FURTHER PAPERS.

G.O.	No.	Department.	Date.

Weekly Report of Plague in the Mysore State (excluding the Civil and Military Station) for the week ending 3rd. February, 1899.

BANGALORE CITY.

I. The following are the figures in the City up to date:—

	Plague cases.	Plague deaths.	Deaths from all causes.	Normal recorded mortality the same period.
From 12th August to 6th January 1899				
Week ending 13th January 1899 ..	9,289	2,615	6,810	516
Do. 20th January 1899 ..	8	18	62	23
Do. 27th January 1899 ..	7	6	27	23
Do. 3rd February 1899 ..	14	8	55	23
	6	7	39	23

As was expected the increase of the past week in plague cases did not continue and the figure of the week under report are the lowest recorded since plague began to decline. For the last two days the City reported no plague attacks and no deaths with 5 and 6 deaths from other causes, all certified. The return of the people to City is still reported to continue.

II. The figures for the Health and Segregation Camps were as follows:—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.
Health Camp	504	70	117		457.
Segregation Camp..	32	5	30		7.

III. During the week there were 827 first and 9 second inoculations, bringing the totals to 29,339 and 1,342 respectively. 4 inoculated persons were attacked during the week, making 228 since the outset, of which 153 have been verified.

IV. The Hospital figures were as follows:—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week	9	1	6	2	2.
Since the commencement...	2,091	737	1,352	2.	
Inoculates	104	63	40	1.	

V. During the week 361 houses were disinfected.

VI. During the week permission was given to re-occupy 269 houses; no charge was levied for disinfecting 76 houses; 15 were disinfected by the owners themselves and the fees levied on the remaining 178 amounted to Rs. 341. 24 houses were demolished as being unfit for human habitation. The number demolished from the commencement up to 27th January is 326.

VII. During the fortnight from the 16th to 31st January, 1,843, or a daily average of 115.19 persons and their effects were disinfected at the Bangalore City Railway Station.

VIII. The construction of the Basavannagudi Extension intended for the relief of congested areas of the City continued to make good progress during the week, the total cost of works carried out thereon up to date being Rs. 21,351.

MYSORE STATE OUTSIDE BANGALORE.

The accompanying weekly return shows the progress of the epidemic in the Province.

Exclusive of the Mysore City, there was a slight decrease in the plague in Mysore District while in Bangalore District, though the actual figures show a very slight decrease, the plague is reported to be distinctly on the decline except in the Nelamangala Taluk Kusba where there was a marked increase.

In the Tumkur Town as well as in the District of Tumkur there was a slight increase. The villagers of this District show great readiness to evacuate their villages and willingness to be inoculated, as also a full appreciation of the danger of infection. In several instances villagers have clubbed together and raised subscriptions to pay their own watchmen to guard against arrivals from an infected area and have bound themselves under a fixed penalty not to admit any arrival from an infected area into their houses. A similar spirit of watchfulness is reported from Chitaldroog, Kadur, Hassan and Shimoga Districts in which no indigenous plague cases have as yet occurred. In the first named district the villagers voluntarily send even their own relatives if they come from an infected area into Health Camps.

IX. In the Mysore City the figures were as follows:—

	Plague cases.	Deaths.	Total mortality.
Week ending 13th January....	116	93	254
Week ending 20th January....	178	127	261
Week ending 27th January....	276	208	274
Week ending 3rd February....	294	220	288

The disease, as was expected, continues to spread in the Mysore City, but not with the same rapidity as it did in Bangalore. The ordinary business of the City still continues uninterrupted and no signs of panic are yet manifested. The people are however leaving the City in somewhat larger numbers than at first, and it is reported that up to the end of the week under review about 6,300 persons, *viz.*, 4,825 with and 1,471 without, passes have left the City.

R. B. PLUMER,

For Plague Commissioner in Mysore.

1
enc 3808489

Statement showing Plague Cases and Deaths (imported as well as indigenous) in the Mysore Province reported in daily returns to the Plague Commissioner from 12th August 1898 to week ending Friday, the 3rd February 1899.
