Municipal Budget.

Reviewing the Anantapur — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. P. ADIMURTHI RAO Garu, Chairman Delegate, Municipal Council, Anantapur, to the Secretary to Government, Local and Municipal Department (through the Collector of Anantapur), dated 26th December 1898, Ref. on C. No. 565.

I have the honour to submit herewith the budget estimate of the Anantapur Municipality for the ensuing official year 1899-1900. The headings of the statements are revised with reference to G.O., No. 2149 L., dated 8th November 1898.

Revised Estimate.

2. Including the opening balance of Rs. 2,590, the total receipts amount to Rs. 17,860 against Rs. 22,950 of the sanctioned budget.

3. The charges are estimated at Rs. 18,110 against Rs. 21,000 as originally allotted. The year is therefore expected to close with a minus balance of Rs. 250. Remarkable variations between the sanctioned budget and the revised estimate are explained in the remark column of the latter.

Budget Estimate for 1899-1900.

4. The income during the ensuing year, inclusive of the opening minus balance of Rs. 250, is estimated at Rs. 19,720 against Rs. 22,950 and Rs. 17,860, the amounts of the original budget and the revised estimate of the current year, respectively.

5. The items which vary largely from the revised estimate are explained below:—

6. *Tax on Buildings and Lands.*—The expected receipts under the former head, as per budget, have been reduced in the revised estimate by Rs. 90, on account of remissions and writes-off allowed. Last year's figure of Rs. 3,500 has, however, been repeated. Since the yield of the current year which forms the basis of the ensuing year's taxation is not satisfactory, a reduction of income of Rs. 100 under the latter head has been expected.

7. *Rent of Buildings.*—In the current year the right of occupancy of the meat market stalls (eight in number) was sold by public auction to the highest bidder of each stall. This arrangement resulted, owing to very keen competition amongst the butchers to occupy the most prominent stalls, in the increase of the rent from Rs. 30 to Rs. 80. As it is said that the renters have suffered a great loss this year, a similar competition cannot be expected next year. Hence the usual rent of Rs. 30 is inserted in the budget.

8. *Avenue Receipts.*—The usual budget amount of Rs. 30 is repeated for the ensuing year. This year's increase is due chiefly to plenty of usufruct borne by the avenue trees.

9. *Conservancy Receipts.*—Owing to late and scanty rains this year, there has not been the usual pressing demand for manure and consequently only a portion of the accumulated sweepings was sold. For the ensuing year, when a better state of affairs may prevail, the usual amount of Rs. 400 is repeated.

10. *Cart-stand fees.*—Owing to reckless competition at the auction sales, the right to collect the cart-stand fees was obtained on lease for Rs. 70. To provide for a contingency towards a fall off for the ensuing year, a moderate sum of Rs. 50 is provided.

11. *Fines under Municipal and other Acts.*—The amount of Rs. 30 under this head in the current year's sanctioned budget was based on the actuals of the preceding year. But this year, owing to the rigorous prosecutions of owners of filthy premises and the magistrates' imposing exemplary punishments in the way of heavy fines necessitated by plague scare, the realizations under this head have risen to Rs. 150. As the deterrent punishments thus inflicted are calculated to check the recurrence of the offences under the conservancy provisions, such prosecutions can rightly be expected to be much less next year and with it the amount under fines.

12. *Medical Contributions from Local Boards.*—The amount shown under this head is approximately half of the expenditure necessary for the maintenance of the Municipal hospital and payable by the District Board as contribution. As a decrease in expenditure on account of medicines, &c., is expected in the ensuing year owing to the tendency of people not to resort to the hospital for medical help freely, influenced by plague scare, proportionately the amount of contribution has been reduced.

13. *Other Contributions from Local Boards.*—The amount of Rs. 2,500 shown under this head year after year is the contribution which the District Board would pay towards the erection of a new Municipal hospital. The matter being still under consideration, the item is as usual eliminated from the revised estimate and repeated in the ensuing year's budget.

14. *Miscellaneous—Other purposes.*—Rs. 10 in the current year shown under this head is the amount realized from the owners of premises where dramatic performances were given as fees for the purpose of disinfecting the places. As the discomfort caused by these is very great, with all the precautions taken, these are discouraged by refusal of permission and hence no income is expected for the ensuing year.

15. *Sale-proceeds of Government Securities.*—The remarks made in paragraph 13 *supra* apply here also, so far as the omission of it from the revised estimate and repetition in the ensuing year's budget are concerned.

Charges.

16. The charges for the ensuing year are estimated at Rs. 23,490 against the current year's revised estimate of Rs. 18,110 and the budget estimate of Rs. 21,000. The charges are in excess of the receipts by Rs. 3,770 (chiefly owing to a very large provision of Rs. 4,000 set apart under epidemic charges), notwithstanding the large curtailment of expenditure under various items, which the Council deemed unnecessary and not imperative.

17. *New Buildings.*—The provision of Rs. 5,000 under this head, intended for the exection of a new Municipal hospital, not being utilized as the subject is still under correspondence, it has been omitted in the revised estimate and repeated in the ensuing year's budget.

18. *Repairs to Communications and Buildings.*—The budget provision of Rs. 750 under communications and of Rs. 800 under buildings were curtailed under the orders of Government contained in its Proceedings, Mis. No. 2077 M., dated 6th December 1898, to find possible funds towards raising the allotment under epidemic charges. For the same reason the allotments under these heads for the ensuing year also are reduced, retaining only such amount as is just sufficient to meet sundry repairs.

