Municipal Budget.

Reviewing the Dindigul — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From G. MENGEL, Esq., Chairman, Municipal Council, Dindigul, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and Collector of Madura), dated 28th January 1899, No. 332.

(1) Budget statements.
(2) Proposition statement.
(3) Copy of the Council's Resolution, No 1, dated 18th January 1899.
(4) ,, ,, ,, 1, ,, 25th ,, ,,
(5) ,, ,, ,, 3, ,, 25th ,, ,,

I have the honour to submit the revised estimate for 1898–99 and the budget estimate for 1899–1900 with the statements, &c., as per margin.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The estimated receipts as now revised, including the opening balance of Rs. 7,590, amount to Rs. 41,710 against Rs. 62,240 in the original budget. If the sum of Rs. 22,500 which represents the grant and loan from Government on account of extension of the water-works since abandoned (*vide* G.O., Mis. No. 587 M., dated 16th March 1898) and which is included in the opening balance of the original budget is omitted, the real difference between the revised and the original figures would be Rs. 1,970 which is due to the larger opening balance and to the expected enhanced receipts from taxes on arts and lands, the water-tax, avenue receipts, income from markets and slaughter-houses, Provincial grants and advances recoverable, partially counterbalanced by short receipts under taxes on houses and carts and warrant fees.

Charges.

3. The expenditure as per revised estimate aggregates Rs. 35,720 against Rs. 56,660, the budget estimate, which includes Rs. 22,500 alluded to in the preceding paragraph. Omitting this last amount, it will be seen that the proposed charges are by Rs. 1,560 more than the estimate. The increased outlay for plague charges under Grant 3, for cost of survey stones and law charges under Grant 4, and under Advances recoverable, &c., partly set off by diminished charges under Grant 1, repayment of debt and Interest contribute to the above difference. These variations are fully explained in statement VI.

4. In consequence of the increase anticipated in the receipts, the year is expected to close with a balance of Rs. 5,990 against Rs. 5,580 in the sanctioned budget.

BUDGET ESTIMATE FOR 1899–1900.

Receipts.

5. *Rates and Taxes, &c.*—The levy of the tax on vacant house-sites at the maximum rate of As. 4 for every 80 square yards sanctioned in G.O., Mis. No. 1 80 M., dated 4th August 1898, and the consequent increase in the water-tax on such lands chiefly augmented the receipts over and above those of the budget and revised estimates for 1898–99. The other items call for no special comment. The report called for in paragraph 3 (2) of G.O., No. 1509 M., dated 26th August 1898, will be submitted on the 1st March 1899. Now that the Council has sanctioned on the 23rd instant the appointment of a temporary distraining inspector for the prompt realization of the outstanding arrears, I should give him a month's trial so as to enable me to furnish Government with a detailed report on the subject.

7. *Revenue derived from Municipal Property and Powers apart from Taxation.*—The increase of Rs. 200 above the budget estimate of the current year is mainly due to enhanced income from markets and slaughter-houses owing to the extraordinarily keen competition at the annual sales. The anticipated smaller income from avenue receipts, as most of the saleable trees have been disposed of in the current year, from markets wherein the same amount of competition is not expected for next year, and from warrant fees, has diminished the revenue under this head by Rs. 210 below the revised estimate.

8. *Grants and Contributions.*—The extraordinary increase as per margin over the budget and the revised estimate of the current year represents a contribution of Rs. 1,620 out of Rs. 1,850 (Rs. 230 on account of establishment for March 1899 and of medicines for the last quarter of 1898–99 will be payable to Dr. Chester in April 1899) from the Taluk Board of Dindigul towards the establishment of a separate hospital of which a report has been called for in G.O., Mis. No. 2162 M., dated 15th December 1898. This matter is dealt with in further detail in paragraph 14 *infra*; and the balance is for the salary grant of the first assistant master of the high school who is now a qualified teacher and for somewhat an increased grant on account of the second assistant whose salary has been raised from Rs. 30 to 35. Under 5 (*a*) (i) Other Purposes, a sum of Rs. 140 has been provided against Rs. 50 for 1898–99. This increase is the half grant due on account of the drawingmaster attached to the high school who will be made a common drawingmaster next year on Rs. 16 per mensem.

