Municipal Budget.

Reviewing the Trichinopoly — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From Lieutenant-Colonel W. O'HARA, I.M.S., Chairman, Municipal Council, Trichinopoly, to the Secretary to Government, Local and Municipal Department (through the Deputy Collector of Trichinopoly), dated 2nd January 1899, No. 1.

I have the honour to submit, for the sanction of the Government, the revised estimate for 1898–1899 and the budget estimate for 1899–1900 of the Trichinopoly Municipality. They were approved and adopted by the Municipal Council at its meeting held on the 30th December 1898.

An extract from the minutes of the Council's proceedings sanctioning the estimates as well as the prescribed statements are herein enclosed.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The total receipts of the year are now estimated at Rs. 1,69,710 against Rs. 1,43,100 anticipated in the original budget and show an increase of Rs. 26,610.

3. The year opened with a *minus* balance of Rs. 5,520.

4. *Tax on Arts.*—Rs. 9,000 are expected from this tax against Rs. 7,000 originally anticipated. The increase is due to the revised assessment of this tax.

5. *Water-tax.*—Rs. 17,200 are expected under the water-tax against Rs. 14,000 originally estimated. The increase in the receipts is due to the payment of arrear taxes by the Railway Company whose claim for exemption from water-tax has been allowed by the Government only from August 1898—*vide* G.O., Mis. No. 1410 M., dated 12th August 1898.

6. *Tax on Vehicles and Animals.*—An increase of Rs. 600 is expected under these taxes.

7. *Tolls.*—Rs. 11,500, being the contribution at the usual rate, are only expected.

8. *Fees under the Public Resort Act.*—The receipts on account of the license-fees rose to Rs. 430; three theatrical companies visited the town during the past eight months.

9. *Rents of Lands and Buildings.*—The receipts from these sources are expected to give an increase of Rs. 220 over the original estimate.

10. *Income from Markets.*—The receipts from this source are estimated at Rupees 20,800 against Rs. 20,000 anticipated in the original budget. There has been an increase of Rs. 800 due to the enhancement of the rates of fees for articles taken into the markets from one pie to one and a half pies per head load and to keen competition at the sale of the leases for the year.

11. *Warrant Fees and Distraint Fees.*—The receipts from these sources are expected to rise to Rs. 750 and Rs. 150, respectively, as warrants are being promptly issued and executed.

12. *Cart-stand.*—The sum of Rs. 7,450 is the amount for which the fees from the cart-stand have been leased out for the year. The rate of fees was raised from half anna and one anna to an uniform rate of one anna per cart per day for all carts halting in the cart-stand. The increase is due to the enhancement in the rate of fees and to competition at the auction sales.

13. *Contribution for the Water-supply.*—The contribution payable by the Jail and the Military Departments amounts to Rs. 2,090 per annum, *i.e.*, Rs. 90 more than the original budget.

14. *Contribution by the Local Boards.*—Besides the usual contribution of Rs. 4,500 paid by the Local Boards for the municipal hospital, Rs. 970 were received from the District Board and the Srírangam Municipality for their contribution towards the expenses incurred by the Council on account of the isolation sheds and other arrangements made for the prevention of plague during the last Ekadesi festival at Srírangam. A sum of Rs. 4,000 is also taken credit for as the contribution payable by the District Board towards the plague expenditure in the current year.

15. *Other Contribution for the Water-supply.*—Rs. 3,450 are expected from the Railway Company as its share of the maintenance charges of the water-works in the current year.

16. *Private Scavenging Fees.*—The scavenging system has been introduced in all the eight wards and the receipts from this source are therefore estimated at Rs. 7,200 instead of Rs. 6,000 entered in the budget.

17. *Refunds of Expenditure.*—The sum of Rs. 8,850 was received in the current year on account of the sale-proceeds of the machinery disposed of.

Expenditure.

18. The total charges for the current year, as revised, amount to Rs. 1,61,080 against Rs. 1,43,990 anticipated in the original budget. The increase of Rs. 17,090 is mainly due to the additional charges incurred on the water-works on account of its break down in January last and to the provision of Rs. 9,500 for plague preventive measures—*vide* G.O., Mis. No. 2076 M., dated 6th December 1898.

19. *New Works.*—The sum of Rs. 120 was expended in the year for the construction of a road-dam in Puttur.