19. *Establishment.*—The allowance now paid to the sanitary inspector for supervising public works is proposed to be withdrawn next year when no large works will be undertaken, and those that may have to be executed will be only slight repairs which can be supervised by any subordinate without any additional labour; the payment of a special allowance on that account is therefore not necessary.

20. *Municipal Schools and Salary System Establishment.*—The allotment under this head for the ensuing year is in excess of that for the current year by Rs. 250, owing to the following increases proposed by the Council :—

	Rs.
(*a*) Increase of Rs. 10 in the pay of the first Assistant of the Municipal High School from 1st April 1899	110
(*b*) Increment of Rs. 2 to the fourth Assistant of the Municipal High School from 1st April 1899	22
(*c*) Increment of Re. 1 to the Gymnasium Instructor of the Municipal High School from 1st April 1899	11
(*d*) Pay of a clerk for the Municipal High School from 1st April 1899 at Rs. 10 per mensem	110
	253

(*a*) In 1894, when the scale of establishment of the Municipal High school was revised conformably to the then crippled state of Municipal finances, the pay of the first assistant was reduced from Rs. 60 to Rs. 50, allowing increment up to Rs. 70. The present first assistant teacher, W. Krishnaswamy Aiyar, is the only one who, affected as he is by the revised scale of establishment, has not had any increment till now. He was trained as a Matriculate, and since, he passed the First in Arts Examination and two branches of the B.A. Examination. He has now to qualify himself for the second collegiate grade. The Director has been pleased in his Proceedings, No. 2715, dated 13th March 1897, to exempt him from undergoing training. The receipts from the specially sanctioned half grants on behalf of the teachers of both the upper and lower secondary departments and from school-fees are more than sufficient to meet the charges incurred for the school. He is a willing teacher and does his work zealously and satisfactorily. In consideration of the above circumstances, the Council proposes to give him an increment of Rs. 10 from 1st April 1899 with the hope that the Government will be pleased to extend their half grant on this increment also.

(*b*) In the revised scale of establishment referred to above the pay of the fourth assistant was also reduced from Rs. 30 to Rs. 25. Upon a representation made in his favour in the budget report for the year 1896–97, the Government has been pleased to sanction him an yearly increment of Re. 1. He is now drawing Rs. 28 and next year he should get Rs. 29. But seeing that he has been doing his work satisfactorily, and that already he has suffered, on account of the reduction, a great deal in these hard times, the Council proposed to allow the full pay of Rs. 30 provided therefor.

(*c*) The gymnastic instructor's pay was graded in the revised scale of the school establishment Rs. 10 to Rs. 15 and Government has been pleased to order that he should get an increment of Re. 1 every year. He now draws Rs. 13 and next year he should get Rs. 14, for which the provision is intended.

(*d*) Sanction was accorded in G.O., Mis. No. 1308 M., dated 21st July 1898, for the entertainment of a trained Telugu Matriculate for the school on Rs. 25 per mensem to teach the 1st Form of the Municipal High school and look after the clerical work of the institution. The appointment could not be created for want of funds, as the major portion of the same had to be reserved under epidemic charges. The head-master now reports that he could manage the 1st Form with the present staff, provided he is relieved of the clerical and the collection business, and that he cannot manage without a clerk. The Council proposes to allow a clerk on Rs. 10 to the school from the next official year. Hence the provision of Rs. 110 is made under this head.

21. *Contingencies.*—The current year's budget provision of Rs. 600 is repeated for the ensuing year. This is considered sufficient. In the current year, the allotment was exceeded chiefly as cricket and foot-ball materials were supplied to the school as strongly advised by the Director of Public Instruction in June last when he inspected the school. It is partly due also to the prize distribution of the school on the occasion of his rare visit.

22. Other items appearing under "education" for the ensuing year are slightly more or less the same as for the current year and do not call for any remarks.

23. *Hospitals and Dispensaries Establishment.*—The allotment in the current year's revised estimate under this head shows a falling off below the budget estimate by Rs. 110, due to the entertainment of a trained nurse for the hospital on Rs. 15 per mensem from October 1898 instead of from April 1898, as originally expected. The allotment for the ensuing year is in excess of the current year's budget estimate by Rs. 20, provision being made to give the hospital compounder the 1st septennial increment from October 1899.

24. *Medicines and Supplies.*—The allotment under this head has been curtailed as no surgical instruments are required and only medicines have to be obtained next year.

25. *Sundries and Contingencies.*—To make allowance for wear and tear of bedding and clothing already supplied, the allotment under this head for the ensuing year is expected to exceed that revised for the current year by Rs. 60.

26. *Contributions to Local Boards.*—The item under this head represents a moiety payable to the District Board out of the receipts from sale of medicines and other hospital receipts. It is reduced for the ensuing year in proportion to the falling off in the receipts.

27. *Vaccination Establishment.*—The arrangement of the vaccinator attached to the local vaccine depot of the District Board performing vaccination work in the municipality without extra remuneration continuing in the current year also, the provision of Rs. 180 made in the original budget for his pay has been omitted in the revised estimate, but repeated for the ensuing year as it is doubtful if the same arrangement will continue.

28. *Contingencies.*—The usual provision of Rs. 50 made in the original budget had to be exceeded this year by Rs. 20 owing to payment of arrear bills for vaccine lymph supplied from the Local Fund depot. The former amount is repeated for the ensuing year.