9. *Miscellaneous.*—The extension of the private scavenging service and the anticipated recovery of court costs incurred in previous years have increased the receipts by Rs. 150 and Rs. 100 above the budget and the revised estimates, respectively.

10. *Extraordinary and Debt.*—Advances made during 1897–98 on account of water-works experiments and certain law suits have been adjusted in the current year. The provision made for the next year is the advance of salary paid during the current year to the female apothecary under certain conditions to be recovered by monthly instalments.

11. The estimated total receipts, including the opening balance, thus aggregate Rs. 42,400 against Rs. 41,710 in the revised estimate for the current year. Excess and short receipts under the various heads being counterbalanced, the net increase of Rs. 690 exhibits the contribution from the Taluk Board for the first time on account of the separate hospital.

Charges.

12. *Grant 1, Public Works.*—The allotments under this head have fallen short of the budget estimate for the current year by Rs. 630, excluding the sum of Rupees 22,500 provided under new works—water supply, since given up. This is due to smaller provision made under repairs to drains and water-supply establishment and contingencies; they have exceeded the revised estimate by Rs. 760 owing chiefly to larger provision made under repairs—communications and water supply—contingencies. The works proposed to be undertaken in the budget year are enumerated in statement II-A. Under 2 (*d*) (ii), the Council has resolved to reduce the pay of the water-works driver from Rs. 40 to Rs. 35 and employ another man who will be able to do the duties of a driver and a mechanic including plumber's work, and to do away with the day watchman on Rs. 5 and to appoint a turncock on Rs. 6. The latter is in accordance with the suggestions contained in the inspection notes of the Assistant Sanitary Engineer who recommended the re-appointment of the plumber on Rs. 24, which was not approved of by the Council. The staff as now revised by the Council is adopted for the budget.

13. *Grant 2, Education.*—The increase of Rs. 330 over the budget estimate for the current year is due to the entertainment of a common drawingmaster who has been granted his annual increment of Re. 1 as promised in G.O., Mis. No. 655 M., dated 28th March 1898, with additional allotment for his contingencies, to the increase of pay granted to the second assistant noted below and to a larger amount provided under 2 (i) (*b*) for payment of rent due for a building wherein two of the classes of the lower secondary department have now been located for want of sufficient accommodation in the school building. I have already informed Government in the administration report for 1897–98 that the thatched shed attached to the high school which accommodated certain classes was consumed by fire. The proposed extension of the building is put off till next year for want of funds. The entertainment for the full year of the drawingmaster and the payment for the full year of Rs. 80 to the headmaster who was allowed to draw only Rs. 70 for a few months of the current year with the raising of the salary of the second assistant and larger amount provided for high school contingencies contributed to the increase of Rs. 260 above the revised estimate. The Council has granted an increase of Rs. 5 to the pay (Rs. 30 to Rs. 35) of the second assistant master of the high school whose maximum salary has been fixed at Rs. 40.

14. *Grant 3, Sanitation and Medical Services.*—Adequate provision as directed in G.O., Mis. No. 1995 M., dated 28th November 1898, for plague charges in the current year is made in the revised estimate; and the extraordinary sum of Rs. 14,210 provided for the same purpose for the ensuing year as advised by the Collector of Madura in his Ref. on No. 1391—B. and G., dated 30th November 1898, swells the expenditure enormously under this head. With reference to G.O., Mis. No. 2162 M., dated 15th December 1898, the Council has resolved (copy of Resolution No. 3, dated 25th January 1899, enclosed) to establish a separate hospital independent of the present women's dispensary. The details of the establishment and other working expenses for eleven months are given in the resolution itself. The Taluk Board of Dindigul restricting itself to the same amount of contribution hitherto paid to Dr. Chester and the Municipal Council having to defray Rs. 1,300 for eleven months of the budget year over and above its normal charges in this connection, require some consideration at the hands

of Government in view of the Taluk Board being requested to supplement its grant to a more appreciable extent. Under 3 (*a*), the salary of the vaccinator's peon is raised from Rs. 5 to Rs. 6 in consideration of his double duty as a calf watchman and peon. Statement II-B furnishes details of other establishments under this head, from which it will be noted that a female compounder for the women's dispensary has been appointed on Rs. 12 per mensem.