20. *New Buildings.*—Provision has been made only for payment of liabilities incurred in the construction of the out-patient ward in the hospital and of the corrugated iron sheds for the Devadanam burning-ground. These works were begun in the previous official year and will be completed early in the ensuing year.

21. *New Drains.*—A small drain was constructed at a cost of Rs. 30 in the Chinnakammala street. The construction of the other drains was postponed in order to effect savings to meet the charges for plague measures.

22. *Water-supply.*—The provision of Rs. 4,290 against Rs. 3,000 originally estimated is rendered necessary by the payment, in the current year, of the rents for a pulsometer lent by the Tanjore Municipality for use in the construction of the head works.

23. *Water-supply.*—The allotments under repairs to water-works and machinery and under the contingencies are now estimated at Rs. 3,000 and Rs. 10,800, respectively, against Rs 800 and Rs. 10,000 shown in the original budget. The increase in the expenditure under these heads was rendered necessary by the failure of the head works in January last, the extensive repairs consequently made to the works and engines and the special arrangements made for the temporary supply of water to the town. The charges on account of the establishment also show an increase of Rs. 340 over the original budget, which is due to the revision of the staff sanctioned in G.O., Mis. No. 1313 M., dated 21st July 1898.

24. *Grant 2, (4) Result Grants.*—Rs. 800 are provided over the original estimate for the payment of result grants curtailed in the previous year for want of funds.

25. *Conservancy establishment.*—The reduction in the allotment from Rs. 13,370 o Rs. 12,790 is due to savings effected by employing a temporary chief sanitary inspector on less pay than the sanctioned rate, and to the employment of a smaller number of sweepers and scavengers than was originally estimated for.

26. *Conservancy—Other Charges.*—The original provision of Rs. 20,000 is found insufficient and is therefore raised to Rs. 21,800.

27. *Private Scavenging establishment.*—The scavenging services have been extended to the 1st, 3rd, 7th and 8th wards in the current year and now cover the whole municipality. The allotment of Rs. 6,170 includes the charges required for the additional maistries and scavengers employed in those wards.

28. *Plague Charges.*—An allotment of Rs. 9,500 is provided for expenditure in the current year on the preventive measures against plague.

29. *Lighting Contingencies.*—The original provision of Rs. 3,400 is reduced to Rs. 2,700. This reduction is due chiefly to the cheapness of oil, and to more careful supervision.

30. *Survey of Land.*—An allotment of Rs. 490 is made to cover the payment already made to the Government towards the cost of the demarcation stones erected for survey purposes.

31. *Printing.*—The original provision of Rs. 500 is not sufficient to meet all printing charges and is therefore raised to Rs. 900.

32. *Collection establishment.*—The provision has been raised from Rs. 1,940 to Rs. 2,000, as two additional bill-collectors were employed in the middle of the year—*vide* G.O., Mis. No. 1830 M., dated 27th October 1898.

33. *Purchase of Account books.*—The original provision of Rs. 500 is insufficient and is raised to Rs. 1,500. The increased expenditure is due to the introduction of revised forms and registers prescribed by the Inspector of the Local Fund Accounts.

BUDGET ESTIMATES FOR 1899–1900.

Receipts.

34. The total receipts for the ensuing year including the opening balance of Rs. 3,110 amount to Rs. 1,64,630.

35. *Tax on Arts.*—A sum of Rs. 10,000 is expected from this tax.

36. *Tax on Buildings.*—The Council considers that the assessment should continue as hitherto at $7\frac{1}{2}$ per cent. on the annual valuation, as it hopes to realize an increase by revision of the registers. Rs. 35,000 are expected for the ensuing year from this source.

37. *Tax on Lands.*—The receipts from this source are estimated at Rs. 5,000 for next year. This tax is levied at $7\frac{1}{2}$ per cent. on the annual value of the lands and can hardly bear an increase.

38. *Water-tax.*—The income from this tax is estimated at Rs. 14,000 for the ensuing year. The water-tax is levied at 4 per cent. on the annual value of the buildings and lands not used solely for agricultural purposes.

39. *Tax on Vehicles, Animals and Carts.*—The receipts from this source are put down at Rs. 12,600, which is the revised demand for the current year.

40. *Tolls,*—Rs. 10,040 are expected on account of the contribution for tolls managed by the District Board inasmuch as one-third of the receipts from tolls will be paid by the District Board as usual.

41. *Rent of Lands.*—Rs. 400 are expected from this source. This income consists of the rents derived from the vacant lands rented for temporary occupation by dramatic companies and other persons.