29. *Conservancy Establishment.*—The difference between the budget and the revised estimates has been explained in statement VI. The provision for permanent establishment, as at present existing, amounts to Rs. 1,800, but that for the ensuing year shows an increase of Rs. 110 over it, due to the proposed increment of Rs. 10 in the pay of the sanitary inspector. He has been in employ in this municipality for nearly 12 years, during which his work has been found satisfactory by all the Chairmen. He underwent training last year and passed the Hygiene test. The minimum pay and allowance of a trained sanitary inspector according to the orders on the subject being Rs. 35, the Council has resolved to raise his pay at present to that amount, as an incentive to good and useful work, which alone can keep the threatening plague at bay. It is not out of place to bring here to the notice of Government that especially at this time when the demand for sanitary inspectors is ever on the increase and persons who acquire but a smattering knowledge of their professional work are paid 70's and 80's, the proposed increment to the sanitary inspector is only reasonable and quite deserving.

30. *Conservancy other Charges.*—In the current year an iron lorry cart was purchased for the removal of night-soil. There are at present four sanitary carts on Rs. 12 each per mensem. Of these, three are used for removing sweepings and one for removing night-soil. The bulls attached to these carts are too weak for traction for the lorry cart. It has been therefore proposed by the Council to dispense with one of the four carts already in service and hire instead a pair of stronger and bigger bulls and in this view the hire is raised for one cart from Rs. 12 to Rs. 15 per mensem, which accounts for the increase of Rs. 40 under this head over the usual provision of Rs. 580.

31. *Contingencies.*—The current year's budget allotment was exceeded as per revised estimate, owing to the purchase of a lorry cart and half-a-dozen dust-bins. No such things are required for the ensuing year and as the only items falling under this head will be ordinary recurring contingencies for which provision of Rs. 150 has been made.

32. *Public Garden Establishment.*—The public park has now become quite a barren plain. The retention of it as a garden requires an enormous outlay, which the Council is quite unable to afford. It will, therefore, be completely abandoned from April 1899, and this does away with the necessity for a servant for the park. Hence no provision is made under this head.

33. *Purchase of account-books, &c.*—As a large number of books and account forms will be required next year, when no surplus of old supply will be left, the provision is raised from Rs. 30 to Rs. 80.

34. *Toll Contingencies.*—This year, the expenditure on printing toll tickets has been small, as there remained for use a good stock of the old supply. As the stock ought to be got anew next year, a larger amount is necessary and this accounts for the increased provision of Rs. 150.

35. *Office contingencies other than* (*b* ii).—Besides the manager there is but one clerk attached to this office. Owing to the introduction of several new account forms, the work of the office has become heavier still, overworking the office staff. To add to this, it has been found necessary of late that the clerk should, to ensure accuracy, write out bill-books himself instead of getting them prepared by irresponsible outsiders, as has been the practice from the beginning. The practice elsewhere is to pay 3 pies per every bill prepared in triplicate and the amount thus calculated will come up in this municipality to about Rs. 60 per annum, for payment of which the clerk has put in his representations to the Council. The Council was of opinion that his pay may be increased to Rs. 18, but on a question of technicality as to the regular head of charge, it was resolved that he may be paid a remuneration under "contingencies" and a provision has accordingly been made. This accounts for the excess provision of Rs. 30.

36. A copy of the Council's resolution passing the budget is also submitted herewith.

37. I regret the delay in the submission of this report. With all possible haste, it could not be submitted earlier, as the manager had to attend all day to audit work.

Dis. No. 270 C.

Submitted.

2. The budget opens with a minus balance of Rs. 250.

3. There is no marked improvement in the roads of the Municipality after the receipt of G.O., No. 1302 M., dated 20th July 1898, and yet Government considered it necessary to reduce the budget grant under repairs to communications and buildings as stated in paragraph 18 of the report, to find possible funds required for epidemic charges (*vide* paragraph 16 of this report). In the circumstances, I consider that the proposed increase of pay to the teachers of the High school (paragraph 20) and the entertainment of a clerk on Rs. 10 as well as the excess of office contingencies provided in paragraph 35, may be put off till the next year.

4. The existence of plague in the district may also affect the strength of the school considerably, when teachers will have little work.

5. Clause (2) of paragraph 4 of the Government Order quoted above does not speak well of the efficiency of teachers in the school, and the recent results of the Lower Secondary Examination are also bad.

Anantapur,
10*th February* 1899.

(Signed) B. MACLEOD,
Collector.

From Surgeon-General C. SIBTHORPE, c.b., f.r.c.p.i., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 21st February 1899, No. 180.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anantapur Municipality for the year 1899–1900 is sufficient.

2. The provision made for the construction of a new hospital is very necessary.

From the Hon'ble Mr. D. DUNCAN, m.a., D.Sc., ll.d., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 22nd February 1899, No. 2119.

Referring to the budget estimate of the Anantapur Municipality for 1899–1900, I have the honour to state that the provision made therein for education may be accepted. The net expenditure proposed is Rs. 360 (Rs. 5,270 – 4,910), which is about 5 per cent. of the estimated income of the Municipality from taxation, markets and rents.

From Lieutenant-Colonel W. G. KING, m.b., c.m., d.p.h., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 9th March 1899, No. 809-S.