15. *Grant 4, Lighting and Miscellaneous Municipal Purposes.* — A sum of Rs. 450 provided under 7 in the revised estimate for payment to the Revenue department for cost of survey stones of which the Council had no previous reference or intimation, coupled with the law charges under 9 (5), which are not recurring items, augmented the expenditure of the current year; hence the difference as per margin. Under 1 (*a*), it is proposed to increase the salary of the lighting superintendent from Rs. 10 to Rs. 12. The superintendent is a pensioned havildar and is, in my opinion, a deserving man. The lighting is managed departmentally.

16. *Grant 5.*—The increase of Rs. 30 above the budget estimate and the decrease of Rs. 20 below the revised estimate for 1898–99 are due, in the former case, to enhanced provision made for contributions for central office and audit establishments as per G.O., No. 2250 L., dated 25th November 1898, and in the latter, to the discontinuance of the temporary record-keeper who is expected to finish his work within the current year.

17. The usual provision for re-payment of loan and interest (Rs. 640 + Rupees 1,330) is made for the coming year. The budget estimate for 1898–99 includes the additional rate calculated on the loan of Rs. 11,250 since stopped by Government.

			Rs.
Budget estimate for	1898–99	..	2,800

18. Rs. 170 under advances recoverable, Rs. 50 under refunds, and Rs. 90 under gratuities, which are explained in column 7 of statement VI, are provided in the revised estimate.

19. The proposed charges for 1899–1900 amount to Rs. 49,540 against an expected income of Rs. 36,410 excluding balances. The expenditure is thus estimated to exceed the receipts by Rs. 13,130 or, deducting the opening balance, the net excess comes to Rs. 7,140.

20. It will thus be observed that the budget closes with a *minus* balance of Rs. 7,140. By allotting Rs. 14,210 for plague charges the balance of municipal funds is more than absorbed with the result of a deficit balance left. The Council wishes to reserve a sum of Rs. 2,500 as a working balance to meet unforeseen charges, and all that it can devote for the plague is the remaining balance, viz., Rs. 4,570, and solicit Government to meet from Provincial funds any further sum that may be required in this connection.

21. As the audit of the accounts for 1897–98 has not as yet been closed, the figures of the annual statements are given in column 6 of statements I and II.

Dis. No. 183-Rev. R.

Submitted.

2. The Chairman has addressed Government in a separate reference regarding the reduction of the pay of the water-works driver.

3. With reference to G.O., No. 1259, dated 28th December 1898, it will suffice to provide Rs. 7,000 under cholera and plague charges. The allotment of Rs. 14,210 under this head may be accordingly reduced. Instead of a deficit balance of Rupees 6,910 the Council will then have a surplus balance of Rs. 300.

MADURA,
7th February 1899.

(Signed) J. G. D. PARTRIDGE,
Acting Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 7th February 1899, No. 1493.

I have the honour to submit the following remarks on the educational portion of the budget estimate of the Dindigul Municipality for 1899–1900.

2. Under receipts, credit has been taken for a new grant on behalf of the first assistant and for increased grant on behalf of the second assistant of the Municipal High school. The funds at the disposal of this department will not permit of these grants being sanctioned and I suggest that they be omitted.

3. The proposed increase to the salary of the second assistant may stand over for the present.

4. With the modifications suggested above, the net expenditure under Grant 2 will be Rs. 3,300 (Rs. 6,230 — 2,930), which is less than 12 per cent. of the estimated income of the Municipality from taxation, rents and markets.

From J. A. JONES, Esq., M.I. C.E., F.R.S.E., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Madras, 9th February 1899, No. 163.