42. *Rent of Buildings.*—Rs. 860 are expected from the rents derived from the two arrack godowns and twenty stalls of the China bazaars.

43. *Avenue receipts.*—These consist of the sale-proceeds of withered trees and cuttings from the trees. Rs. 150 are expected from this source.

44. *Produce of Lands and Gardens.*—This income consists of the sale-proceeds of the fruits and other produce in the public gardens, the lease of cocoanut topes in the Boulevard gardens, the right to graze cattle in vacant lands and to collect fuller's earth from unoccupied lands. Rs. 350 are expected from these sources.

45. *Sale of Lands.*—Rs. 1,500 are expected to be realized by the sale of the lands which were used for night-soil and rubbish depots. These lands are no longer required as fresh sites have been acquired and fitted for the purpose.

46. *Conservancy Receipts.*—The income from this source consists of the sale-proceeds of the street-sweepings and the night-soil removed and deposited in the depots. The receipts from this source for the ensuing year are estimated at Rs. 3,920.

47. *School Fees.*—Rs. 550 are expected from the fees collected in the salary result school maintained by the Municipality.

48. *Income from the Markets.*—Rs. 20,800 are expected from the markets for the ensuing year also.

49. *Slaughter-houses.*—There are four slaughter-houses, of which three are for sheep and one for bullocks. Rs. 2,350 are expected from this source.

50. *License-fees.*—These receipts consist of the fees levied for the erection of pandals for ceremonial occasions and for licenses for offensive and dangerous trades. The income from this source will be Rs. 1,500.

51. *Cart-stand.*—The income from the fees levied in the cart-stand will be Rs. 7,450 for the ensuing year, as the present lease extends over another year.

52. *Fines under the Municipal and other Acts.*—The receipts from this source are expected to be Rs. 2,000.

53. *Normal Stipends.*—A contribution of Rs. 80 is expected under the scholarship grants for two teachers who are proposed to be trained in the local training school.

54. *Grants for Schools and other Purposes.*—Rs. 50 are expected for result grants to girls taught in the salary-result schools and Rs. 350 on account of grants towards the pay of the two gymnastic instructors and the drawing masters.

55. *Grants for Communications.*—The sum of Rs. 1,190 is the usual grant received from the Provincial funds for the maintenance of the Cantonment roads.

56. *Contributions for the Water-supply.*—The sum of Rs. 2,090 is the contribution payable by the Military and Jail departments for the supply of water.

57. *Grants for other Purposes.*—Rs. 200 are expected as the contribution from the Military department on account of the profession-tax of the officers stationed in the Municipality.

58. *Contributions from the Local Boards.*—The sum of Rs. 15,500 expected under this head consists of Rs. 1,500 and Rs. 3,000 from the District and Taluk Boards for the maintenance of the municipal hospital, Rs. 3,000 promised by the District Board for the one-third contribution towards the construction of the Diamond Jubilee dispensary which has been almost completed, and Rs. 8,000 from the District Board and the Srírangam Municipality as contribution on account of the charges proposed to be incurred against the advent of plague. Another sum of Rs. 150 is expected from the District Board towards the maintenance of race-course roads.

59. *Other Contribution for the Water-supply.*—Rs. 3,200 are expected from the Railway Company towards the annual contribution for the water-works.

60. *Private Scavenging Fees.*—The receipts on account of the scavenging services are estimated at Rs. 7,000 for the ensuing year.

61. *Recoveries for other Purposes.*—A sum of Rs. 500 is expected on account of labour and supervision charges payable by house-owners for the introduction of service-pipes to private houses.

Expenditure.

62. *Grant 1, New Works and Communications.*—No allotment is provided for the construction of new roads and culverts for want of funds.

63. *Buildings.*—Rs. 3,000 are provided for the payment of the last instalment towards the Diamond Jubliee dispensary. This amount is expected from the District Board as its contribution.

64. *Drains.*—A sum of Rs. 500 is provided for the construction of a drain for the Teppacolum and Chinnakaday street to carry off waste water and house drainage from the entrance to the Rock fort. This work is one of urgency.

65. *Repairs to Roads.*—Rs. 12,000 are provided for the maintenance of the roads.

66. *Repairs to Buildings.*—Rs. 2,500 are provided to carry out the necessary annual repairs of the several buildings mentioned in the accompanying statement II-A.