With reference to the Anantapur Municipal budget for 1899–1900, I have the honour to state that the proposed expenditure on conservancy is 35 per cent. of the estimated receipts, including the sum of Rs. 4,000 set apart for plague. Excluding this item, the proportion falls to only 14·9 per cent. The increase of salary proposed to be given to the certificated sanitary inspector has my support.

Order—No. 344 M., dated 11th March 1899.

REVISED ESTIMATE FOR 1898–99.

2. The current receipts and charges are now estimated at Rs. 15,240 and Rs. 18,110, respectively, against Rs. 20,840 and Rs. 20,750 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under the tax on arts, sale of sweepings, contribution from Local Boards and [illegible] under charges, the decrease which appears mainly under Grant 1 is partly receipt of G.O., No. 1302 M., dated 20th July 1898 [illegible] sale of Government securities, necessary to reduce the budget grant under [illegible] counterbalanced by [illegible] under Grants 2, 3 and 5. The collections under the while under [illegible] tax on lands during the first eight months of the year were not satisfactory. The abolition of the post of assistant teacher of the Municipal high school on Rs. 25, referred to in paragraph 20 (*d*) of the Chairman's letter, is approved; but this should have been shown in the proposition statement. With reference to G.O., No. 130, Financial, dated 21st January 1899, communicated with G.O., No. 273 L., dated 7th February 1899, the provision for plague charges will be reduced from Rs. 3,100 to Rs. 1,600. The balance to be carried forward to the ensuing year's budget will then be Rs. 1,220.

BUDGET ESTIMATE FOR 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 19,950 against Rs. 15,240 in the revised estimate, the increase being chiefly under sale of sweepings, contributions from Local Boards and sale of Government securities. Credit will be taken for a loan of Rs. 3,000 from Imperial funds in order to enable the Municipal Council to make sufficient provision for plague charges.

4. *Charges.*—(1) The probable charges are entered as Rs. 23,390 against the revised estimate of Rs. 16,610, the increase being mainly under Grants 1 and 3.

(2) *Grant 1.*—The allotment for the maintenance of roads will be raised to Rs. 590 so as to represent 50 per cent. of the net Municipal income from tolls. The

Municipal Council's proposal to discontinue the allowance of Rs. 5 paid to the sanitary inspector for the supervision of public works, referred to in paragraph 19 of the Chairman's letter, is approved.

(3) *Grant 2.*—The increases in the salaries of the first and fourth assistant masters and the gymnastic instructor of the Municipal high school and the entertainment of a clerk on Rs. 10 for this school, proposed in paragraph 20, will be disallowed with reference to the remarks of the Collector in paragraph 3 of his endorsement.

(4) *Grant 3.*—The proposed increase of Rs. 10 in the pay of the Sanitary Inspector referred to in paragraph 29 of the Chairman's letter is sanctioned. With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the provision for plague charges will be raised from Rs. 4,000 to Rs. 4,110.

(5) *Grants 4 and 5.*—The abolition of the post of gardener on Rs. 5, proposed in paragraph 32, is approved. For want of funds, the proposal to grant an allowance of Rs. 30 per annum to the clerk of the Municipal office for preparing the bill books referred to in paragraph 35 cannot be sanctioned. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the Central office establishments will be raised from Rs. 120 to Rs. 140.

5. As revised by Government, the budget closes with a balance of Rs. 590 or only 3·9 per cent. of the ordinary receipts. This should be increased by effecting economies wherever possible in the course of the year.

6. If the loan of Rs. 3,000 from Imperial funds taken credit for in paragraph 3 *supra* be not sanctioned by the Government of India, the budget will have to be re-cast.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. P. ADIMURTHI RAO Garu, Chairman Delegate, Municipal Council, Anantapur, to the Secretary to Government, Local and Municipal Department (through the Collector of Anantapur), dated 26th December 1898, Ref. on C. No. 565.

I have the honour to submit herewith the budget estimate of the Anantapur Municipality for the ensuing official year 1899-1900. The headings of the statements are revised with reference to G.O., No. 2149 L., dated 8th November 1898.

REVISED ESTIMATE.

2. Including the opening balance of Rs. 2,590, the total receipts amount to Rs. 17,860 against Rs. 22,950 of the sanctioned budget.

3. The charges are estimated at Rs. 18,110 against Rs. 21,000 as originally allotted. The year is therefore expected to close with a minus balance of Rs. 250 Remarkable variations between the sanctioned budget and the revised estimate explained in the remark column of the latter.

BUDGET ESTIMATE F[OR 1899-1900]

BUDGET [illegible]

4. The income during the ensuing year, inclusive of the opening minus balance of Rs. 250, is estimated at Rs. 19,720 against Rs. 22,950 and Rs. 17,860, the amounts of the original budget and the revised estimate of the current year, respectively.

5. The items which vary largely from the revised estimate are explained below:—

6. *Tax on Buildings and Lands.*—The expected receipts under the former head, as per budget, have been reduced in the revised estimate by Rs. 90, on account of remissions and writes-off allowed. Last year's figure of Rs. 3,500 has, however, been repeated. Since the yield of the current year which forms the basis of the ensuing year's taxation is not satisfactory, a reduction of income of Rs. 100 under the latter head has been expected.

7. *Rent of Buildings.*—In the current year the right of occupancy of the meat market stalls (eight in number) was sold by public auction to the highest bidder of each stall. This arrangement resulted, owing to very keen competition amongst the butchers to occupy the most prominent stalls, in the increase of the rent from Rs. 30 to Rs. 80. As it is said that the renters have suffered a great loss this year, a similar competition cannot be expected next year. Hence the usual rent of Rs. 30 is inserted in the budget.