With reference to the budget estimate of the Municipality of Dindigul for 1899–1900, in as far as it relates to the maintenance of the water-supply, I have the honour to report that the proposals of the Municipal Council to modify the staff is not one that can be recommended in its entirety. The appointment of a plumber on Rupees 24 per mensem was provided in the Municipal budget for 1898–99, but he was not employed during the year as it was thought that the engine-driver and his coolies could look after the pipe and fountains, as they had not sufficient work at the pumping station. But I regret to say that the result of this arrangement, as revealed by the annual inspection made by the Assistant Sanitary Engineer in December last, has been very unsatisfactory. I consider that, if the fountains and other pipe fittings are to be kept in a state of proper efficiency the employment of a plumber is essential, and this is also what the Assistant Sanitary Engineer recommended in his inspection notes. If the salary of the plumber were fixed at Rs. 15 per month, a competent native could be obtained, and in that case the pay of the driver may well be reduced to Rs. 30. In other respects the alterations proposed may be approved. The "two fountain cleaners" is apparently a mistake for "two engine-room coolies."

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th February 1899, No. 192.

With reference to Grant 3 of the budget estimate of the Dindigul Municipality for the year 1899–1900, I have the honour to state that the pay provided for the female apothecary should be increased from Rs. 1,020 to Rs. 1,470 as she will complete seven years' service on the 30th June 1899 and be entitled to higher rate of pay with effect from that date.

2. The proposal of the Municipality to start a new hospital is very desirable.

Revised Estimate for 1898–99.

2. The current receipts and charges are now estimated at Rs. 34,120 and Rupees 35,730, respectively, against Rs. 32,490 and Rs. 56,660 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts, water and drainage tax on buildings and lands and income from markets and slaughter-houses, while the decrease in the charges appears mainly under Grant 1. The collections under the tax on buildings and the water and drainage tax during the first eight months of the year were very unsatisfactory. The report on the progress made in the realization of arrears, called for in paragraph 3 (2) of G.O., No. 1509 M., dated 25th August 1898, should be submitted without further delay. The sanction of Government should have been obtained for the entertainment of the temporary distraining inspector and the record-keeper, referred to in paragraphs 5 and 16 of the Chairman's letter. It is, however, now approved. With reference to G.O., No. 130, Financial, dated 21st January 1899, communicated with G.O., No. 273 L., dated 7th February 1899, the provision for epidemic charges will be reduced from Rs. 3,550 to Rs. 500. The balance to be carried forward to the ensuing year's budget will then be Rs. 9,030.

Budget Estimate for 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 36,410 against the revised estimate of Rs. 34,120, an increase under the taxes on buildings and lands, water and drainage tax and contributions from Local Boards being partly counterbalanced by a decrease under the tax on arts. The estimate under Provincial grants on account of Municipal schools will be reduced from Rs. 710 to Rs. 610 with reference to the Director's remarks in paragraph 2 of his letter read above.

4. *Charges.*—(1) The probable charges are put down at Rs. 49,540 against Rs. 32,680 in the revised estimate, the increase appearing mostly under Grant 3.

(2) *Grant 1.*—As recommended by the Sanitary Engineer in his letter read above, provision will be made for the entertainment of a plumber on Rs. 15, and the salary of the engine-driver will be reduced from Rs. 40 to Rs. 30. The abolition of the post of day watchman on Rs. 5 and the entertainment of a turncock on Rs. 6, proposed in paragraph 12 of the Chairman's letter, are sanctioned.

(3) *Grant 2.*—The proposed increase of Rs. 5 in the salary of the second assistant master of the Municipal High school will be disallowed, with reference to paragraph 3 of the Director's letter.