67. *Repairs to Drains.*—Rs. 200 are provided to repair and improve the existing drains in the Rock fort and Big Bazaar roads.

68. *Water-supply.*—Rs. 4,000 are provided for the repairs to works and Machinery, Rs. 8,960 for the establishment charges, and Rs. 10,800 for contingent expenses. It is proposed to retain the existing establishment which was thoroughly revised in the current year, except that the superintendent will be granted an increase of Rs. 15 per mensem to his sanctioned pay: an increase which the Council and superintending officers consider necessary to retain the services of this efficient officer.

69. *Public Works Staff.*—An overseer on Rs. 70, a clerk on Rs. 10 and a peon on Rs. 6 will be retained for the ensuing year as in the current year.

70. *Stipends to Normal Students.*—It is proposed to send two teachers—one of the lower secondary and the other of the primary grade—for normal training and Rs. 130 are provided for payment of stipends to them.

71. *Salary-result Schools.*—The existing ten schools will be maintained for the ensuing year. Rs. 1,940 are provided for the salary of the teachers, Rs. 800 for the result grants to the teachers, and Rs. 360 for contingent expenses including the purchase of school books and furniture.

72. *Fixed and Results Grants.*—Rs. 5,500 are provided for payment of fixed and result grants to the schools maintained by private managers. The Council would gladly increase this provision, but that their financial condition does not permit them to do so.

73. *Municipal Inspectors.*—The two inspecting schoolmasters on Rs. 25 and Rs. 20 each will be retained. Rs. 540 are provided for their salary and Rs. 20 for contingent expenses for the supply of forms and stationery to these officers.

74. *Building and Furniture Grants.*—Rs. 250 are provided for payment of grants to the aided schools which may be in want of furniture or building.

75. *Common Gymnasium.*—Rs. 290 are provided for maintaining the two gymnastic instructors on Rs. 12 each, who are employed in teaching drill and gymnastics to the salary-result as well as many of the aided schools which are permitted by the Council to utilise these men.

76. *Drawing Masters.*—Two drawing masters on Rs. 20 and Rs. 15 each are maintained by the Council to teach elementary drawing in all the primary schools in the Municipality. Rs. 420 are allotted on account of their salaries and Rs. 20 for the supply of contingent articles required for their work.

77. *Grant 3, Hospitals.*—The municipal hospital and the Jubilee dispensary will be maintained as at present. The establishment consists of four first-class hospital assistants on Rs. 55 each, one female apothecary under training in the Medical College on Rs. 25, two native midwives on Rs. 12 each, three compounders on Rs. 15 each, one compounder on Rs. 12, one on Rs. 9, two probationary compounders on Rs. 4 each, one purveyor on Rs. 15, one hospital clerk on Rs. 10, an European matron on Rs. 40 and the second clerk in the office of the District Medical and Sanitary Officer on

Rs. 15. Rs. 6,530 are provided for the establishment charges, Rs. 4,500 for the purchase of medicines and supplies, Rs. 3,600 for diet of patients, and Rs. 2,000 for sundries and contingencies.

78. *Contributions to Government.*—Rs. 670 are provided for payment of the annual contribution for the Medical College, Rs. 420 for the sanitary inspection, and Rs. 140 for the Medical Reserve Staff.

79. *Vaccination.*—The existing establishment will be maintained for the ensuing year. Rs. 660 are provided for the pay of the five vaccinators and Rs. 430 for the cost of animal lymph.

80. *Registration.*—The present staff of eight registrars on Rs. 10 each will be maintained for the ensuing year. Rs. 960 are provided for their salary and Rs. 50 for the contingent expenses.

81. *Conservancy Establishment.*—The existing staff will be retained without any alteration. Rs. 13,370 are provided for the establishment, and Rs. 21,000 for wages of conservancy carts worked on the contract system, and other expenses connected with the conservancy of the town.

82. *Private Scavenging Service.*—Rs. 6,950 are provided for the payment of the establishment charges, and Rs. 200 for the contingent expenses relating to private scavenging arrangements. The Council finds it necessary to raise the pay of all the bill-collectors from Rs. 7 to Rs. 10 each in consideration of the very onerous duties they have to perform in supervising the work of the scavengers and in collecting the fees in advance. They have also to furnish security in cash to the extent of Rs. 100. The services of efficient men cannot otherwise be obtained. The maistry on Rs. 8 is the clerk in charge of the demand registers and is retained.