8. *Avenue Receipts.*—The usual budget amount of Rs. 30 is repeated for the ensuing year. This year's increase is due chiefly to plenty of usufruct borne by the avenue trees.

9. *Conservancy Receipts.*—Owing to late and scanty rains this year, there has not been the usual pressing demand for manure and consequently only a portion of the accumulated sweepings was sold. For the ensuing year, when a better state of affairs may prevail, the usual amount of Rs. 400 is repeated.

10. *Cart-stand fees.*—Owing to reckless competition at the auction sales, the right to collect the cart-stand fees was obtained on lease for Rs. 70. To provide for a contingency towards a fall off for the ensuing year, a moderate sum of Rs. 50 is provided.

11. *Fines under Municipal and other Acts.*—The amount of Rs. 50 under this head in the current year's sanctioned budget was based on the actuals of the preceding year. But this year, owing to the rigorous prosecutions of owners of filthy premises and the magistrates' imposing exemplary punishments in the way of heavy fines necessitated by plague scare, the realizations under this head have risen to Rs. 150. As the deterrent punishments thus inflicted are calculated to check the recurrence of the offences under the conservancy provisions, such prosecutions can rightly be expected to be much less next year and with it the amount under fines.

12. *Medical Contributions from Local Boards.*—The amount shown under this head is approximately half of the expenditure necessary for the maintenance of the Municipal hospital and payable by the District Board as contribution. As a decrease in expenditure on account of medicines, &c., is expected in the ensuing year owing to the tendency of people n[illegible] to resort to the hospital for medical help freely, influenced by plague scare, proportio[illegible]ly the amount of contribution has been reduced.

13. *Other Contributions [illegible] Local Boards.*—The amount of Rs. 2,500 shown under this head year after year is the contribution which the District Board would pay to[illegible] the erection of a new Municipal hospital. The matter being still under [illegible]sideration, the item is as usual eliminated from the revised estimate and repeated in the ensuing year's budget.

14. *Miscellaneous—Other purposes.*—Rs. 10 in the current year shown under this head is the amount realized from the owners of premises where dramatic performances were given as fees for the purpose of disinfecting the places. As the discomfort caused by these is very great, with all the precautions taken, these are discouraged by refusal of permission and hence no income is expected for the ensuing year.

[illegible] *Sale-proceeds of Government Securities.*—The remarks made in paragraph 13 [illegible]ly here also, so far as the omission of it from the revised estimate and [illegible]n the ensuing year's budget are concerned.

Charges.

16. The charges for the ensuing year are estimated at Rs. 23,490 against the current year's revised estimate of Rs. 18,110 and the budget estimate of Rs. 21,000. The charges are in excess of the receipts by Rs. 3,770 (chiefly owing to a very large provision of Rs. 4,000 set apart under epidemic charges), notwithstanding the large curtailment of expenditure under various items, which the Council deemed unnecessary and not imperative.

17. *New Buildings.*—The provision of Rs. 5,000 under this head, intended for the exection of a new Municipal hospital, not being utilized as the subject is still under correspondence, it has been omitted in the revised estimate and repeated in the ensuing year's budget.

18. *Repairs to Communications and Buildings.*—The budget provision of Rs. 750 under communications and of Rs. 800 under buildings were curtailed under the orders of Government contained in its Proceedings, Mis. No. 2077 M., dated 6th December 1898, to find possible funds towards raising the allotment under epidemic charges. For the same reason the allotments under these heads for the ensuing year also are reduced, retaining only such amount as is just sufficient to meet sundry repairs.

19. *Establishment.*—The allowance now paid to the sanitary inspector for supervising public works is proposed to be withdrawn next year when no large works will be undertaken, and those that may have to be executed will be only slight repairs which can be supervised by any subordinate without any additional labour; the payment of a special allowance on that account is therefore not necessary.

20. *Municipal Schools and Salary System Establishment.*—The allotment under this head for the ensuing year is in excess of that for the current year by Rs. 250, owing to the following increases proposed by the Council :—

	Rs.
(*a*) Increase of Rs. 10 in the pay of the first Assistant of the Municipal High School from 1st April 1899	110
(*b*) Increment of Rs. 2 to the fourth Assistant of the Municipal High School from 1st April 1899	22
(*c*) Increment of Re. 1 to the Gymnasium Instructor of the Municipal High School from 1st April 1899	11
(*d*) Pay of a clerk for the Municipal High School from 1st April 1899 at Rs. 10 per mensem	110
	253

(*a*) In 1894, when the scale of establishment of the Municipal High school was revised conformably to the then crippled state of Municipal finances, the pay of the first assistant was reduced from Rs. 60 to Rs. 50, allowing increment up to Rs. 70. The present first assistant teacher, W. Krishnaswamy Aiyar, is the only one who, affected as he is by the revised scale of establishment, has not had any increment till now. He was trained as a Matriculate, and since, he passed the First in Arts Examination and two branches of the B.A. Examination. He has now to qualify himself for the second collegiate grade. The Director has been pleased in his Proceedings, No. 2715, dated 13th March 1897, to exempt him from undergoing training. The receipts from the specially sanctioned half grants on behalf of the teachers of both the upper and lower secondary departments and from school-fees are more than sufficient to meet the charges incurred for the school. He is a willing teacher and does his work zealously and satisfactorily. In consideration of the above circumstances, the Council proposes to give him an increment of Rs. 10 from 1st April 1899 with the hope that the Government will be pleased to extend their half grant on this increment also.