(4) *Grant 3.*—The remarks of the Sanitary Commissioner on this portion of the budget are awaited. As suggested by the Surgeon-General in his letter read above, the provision made for the salary of the female apothecary will be raised from Rs. 1,020 to Rs. 1,470. The Municipal Council's proposals to open a hospital of its own and to entertain for it the establishment shown in the proposition statement are sanctioned as is also the appointment of a female compounder on Rs. 12 for the women's and children's dispensary in lieu of the existing male compounder; but the proposed increase in the salary of the vaccinator's peon from Rs. 5 to Rs. 6 will be disallowed, as it does not appear to be necessary. The question of increasing the contribution made by the Dindigul Taluk Board towards the upkeep of the new hospital should be fully discussed with that body and the result reported to Government. The provision for epidemic charges will be reduced from Rs. 14,210 to Rs 5,000 with reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899.

(5) *Grants 4 & 5.*—The Municipal Council's proposal to increase the salary of the lighting superintendent cannot be approved, as the Government is not satisfied of its necessity. The entertainment of three temporary peons on Rs. 4-8-0 each for six months to assist the bill collectors, which from statement II-B appears to be contemplated, but to which reference should have been made in the Chairman's letter, is sanctioned. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the central office establishments will be reduced from Rs. 320 to Rs. 293 or Rs. 290 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 4,560 or 12·6 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From G. MENGEL, Esq., Chairman, Municipal Council, Dindigul, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and Collector of Madura), dated 28th January 1899, No. 332.

(1) Budget statements.
(2) Proposition statement.
(3) Copy of the Council's Resolution, No 1, dated 18th January 1899.
(4) ,, ,, ,, 1, ,, 25th ,, ,,
(5) ,, ,, ,, 3, ,, 25th ,, ,,

I have the honour to submit the revised estimate for 1898–99 and the budget estimate for 1899–1900 with the statements, &c., as per margin.

Revised Estimate for 1898–99.

Receipts.

2. The estimated receipts as now revised, including the opening balance of Rs. 7,590, amount to Rs. 41,710 against Rs. 62,240 in the original budget. If the sum of Rs. 22,500 which represents grant and loan from Government on account of extension of the water-works since abandoned (*vide* G.O., Mis. No. 587 M., dated 16th March 1898) and which is included in the opening balance of the original budget is omitted, the real difference between the revised and the original figures would be Rs. 1,970 which is due to the larger opening balance and to the expected enhanced receipts from taxes on arts and lands, the water-tax, avenue receipts, income from markets and slaughter-houses, Provincial grants and advances recoverable partially counterbalanced by short receipts under taxes on houses and carts and the warrant fees.

Charges.

3. The expenditure as per revised estimate aggregates Rs. 35,720 against Rs. 56,660, the budget estimate, which includes Rs. 22,500 alluded to in the preceding paragraph. Omitting this last amount, it will be seen that the proposed charges are, by Rs. 1,560, more than the estimate. The increased outlay for plague charges under Grant 3, for cost of survey stones and law charges under Grant 4, and under Advances recoverable, &c., partly set off by diminished charges under Grant 1, repayment of debt and Interest contribute to the above difference. These variations are fully explained in statement VI.

4. In consequence of the increase anticipated in the receipts, the year is expected to close with a balance of Rs. 5,990 against Rs. 5,580 in the sanctioned budget.

Budget Estimate for 1899–1900.

Receipts.

5. *Rates and Taxes, &c.*—The levy of tax on vacant house-sites at the maximum rate of As. 4 for every 80 square yards sanctioned in G.O., Mis. No. 1380 M., dated 4th August 1898, and the consequent increase in water-tax on such lands chiefly augmented the receipts over and above those of the budget and revised estimates for 1898–99. The other items call for no special comment. The report called for in paragraph 3 (2) of G.O., No. 1509 M., dated 25th August 1898, will be submitted on the 1st March 1899. Now that the Council has sanctioned on the 23rd instant the appointment of a temporary distraining inspector for the prompt realization of the outstanding arrears, I should give him a month's trial so as to enable me to furnish Government with a detailed report on the subject.

