esq., Acting Collector of Bellary, to the Plague Commissioner, Madras, dated 22nd January 1899, Ref. on C. No. 2653-P.

I have the honour to recommend the opening of inspection stations on the Mysore Frontier at Vaddinahalli (6 miles to the west of Kuremagenahalli) in the Harpanahalli taluk and at Hulikeri (3 miles to the north of Aluru) in the Kudligi taluk instead of at Kuremagenahalli and Ulavasankatihalli, at which places stations were ordered to be opened in your Proceedings, No. 793, dated 24th November 1898; this preference for Vaddinahalli and Hulikeri is expressed after consulting the Divisional and Taluk officers. The map of the observation groups and circles and the inspection stations that you have, does not show any cart tracks connecting Vaddinahalli and Hulikeri with the frontier, but such do exist and are of far greater importance than what are marked in the neighbourhood of Kuremagenahalli and Ulavasankatihalli as roads. Camps are in course of construction at the places now recommended in anticipation of your approval.

PROCEEDINGS—No. 246, dated 26th January 1899.

The Collector's proposals are approved.