(*b*) In the revised scale of establishment referred to above the pay of the fourth assistant was also reduced from Rs. 30 to Rs. 25. Upon a representation made in his favour in the budget report for the year 1896–97, the Government has been pleased to sanction him an yearly increment of Re. 1. He is now drawing Rs. 28 and next year he should get Rs. 29. But seeing that he has been doing his work satisfactorily, and that already he has suffered, on account of the reduction, a great deal in these hard times, the Council proposed to allow the full pay of Rs. 30 provided therefor.

(*c*) The gymnastic instructor's pay was graded in the revised scale of the school establishment Rs. 10 to Rs. 15 and Government has been pleased to order that he should get an increment of Re. 1 every year. He now draws Rs. 13 and next year he should get Rs. 14, for which the provision is intended.

(*d*) Sanction was accorded in G.O., Mis. No. 1308 M., dated 21st July 1898, for the entertainment of a trained Telugu Matriculate for the school on Rs. 25 per mensem to teach the 1st Form of the Municipal High school and look after the clerical work of the institution. The appointment could not be created for want of funds, as the major portion of the same had to be reserved under epidemic charges. The headmaster now reports that he could manage the 1st Form with the present staff, provided he is relieved of the clerical and the collection business, and that he cannot manage without a clerk. The Council proposes to allow a clerk on Rs. 10 to the school from the next official year. Hence the provision of Rs. 110 is made under this head.

21. *Contingencies* —The current year's budget provision of Rs. 600 is repeated for the ensuing year. This is considered sufficient. In the current year, the allotment was exceeded chiefly as cricket and foot-ball materials were supplied to the school as strongly advised by the Director of Public Instruction in June last when he inspected the school. It is partly due also to the prize distribution of the school on the occasion of his rare visit.

22. Other items appearing under "education" for the ensuing year are slightly more or less the same as for the current year and do not call for any remarks.

23. *Hospitals and Dispensaries Establishment.*—The allotment in the current year's revised estimate under this head shows a falling off below the budget estimate by Rs. 110, due to the entertainment of a trained nurse for the hospital on Rs. 15 per mensem from October 1898 instead of from April 1898, as originally expected. The allotment for the ensuing year is in excess of the current year's budget estimate by Rs. 20, provision being made to give the hospital compounder the 1st septennial increment from October 1899.

24. *Medicines and Supplies.*—The allotment under this head has been curtailed as no surgical instruments are required and only medicines have to be obtained next year.

25. *Sundries and Contingencies.*—To make allowance for wear and tear of bedding and clothing already supplied, the allotment under this head for the ensuing year is expected to exceed that revised for the current year by Rs. 60.

26. *Contributions to Local Boards.*—The item under this head represents a moiety payable to the District Board out of the receipts from sale of medicines and other hospital receipts. It is reduced for the ensuing year in proportion to the falling off in the receipts.

27. *Vaccination Establishment.*—The arrangement of the vaccinator attached to the local vaccine depot of the District Board performing vaccination work in the municipality without extra remuneration continuing in the current year also, the provision of Rs. 180 made in the original budget for his pay has been omitted in the revised estimate, but repeated for the ensuing year as it is doubtful if the same arrangement will continue.

28. *Contingencies.*—The usual provision of Rs. 50 made in the original budget had to be exceeded this year by Rs. 20 owing to payment of arrear bills for vaccine lymph supplied from the Local Fund depot. The former amount is repeated for the ensuing year.

29. *Conservancy Establishment.*—The difference between the budget and the revised estimates has been explained in statement VI. The provision for permanent establishment, as at present existing, amounts to Rs. 1,800, but that for the ensuing year shows an increase of Rs. 110 over it, due to the proposed increment of Rs. 10 in the pay of the sanitary inspector. He has been in employ in this municipality for nearly 12 years, during which his work has been found satisfactory by all the Chairmen. He underwent training last year and passed the Hygiene test. The minimum pay and allowance of a trained sanitary inspector according to the orders on the subject being Rs. 35, the Council has resolved to raise his pay at present to that amount, as an incentive to good and useful work, which alone can keep the threatening plague at bay. It is not out of place to bring here to the notice of Government that especially at this time when the demand for sanitary inspectors is ever on the increase and persons who acquire but a smattering knowledge of their professional work are paid 70's and 80's, the proposed increment to the sanitary inspector is only reasonable and quite deserving.

30. *Conservancy other Charges.*—In the current year an iron lorry cart was purchased for the removal of night-soil. There are at present four sanitary carts on Rs. 12 each per mensem. Of these, three are used for removing sweepings and one for removing night-soil. The bulls attached to these carts are too weak for traction for the lorry cart. It has been therefore proposed by the Council to dispense with one of the four carts already in service and hire instead a pair of stronger and bigger bulls and in this view the hire is raised for one cart from Rs. 12 to Rs. 15 per mensem, which accounts for the increase of Rs. 40 under this head over the usual provision of Rs. 580.

31. *Contingencies.*—The current year's budget allotment was exceeded as per revised estimate, owing to the purchase of a lorry cart and half-a-dozen dust-bins. No such things are required for the ensuing year and as the only items falling under this head will be ordinary recurring contingencies for which provision of Rs. 150 has been made.