7. *Revenue derived from Municipal Property and Powers apart from Taxation.*—The increase of Rs. 200 above the budget estimate of the current year is mainly due to enhanced income from markets and slaughter-houses owing to the extraordinarily keen competition at the annual sales. The anticipated smaller income from avenue receipts, as most of the saleable trees have been disposed of in the current year, from markets wherein the same amount of competition is not expected for next year, and from warrant fees, has diminished the revenue under this head by Rs. 210 below the revised estimate.

8. *Grants and Contributions.*—The extraordinary increase as per margin over the budget and the revised estimate of the current year represents a contribution of Rs. 1,620 out of Rs. 1,850 (Rs. 230 on account of establishment for March 1899 and of medicines for the last quarter of 1898–99 will be payable to Dr. Chester in April 1899) from the Taluk Board of Dindigul towards the establishment of a separate hospital of which a report has been called for in G.O., Mis. No. 2162 M., dated 15th December 1898. This matter is dealt with in further details in paragraph 14 *infra*; and the balance is for the salary grant of the first assistant master of the high school who is now a qualified teacher and for somewhat an increased grant on account of the second assistant whose salary has been raised from Rs. 30 to 35. Under 5 (*a*) (i) Other Purposes, a sum of Rs. 140 has been provided against Rs. 50 for 1898–99. This increase is the half grant due on account of the drawingmaster attached to the high school who will be made a common drawingmaster next year on Rs. 16 per mensem.

9. *Miscellaneous.*—The extension of the private scavenging service and the anticipated recovery of court costs incurred in previous years have increased the receipts by Rs. 150 and Rs. 100 above the budget and the revised estimates, respectively.

10. *Extraordinary and Debt.*—Advances made during 1897–98 on account of water-works experiments and certain law suits have been adjusted in the current year. The provision made for the next year is the advance of salary paid during the current year to the female apothecary under certain conditions to be recovered by monthly instalments.

11. The estimated total receipts, including the opening balance, thus aggregate Rs. 42,400 against Rs. 41,710 of the revised estimate for the current year. Excess and short receipts under the various heads being counterbalanced, the net increase of Rs. 690 exhibits the contribution from the Taluk Board for the first time on account of the separate hospital.

Charges.

12. *Grant 1, Public Works.*—The allotments under this head have fallen short of the budget estimate for the current year by Rs. 630 excluding the sum of Rupees 22,500 provided under new works, water supply, since given up. This is due to smaller provision made under repairs to drains and water-supply establishment and contingencies; they have exceeded the revised estimate by Rs. 760 due chiefly to larger provision made under repairs, communications and water-supply contingencies. The works proposed to be undertaken in the budget year are enumerated in statement II-A. Under 2 (*d*) (ii), the Council has resolved to reduce the pay of the water-works driver from Rs. 40 to Rs. 35 and employ another man who will be able to do the duties of a driver and a mechanic including plumber's work, and to do away with the day watchman on Rs. 5 and to appoint a turncock on Rs. 6. The latter is in accordance with the suggestions contained in the inspection notes of the Assistant Sanitary Engineer who recommended the re-appointment of the plumber on Rs. 24 but not approved of by the Council. The staff as now revised by the Council is adopted for the budget.

	Rs.

Revised ,, ,, ..	9,040
Budget ,, 1899–1900 ..	9,800

13. *Grant 2, Education.*—The increase of Rs. 330 over the budget estimate for the current year is due to the entertainment of a common drawingmaster who has been granted his annual increment of Re. 1 as promised in G.O., Mis. No. 655 M., dated 28th March 1898, with additional allotment for his contingencies, to the increase of pay granted to the second assistant noted below and to a larger amount provided under 2 (i) (*b*) for payment of rent due for a building wherein two of the classes of the lower secondary department have now been located for want of sufficient accommodation in the school building. I have already informed Government in the administration report for 1897–98 that the thatched shed attached to the high school which accommodated certain classes was consumed by fire. The proposed extension of the building is put off till next year for want of funds. The entertainment for the full year of the drawingmaster and the payment for the full year of Rs. 80 to the headmaster who was allowed to draw only Rs. 70 for a few months of the current year with the raising of the salary of the second assistant and larger amount provided for high school contingencies contributed to the increase of Rs. 260 beyond the revised estimate. The Council has granted an increase of Rs. 5 to the pay (Rs. 30 to Rs. 35) of the second assistant master of the high school whose maximum salary has been fixed at Rs. 40.

