Copy of letter No. 1113 to from the St Traffic
22.1.99
Superintendent Madras Railway Company Fort
to the Collector of Bellary

With reference to the proceedings of the Plague Com.
No 16/2 of the 5th instant, I have the honour to enclose a
list of the staff who should be exempted from plague
examination under the terms of those proceedings.

All the men included in the list are continually
on the move and liable to change residence at any
moment.

Each man must be examined by a Company's
Apothecary if he absents himself from duty and a
report is immediately made to this office as to the
cause of sickness, therefore there is no risk whatever
of any of the employees named escaping detection,
should they have the misfortune to contract
plague. As a rule there is no necessity for the men
to leave railway premises when away from head
quarters.

I have included guards in the list but probably
you may think it sufficient to issue an order
to the persons conducting examinations in your district
that such men are exempted from receiving passports.

The Relieving Station masters, Prob. Assistant
Station masters, Needle clerks, Relieving Shunting
masters, Relieving Butlers, Relieving Pointsmen
the various Inspectors and the Detective are visiting

stations between Atkonam and Naichur and have to proceed according to circumstances at a very short notice.