83. *Cholera Charges.*—An allotment of Rs. 3,630 is provided to carry out the necessary measures for combating cholera.

84. *Plague Charges.*—Rs. 15,000 are provided to meet the probable expenditure on the measures prescribed for the prevention and treatment of plague.

85. *Grant 4, Lighting.*—The present establishment will be retained and the existing lamps will be maintained in the ensuing year. Rs. 1,870 are provided for the pay of the staff, and Rs. 3,400 for the purchase of oil and other necessary articles.

86. *Markets and Slaughter-houses.*—The existing establishment will be maintained.

87. *Grant 5, Office Establishment.*—The provision for the office establishment is fixed at Rs. 5,350 for the ensuing year, which includes the salary of the Secretary at Rs. 210 per mensem and his pensionary contribution at Rs. 21-14-0 per mensem.

88. *Inspection.*—Rs. 360 are provided for carriage allowance to the Secretary as per sanction accorded by Government—*vide* G.O., Mis. No. 2090 M., dated 7th December 1898.

89. *Collection Establishment.*—The sanctioned establishment will be maintained for the ensuing year. The Council proposes to raise the pay from Rs. 12 to Rs. 15 each of four senior bill-collectors, as it considers this incentive absolutely necessary to secure energetic and effective work. This concession is specially recommended in consideration of the great improvement noticeable under collections. Rs. 2,320 are provided for establishment and Rs. 1,000 for the purchase of account books and forms.

90. A sum of Rs. 260 is provided for office contingencies, and Rs. 1,130 for the payment of contribution to the central office and audit establishments.

91. *Repayment of Debt.*—Rs. 4,400 are provided for the payment of the year's instalment of the loans contracted for the execution of the water-supply scheme, and Rs. 4,910 for the payment of interest on the loans for the ensuing year.

92. *General Remarks.*—The extension of water-works to Woraiyur and Puttur has been long under contemplation. The Council respectfully solicits Government will be pleased to pass orders on the subject of the loans to be raised. With reference to paragraph 4 (4) of G.O., No. 622 M., dated the 22nd March 1898, the Council begs to inform the Government that the suggestion will be attended to as vacancies may occur.

Endt. on Cur. No. 84-Rev.

Submitted.

The provision in the budget for the construction of, and repairs to, drains is inadequate. The balance provided in the budget is also considerably below the prescribed percentage.

6th January 1899. (Signed) M. SRINIVASA ROW,
Deputy Collector.

Ref. on Cur. No. 100-Rev.

Forwarded.

2. The undersigned returned the budget for amendment for reasons which would appear below:—

(*a*) The contribution from tolls is now entered by the Council as Rs. 10,040 instead of Rs. 18,000, as the District Board has consented to contribute only one-third of its net income from tolls and not half as originally anticipated by the Council.

(*b*) The allotment for the repair of the water-works has been raised from Rs. 2,000 to Rs. 4,000 in view of the fact that two of the river wells are choked with sand.

(*c*) The provision for lighting charges has been raised from Rs. 3,000 to Rs. 3,400 as it was pointed out that there should be provision for a greater number of lights.

(*d*) The Chairman has stated that the appointment of thirteen tank watchers is intended for permanently preserving the tanks in the Municipality when it was pointed out that provision should be made for meeting urgent contingencies in case of accidents to water-works.

(*e*) As regards the question whether the sanitary inspectors are trained men, the Council has reported that out of the ten sanitary inspectors, two are certificated men, while two others have undergone training in the sanitary class.

(*f*) As regards the observation that the increase proposed to the superintendent of water-works seemed to be against G.O., Mis. No. 1313 M., dated 21st July 1898, the Council has again recommended the increase on the grounds that he has proved himself in every way fitted for this important charge and effected considerable economy in the expenditure on contingencies and that the several superintending and inspecting officers who visited the works were unanimous in the opinion of the desirability of retaining his services by an addition to his salary.

3. *Paragraphs* 22, 23 *and* 68—*Water-supply.*—The subject of constant breakdowns of the water-works which threaten to recur annually requires the immediate consideration of a strong committee as advocated by me in my Ref. on Cur. No. 491-Rev., dated the 2nd March 1898, and Ref. Cur. No. 67-Rev., dated 9th January 1899. Cholera is now prevailing in an epidemic form, chiefly in Puttur, Woraiyur and other places where the water project has not as yet been introduced. The Council would do well to retrench its expenditure as much as possible in other directions, with a view to make sufficient provision for the extension of the scheme.