14. *Grant 3, Sanitation and Medical Services.*—Adequate provision as directed in G.O., Mis. No. 1995 M., dated 28th November 1898, for plague charges in the current year is made in the revised estimate; and the extraordinary sum of Rs. 14,210 provided for the same purpose for the ensuing year as advised by the Collector of Madura in his Ref. on No. 1391—B. and G., dated 30th November 1898, swells the expenditure enormously under this head. With reference to G.O., Mis. No. 2162 M., dated 15th December 1898, the Council has resolved (copy of Resolution No. 3, dated 25th January 1899, enclosed) to establish a separate hospital independent of the present women's dispensary. The details of the establishment and other working expenses for eleven months are given in the resolution itself. The Taluk Board of Dindigul restricting itself to the same amount of contribution hitherto paid to Dr. Chester and the Municipal Council having to defray Rs. 1,300 for eleven months of the budget year over and above its normal charges in this connection, require some consideration at the hands

of Government in view of the Taluk Board being requested to supplement its grant to a more appreciable extent. Under 3 (*a*), the salary of the vaccinator's peon is raised from Rs. 5 to Rs. 6 in consideration of his double duty as a calf watchman and peon. Statement II-B furnishes details of other establishments under this head, from which it will be noted that a female compounder for the women's dispensary has been appointed on Rs. 12 per mensem.

15. *Grant 4, Lighting and Miscellaneous Municipal Purposes.* — A sum of Rs. 450 provided under 7 in the revised estimate for payment to the Revenue department for cost of survey stones of which the Council had no previous reference or intimation, coupled with the law charges under 9 (5), which are not recurring items, augmented the expenditure of the current year; hence the difference as per margin. Under 1 (*a*), it is proposed to increase the salary of the lighting superintendent from Rs. 10 to Rs. 12. The superintendent is a pensioned havildar and is, in my opinion, a deserving man. The lighting is managed departmentally.

Budget " 1899–1900 ..	2,100

16. *Grant 5.*—The increase of Rs. 30 above the budget estimate and the decrease of Rs. 20 below the revised estimate for 1898–99 are due, in the former case, to enhanced provision made for contributions for central office and audit establishments as per G.O., No. 2250 L., dated 25th November 1898. and in the latter, to the discontinuance of the temporary record-keeper who is expected to finish his work within the current year.

17. The usual provision for re-payment of loan and interest (Rs. 640 + Rupees 1,330) is made for the coming year. The budget estimate for 1898–99 includes the additional rate calculated on the loan of Rs. 11,250 since stopped by Government.

	Rs.
Budget estimate for 1898–99	2,800
Revised " " ..	1,960
Budget " 1899–1900 ..	1,970

18. Rs. 170 under advances recoverable, Rs. 50 under refunds, and Rs. 90 under gratuities, which are explained in column 7 of statement VI, are provided in the revised estimate.

19. The proposed charges for 1899–1900 amount to Rs. 49,540 against an expected income of Rs. 36,410 excluding balances. The expenditure is thus estimated to exceed the receipts by Rs. 13,130 or, deducting the opening balance, the net excess comes to Rs. 7,140.

20. It will thus be observed that the budget closes with a *minus* balance of Rs. 7,140. By allotting Rs. 14,210 for plague charges the balance of municipal funds are more than absorbed with the result of a deficit balance left. The Council wishes to reserve a sum of Rs. 2,500 as a working balance to meet unforeseen charges, and all that it can devote for the plague is the remaining balance, viz., Rs. 4,570, and solicit Government to meet from Provincial funds any further sum that may be required in this connection.

21. As the audit of the accounts for 1897–98 has not as yet been closed, the figures of the annual statements are given in column 6 of statements I and II.

Dis. No. 183-Rev. R.