32. *Public Garden Establishment.*—The public park has now become quite a barren plain. The retention of it as a garden requires an enormous outlay, which the Council is quite unable to afford. It will, therefore, be completely abandoned from April 1899, and this does away with the necessity for a servant for the park. Hence no provision is made under this head.

33. *Purchase of account-books, &c.*—As a large number of books and account forms will be required next year, when no surplus of old supply will be left, the provision is raised from Rs. 30 to Rs. 80.

34. *Toll Contingencies.*—This year, the expenditure on printing toll tickets has been small, as there remained for use a good stock of the old supply. As the stock ought to be got anew next year, a larger amount is necessary and this accounts for the increased provision of Rs. 150.

35. *Office contingencies other than* (*b* ii).—Besides the manager there is but one clerk attached to this office. Owing to the introduction of several new account forms, the work of the office has become heavier still, overworking the office staff. To add to this, it has been found necessary of late that the clerk should, to ensure accuracy, write out bill-books himself instead of getting them prepared by irresponsible outsiders, as has been the practice from the beginning. The practice elsewhere is to pay 3 pies per every bill prepared in triplicate and the amount thus calculated will come up in this municipality to about Rs. 60 per annum, for payment of which the clerk has put in his representations to the Council. The Council was of opinion that his pay may be increased to Rs. 18, but on a question of technicality as to the regular head of charge, it was resolved that he may be paid a remuneration under "contingencies" and a provision has accordingly been made. This accounts for the excess provision of Rs. 30.

36. A copy of the Council's resolution passing the budget is also submitted herewith.

37. I regret the delay in the submission of this report. With all possible haste, it could not be submitted earlier, as the manager had to attend all day to audit work.

Dis. No. 270 C.

Submitted.

2. The budget opens with a minus balance of Rs. 250.

3. There is no marked improvement in the roads of the Municipality after the receipt of G.O., No. 1302 M., dated 20th July 1898, and yet Government considered it necessary to reduce the budget grant under repairs to communications and buildings as stated in paragraph 18 of the report, to find possible funds required for epidemic charges (*vide* paragraph 16 of this report). In the circumstances, I consider that the proposed increase of pay to the teachers of the High school (paragraph 20) and the entertainment of a clerk on Rs. 10 as well as the excess of office contingencies provided in paragraph 35, may be put off till the next year.

4. The existence of plague in the district may also affect the strength of the school considerably, when teachers will have little work.

5. Clause (2) of paragraph 4 of the Government Order quoted above does not speak well of the efficiency of teachers in the school, and the recent results of the Lower Secondary Examination are also bad.

ANANTAPUR,
10*th February* 1899.

(Signed) B. MACLEOD,
Collector.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 21st February 1899, No. 180.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anantapur Municipality for the year 1899–1900 is sufficient.

2. The provision made for the construction of a new hospital is very necessary.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 22nd February 1899, No. 2119.

Referring to the budget estimate of the Anantapur Municipality for 1899–1900, I have the honour to state that the provision made therein for education may be accepted. The net expenditure proposed is Rs. 360 (Rs. 5,270 — 4,910), which is about 5 per cent. of the estimated income of the Municipality from taxation, markets and rents.

ORDER—No. 344 M., dated 11th March 1899.

REVISED ESTIMATE FOR 1898–99.

2. The current receipts and charges are now estimated at Rs. 15,210 and Rs. 18,110, respectively, against Rs. 20,840 and Rs. 20,750 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under the tax on arts, sale of sweepings, contribution from Local Boards and sale of Government securities, while under charges, the decrease, which appears mainly under Grant 1, is partly counterbalanced by an increase under Grants 2, 3 and 5. The collections under the tax on lands during the first eight months of the year were not satisfactory. The abolition of the post of assistant teacher of the Municipal high school on Rs. 25, referred to in paragraph 20 (*d*) of the Chairman's letter, is approved; but this should have been shown in the proposition statement. With reference to G.O., No. 130, Financial, dated 21st January 1899, communicated with G.O., No. 273 L., dated 7th February 1899, the provision for plague charges will be reduced from Rs. 3,100 to Rs. 1,600. The balance to be carried forward to the ensuing year's budget will then be Rs. 1,220.

BUDGET ESTIMATE FOR 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 19,950 against Rs. 15,240 in the revised estimate, the increase being chiefly under sale of sweepings, contributions from Local Boards and sale of Government securities. Credit will be taken for a loan of Rs. 3,000 from Imperial funds in order to enable the Municipal Council to make sufficient provision for plague charges.

4. *Charges.*—(1) The probable charges are entered as Rs. 23,390 against the revised estimate of Rs. 16,610, the increase being mainly under Grants 1 and 3.

(2) *Grant 1.*—The allotment for the maintenance of roads will be raised to Rs. 590 so as to represent 50 per cent. of the net Municipal income from tolls. The Municipal Council's proposal to discontinue the allowance of Rs. 5 paid to the sanitary inspector for the supervision of public works, referred to in paragraph 19 of the Chairman's letter, is approved.

(3) *Grant 2.*—The increases in the salaries of the first and fourth assistant masters and the gymnastic instructor of the Municipal high school and the entertainment of a clerk on Rs. 10 for this school, proposed in paragraph 20, will be disallowed with reference to the remarks of the Collector in paragraph 3 of his endorsement.

(4) *Grant 3.*—~~The remarks of the Sanitary Commissioner on the allotments for vaccination, registration of vital statistics and sanitation should be expedited.~~ With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the provision for plague charges will be raised from Rs. 4,000 to Rs. 4,110.