4. *Paragraphs* 27, 60 *and* 82—*Private Scavenging.*—The estimate for 1899–1900 is Rs. 7,000 against the revised estimate of Rs. 7,200 for the current year, and against the actuals of Rs. 5,404 for 1897–98, although the system has been extended during the year to the 1st, 3rd, 7th and 8th wards. The proposed expenditure is Rs. 6,950 for establishment and Rs. 200 for contingencies, *i.e.*, Rs. 7,150 which is over the receipts, although the services of 49 scavengers on a salary of Rs. 4–8–0 each have been dispensed with.

5. *Paragraph* 65—*Communications.*—Roads to the extent of 3 miles have yet to be gravelled or metalled. It is hoped that the Municipality will be able to put the roads in a state of thorough order. The state of the roads is, on the whole, very good.

6. The budget closes with the poor balance of Rs. 1,870 which is very far below the prescribed percentage.

23rd January 1899. (Signed) R. H. SHIPLEY,
Collector.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 17th January 1899, No. 45.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Trichinopoly Municipality for the year 1899–1900 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 335.

Referring to the budget estimate of the Trichinopoly Municipality for 1899–1900, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted, with an addition of Rs. 100 under contingencies for municipal salary-result system schools to enable the Council to purchase furniture, maps and library books for some of the municipal schools, and of Rs. 500 to the provision for "Fixed and result grants." The inspecting officers consider the current year's allotment, viz., Rs. 5,500, under the latter head, insufficient and recommend that it be raised to Rs. 6,000.

2. Even with the above additions, the net expenditure under Grant 2 will be Rs. 9,860 (10,890—1,030), which is only 8·5 per cent. of the estimated income of the Municipality from taxation, markets and rents, a percentage which is much below the proportion in most other municipalities.

From J. A. JONES, Esq., M.I.C.E., F.R.S.C., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 41.

With reference to the budget estimate of the Municipal Council of Trichinopoly for 1899–1900, of which an extract has been furnished to me, I have the honour to state that the allotments made under 2. (*d*) Repairs—Water-supply are considered adequate.

2. With regard to paragraph 92 of the Chairman's letter No. 1, dated 2nd January 1899, I desire to point out that this extension cannot be made until the supply of water is increased by the provision of extra wells in the river bed.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 22nd February 1899, No. 568-S.

With reference to the Trichinopoly Municipal budget for 1899–1900, I have the honour to state that the proposed expenditure on conservancy is 37·2 per cent. of the estimated receipts including the sum of Rs. 15,000 provided for meeting plague charges. Excluding this item, the allotment is only 26·6 per cent. My remarks on the last budget touching the revision of the conservancy supervising staff have received no notice at the hands of the Municipal Council, although this course was commended to it for very early adoption by Government so far back as in April 1898—*vide* paragraph 4 (4) of G.O., No. 622 M., dated 22nd March 1898.

ORDER—No. 370 M., dated 15th March 1899.

The estimated receipts and charges of the Trichinopoly Municipality for 1899–1900, as passed by Government, are compared below with the budget and revised estimates for the year 1898–99 and the actuals of 1897–98:—

Revised Estimate for 1898-1899.

2. The current receipts and charges are now estimated at Rs. 1,69,710 and Rs. 1,61,080, respectively, against Rs. 1,43,100 and Rs. 1,43,990 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the arts and water taxes, cart-stand fees, contributions from Local Boards, private scavenging fees and refunds of expenditure of previous year, and that in the charges under Grants 1 and 3. With reference to paragraph 2 of G.O., No. 7, Financial, dated 3rd January 1899, communicated with G.O., No. 145 P., dated 30th January 1899, the contribution of Rs. 4,000 expected from the Trichinopoly District Board for plague charges will be struck out, and with reference to G.O., No. 534 L., dated 8th March 1899, the provision for these charges will be reduced from Rs. 9,500 to Rs. 5,910. The balance to be carried forward to the next year's budget will then be Rs. 2,700.