Submitted.

2. The Chairman has addressed Government in a separate reference regarding the reduction of the pay of the water-works driver.

3. With reference to G.O., No. 1259, dated 28th December 1898, it will suffice to provide Rs. 7,000 under cholera and plague charges. The allotment of Rs. 14,210 under this head may be accordingly reduced. Instead of a deficit balance of Rupees 6,910 the Council will then have a surplus balance of Rs. 300.

MADURA,
7th February 1899.

Acting Collector.

REVISED ESTIMATE FOR 1898-99.

2. The current receipts and charges are now estimated at Rs.34,120 and Rs.35,730 respectively, against Rs.32,490 and Rs.56,000 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts, water and drainage tax on buildings and lands and income from markets and slaughter houses, while the decrease in the charges appears mainly under Grant 1. The collections under the tax on buildings and the water and drainage tax during the first eight months of the year were very unsatisfactory. The report on the progress made in the realization of arrears, called for in para.3 (2) of G.O. No.1509 M., dated 25th August 1898, should be submitted without further delay. The sanction of Government should have been obtained for the entertainment of the temporary distraining inspector and the record-keeper, referred to in paras. 5 and 16 of the Chairman's letter. It is, however, now approved. With reference to G.O. No.130, Financial, dated 21st January 1899, communicated with G.O. No. 273 L., dated 7th February 1899, the provision for epidemic charges will be reduced from Rs.3,550 to Rs.500. The balance to be carried forward to the ensuing year's budget will then be Rs.9,030.

BUDGET ESTIMATE FOR 1899-1900.

3. RECEIPTS. The receipts for the

the ensuing year are placed at Rs.36,410 against the revised estimate of Rs.34,120, an increase under the taxes on buildings and lands, water and drainage tax and contributions from Local Boards being partly counterbalanced by a decrease under the tax on arts. The estimate under Provincial Grants on account of Municipal schools will be reduced from Rs.710 to Rs.610 with reference to the Director's remarks in para.2 of his letter read above.

4. CHARGES (1). The probable charges are put down at Rs.49,540 against Rs.32,680 in the revised estimate, the increase appearing mostly under Grant 3.

(2) GRANT 1. As recommended by the Sanitary Engineer in his letter read above, provision will be made for the entertainment of a plumber on Rs.15, and the salary of the Engine-driver will be reduced from Rs.40 to Rs.30. The abolition of the post of day watchman on Rs.5 and the entertainment of a turncock on Rs.6, proposed in para.12 of the Chairman's letter, are sanctioned.

(3) GRANT 2. The proposed increase of Rs.5 in the salary of the second Assistant Master of the Municipal High School will be disallowed, with reference to para.3 of the Director's letter.

(4) GRANT 3. The remarks of the ~~Surgeon General and the~~ Sanitary Commissioner on this portion of the budget are awaited. ~~Meanwhile~~, the appointment of a female compounder on Rs.12 for the women's and children's dispensary in lieu of the existing male compounder, ~~is sanctioned;~~ but the proposed increase in the salary of the Vaccinator's peon from Rs.5 to Rs.6 will be disallowed, as it does not appear to be necessary. The provision for epidemic charges will be reduced from Rs.14210 to Rs.5,000 with reference to G.O. No.1259 Financial, dated 28th December 1898, communicated with G.O. No.44 L., dated 11th January 1899.

(5) GRANTS 4 & 5. The Municipal Council's proposal to increase the salary of the Lighting Superintendent cannot be approved, as the Government is not satisfied of its necessity. The entertainment of three temporary peons on Rs.4-8-0 each for six months to assist the bill-collectors, which from Statement II.B appears to be contemplated, but to which reference should have been made in the Chairman's letter, is sanctioned. With reference to G.O. No.2250 L., dated 25th November 1898, the contribution for the Central Office Establishments will be reduced from Rs.320 to Rs.293 or Rs.290 in round figures.

5. As revised by Government, the budget closes with a balance of Rs.4,560 or 12.6 per cent of the estimated receipts.