The proposed increase of Rs10 in the pay of the Sanitary Inspector referred to in para 19 of the Chairman's letter is sanctioned.

(5) *Grants 4 and 5.*—The abolition of the post of gardener on Rs. 5, proposed in paragraph 32, is approved. For want of funds, the proposal to grant an allowance of Rs. 30 per annum to the clerk of the Municipal office for preparing the bill books, referred to in paragraph 35, cannot be sanctioned. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the Central office establishments will be raised from Rs. 120 to Rs. 140.

5. As revised by Government, the budget closes with a balance of Rs. 590 or only 3·9 per cent. of the ordinary receipts. This should be increased by effecting economies wherever possible in the course of the year.

6. If the loan of Rs. 3,000 from Imperial funds taken credit for in paragraph 3 *supra* be not sanctioned by the Government of India, the budget will have to be re-cast.

REVISED ESTIMATE FOR 1898-99.

2. The current receipts and charges are now estimated at Rs.15,240 and Rs.18,110 respectively, against Rs.20,840 and Rs.20,750 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under the tax on arts, sale of sweepings, contributions from Local Boards and sale of Government Securities, while under charges, the decrease which appears mainly under Grant 1 is partly counterbalanced by an increase under Grants 2, 3 and 5. The collections under the tax on lands during the first eight months of the year were not satisfactory. The abolition of the post of Assistant Teacher of the Municipal High School on Rs.25, referred to in para. 20(d) of the Chairman's letter, is approved; but this should have been shown in the proposition statement. With reference to G.O. No.130, Financial, dated 21st January 1899, communicated with G.O. No.273 L., dated 7th February 1899, the provision for plague charges will be reduced from Rs.3,100 to Rs.1,600. The balance to be carried forward to the ensuing year's budget will then be Rs.1,220.

BUDGET ESTIMATE FOR 1899-1900.

3. RECEIPTS. The receipts for the ensuing year are put down at Rs.19,950 against Rs.15,240 in the revised estimate, the increase being chiefly under sale of sweepings, contributions from Local Boards and

d sale of Government securities. Credit ll be taken for a loan of Rs.3,000 from perial Funds in order to enable the Mucipal Council to make sufficient provion for plague charges.

Note - The estimated expenditure debitable to Anantapur is Rs 4,110.

4. CHARGES (1). The probable harges are entered as Rs.23,390 against he revised estimate of Rs.16,610, the increase being mainly under Grants 1 and 3.

(2) GRANT 1. The allotment for the aintenance of roads will be raised to .590 so as to represent 50 per cent of he net municipal income from tolls. The unicipal Council's proposal to discontiue the allowance of Rs.5 paid to the Sanitary Inspector for the supervision of ublic works, referred to in para.19 of he Chairman's letter, is approved.

charges will be raised from Rs.4,000 to Rs.4,110.

(5) GRANTS 4 & 5. The abolition of the post of gardener on Rs.5, proposed in para.32, is approved. For want of funds, the proposal to grant an allowance of Rs.36 per annum to the clerk of the Municipal Office for preparing the bill books, referred to in para.35, cannot be sanctioned. With reference to G.O. No.2250 L., dated 25th November 1898, the contribution for the Central Office Establishments will be raised from Rs.120 to Rs.140.

5. As revised by Government, the budget closes with a balance of Rs.590 or only 3.9 per cent of the ordinary receipts. This should be increased by effecting economies wherever possible in the course of the year.

Note

I Write reference to G. O. No
130 Financial dated 21st January 1899
M and G. O. No 1259 Financial dated
28th December 1898, the L and M
Department has provided in the
budget of the Anantapur
Municipality Rs 1600 and 4110
for the current and ensuing years
respectively on account of plague.
N As in G. O. No 285 Financial, dated 22nd
February 1899, the amount for the current
year has been reduced to Rs 1460.
the provision made by the Law &
Department for 1898-99 work need revision.

It is proposed to meet the
expenditure for next year in part
by taking credit for a loan of
Rs 3000 from Imperial funds. The
PJ 7-3-99 is no objection to this provided
the Govt. of India sanctions the
loan on the further application
which is now being made for loan
for the ensuing year.

d. Office contingencies other than (*b*) (ii)	170 ..	130 ..	60 ..	230 ✓ ..	200 ..	The allotment has been exceeded owing to the payment of a remuneration of Rs 25 to the clerk of this office for writing out bills - as the same is a very heavy work which does not form part of his legitimate duties. It is proposed to show the amount under permanent establishment but it being disputed that that is not the proper head of charge it is shown here pending the orders of Government. I consider they to submit, that it should be shown as an addition to the pay of the clerk.

Read — the following papers connected with the budget and Revised Estimates.

1. Proposal of the Chairman Delegate to withdraw the extra allowance of Rs 5 allowed to the Sanitary Inspector for looking after the Departmental Public Works as there will hardly be undertaken any big work, necessitating his supervision in the ensuing year.

Resolution — Approved.

(2) Letter of the Head Master Municipal High school requesting the Council to relieve him early of the clerical work, as it seriously interferes with his work and that he could manage without a teacher for the 1st Form.

Resolution — a Writer on Rs 10 should be allowed to the School, instead of a teacher and Writer on Rs 25 sanctioned in G.O. No 1308 — 9/21st July 1898. M Mis