Budget Estimate for 1899-1900.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,61,520 against Rs. 1,65,710 in the revised estimate. A decrease appears mainly under the water tax, tolls, recoveries for services rendered to private individuals and refunds of expenditure of previous year, but it is partly met by an increase under the arts tax, sale-proceeds of lands and buildings and contribution from Local Boards. With reference to paragraph 2 of G.O., No. 7, Financial, dated 3rd January 1899, the contribution of Rs. 8,000 expected from the Trichinopoly District Board and the Srírangam Municipal Council for plague charges will be struck out. Credit will be taken for loans of Rs. 50,000 from the Provincial Loan and Advance account and of Rs. 1,58,000 to be raised in the open market, on account of the water-works, for which the necessary applications have been published in the *Fort St. George Gazette*, under paragraph 2 of G.O., No. 54 M., dated 11th January 1899, as also for a loan of Rs. 12,000 from Imperial funds in order to enable the Municipal Council to make adequate provision for plague charges.

4. *Charges.*—(1) The probable charges are put down at Rs. 1,62,760 against the revised estimate of Rs. 1,57,490, an increase appearing under Grant 3 and being partly met by a decrease under Grant 1.

(2) *Grant 1.*—A provision of Rs. 2,08,200 will be made for the extension of the water-supply scheme, which has been sanctioned in G.O., No. 54 M., dated 11th January 1899. The attention of the Municipal Council is, however, drawn to the Sanitary Engineer's remark in paragraph 2 of his letter read above. For want of funds, the allotment for Repairs—Communications will be reduced from Rs. 12,000 to Rs. 8,000 and the increase from Rs. 150 to Rs. 165 in the salary of the Superintendent of the water-works, proposed in paragraph 68 of the Chairman's letter, will be disallowed.

(3) *Grant 2.*—In the existing state of the Municipal finances, the Director's suggestion in paragraph 1 of his letter read above to increase the allotments for contigencies to municipal schools and for fixed and result grants to aided schools by Rs. 100 and Rs. 500, respectively, cannot be adopted.

(4) *Grant 3.*—The reduction from 151 to 102 in the number of private scavengers shown in the proposition statement is sanctioned, but this should have also been referred to in the Chairman's letter. The increase from Rs. 7 to Rs. 10 in the salaries of the ten private scavenging fee collectors, proposed in paragraph 82, will be disallowed in view to prevent the private scavenging service from being worked at a loss to the Municipality. With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the provision for plague charges will be raised from Rs. 15,000 to Rs. 20,670. The remarks of the Sanitary Commissioner in his letter read above regarding the revision of the conservancy supervising staff will be commended to the Municipal Council for careful consideration and early report.

(5) *Grant 5.*—The Municipal Council's proposal in paragraph 89 to increase the salaries of the four senior bill-collectors from Rs. 12 to Rs. 15 cannot be approved

for want of funds. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the central office establishments will be raised from Rs. 1,130 to Rs. 1,430.

5. As revised by Government, the budget closes with a balance of Rs. 3,970 or only 2·6 per cent. of the estimated ordinary receipts. This should be increased in the course of the year by effecting savings wherever practicable. In this connection, the attention of the Municipal Council is drawn to the remarks of the Collector at the end of paragraph 3 of his endorsement.

6. If the loan of Rs. 12,000 from Imperial funds, for which credit has been taken in paragraph 3 *supra*, be not sanctioned by the Government of India, the budget will have to be recast.

Municipal Budget.

Reviewing the Trichinopoly — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From Lieutenant-Colonel W. O'HARA, I.M.S., Chairman, Municipal Council, Trichinopoly, to the Secretary to Government, Local and Municipal Department (through the Deputy Collector of Trichinopoly), dated 2nd January 1899, No. 1.

I have the honour to submit, for the sanction of the Government, the revised estimate for 1898–1899 and the budget estimate for 1899–1900 of the Trichinopoly Municipality. They were approved and adopted by the Municipal Council at its meeting held on the 30th December 1898.

An extract from the minutes of the Council's proceedings sanctioning the estimates as well as the prescribed statements are herein enclosed.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The total receipts of the year are now estimated at Rs. 1,69,710 against Rs. 1,43,100 anticipated in the original budget and show an increase of Rs. 26,610.

3. The year opened with a *minus* balance of Rs. 5,520.

4. *Tax on Arts.*—Rs. 9,000 are expected from this tax against Rs. 7,000 originally anticipated. The increase is due to the revised assessment of this tax.

5. *Water-tax.*—Rs. 17,200 are expected under the water-tax against Rs. 14,000 originally estimated. The increase in the receipts is due to the payment of arrear taxes by the Railway Company whose claim for exemption from water-tax has been allowed by the Government only from August 1898—*vide* G.O., Mis. No. 1410 M., dated 12th August 1898.

6. *Tax on Vehicles and Animals.*—An increase of Rs. 600 is expected under these taxes.

7. *Tolls.*—Rs. 11,500, being the contribution at the usual rate, are only expected.

8. *Fees under the Public Resort Act.*—The receipts on account of the license-fees rose to Rs. 430; three theatrical companies visited the town during the past eight months.

9. *Rents of Lands and Buildings.*—The receipts from these sources are expected to give an increase of Rs. 220 over the original estimate.

10. *Income from Markets.*—The receipts from this source are estimated at Rupees 20,800 against Rs. 20,000 anticipated in the original budget. There has been an increase of Rs. 800 due to the enhancement of the rates of fees for articles taken into the markets from one pie to one and a half pies per head load and to keen competition at the sale of the leases for the year.

11. *Warrant Fees and Distraint Fees.*—The receipts from these sources are expected to rise to Rs. 750 and Rs. 150, respectively, as warrants are being promptly issued and executed.

12. *Cart-stand.*—The sum of Rs. 7,450 is the amount for which the fees from the cart-stand have been leased out for the year. The rate of fees was raised from half anna and one anna to an uniform rate of one anna per cart per day for all carts halting in the cart-stand. The increase is due to the enhancement in the rate of fees and to competition at the auction sales.

13. *Contribution for the Water-supply.*—The contribution payable by the Jail and the Military Departments amounts to Rs. 2,090 per annum, *i.e.*, Rs. 90 more than the original budget.

14. *Contribution by the Local Boards.*—Besides the usual contribution of Rs. 4,500 paid by the Local Boards for the municipal hospital, Rs. 970 were received from the District Board and the Srírangam Municipality for their contribution towards the expenses incurred by the Council on account of the isolation sheds and other arrangements made for the prevention of plague during the last Ekadesi festival at Srírangam. A sum of Rs. 4,000 is also taken credit for as the contribution payable by the District Board towards the plague expenditure in the current year.

15. *Other Contribution for the Water-supply.*—Rs. 3,450 are expected from the Railway Company as its share of the maintenance charges of the water-works in the current year.

16. *Private Scavenging Fees.*—The scavenging system has been introduced in all the eight wards and the receipts from this source are therefore estimated at Rs. 7,200 instead of Rs. 6,000 entered in the budget.

17. *Refunds of Expenditure.*—The sum of Rs. 8,850 was received in the current year on account of the sale-proceeds of the machinery disposed of.

Expenditure.

18. The total charges for the current year, as revised, amount to Rs. 1,61,080 against Rs. 1,43,990 anticipated in the original budget. The increase of Rs. 17,090 is mainly due to the additional charges incurred on the water-works on account of its break down in January last and to the provision of Rs. 9,500 for plague preventive measures—*vide* G.O., Mis. No. 2076 M., dated 6th December 1898.

19. *New Works.*—The sum of Rs. 120 was expended in the year for the construction of a road-dam in Puttur.

20. *New Buildings.*—Provision has been made only for payment of liabilities incurred in the construction of the out-patient ward in the hospital and of the corrugated iron sheds for the Devadanam burning-ground. These works were begun in the previous official year and will be completed early in the ensuing year.

21. *New Drains.*—A small drain was constructed at a cost of Rs. 30 in the Chinnakammala street. The construction of the other drains was postponed in order to effect savings to meet the charges for plague measures.

22. *Water-supply.*—The provision of Rs. 4,290 against Rs. 3,000 originally estimated is rendered necessary by the payment, in the current year, of the rents for a pulsometer lent by the Tanjore Municipality for use in the construction of the head works.

23. *Water-supply.*—The allotments under repairs to water-works and machinery and under the contingencies are now estimated at Rs. 3,000 and Rs. 10,800, respectively, against Rs 800 and Rs. 10,000 shown in the original budget. The increase in the expenditure under these heads was rendered necessary by the failure of the head works in January last, the extensive repairs consequently made to the works and engines and the special arrangements made for the temporary supply of water to the town. The charges on account of the establishment also show an increase of Rs. 340 over the original budget, which is due to the revision of the staff sanctioned in G.O., Mis. No. 1313 M., dated 21st July 1898.

24. *Grant 2, (4) Result Grants.*—Rs. 800 are provided over the original estimate for the payment of result grants curtailed in the previous year for want of funds.

25. *Conservancy establishment.*—The reduction in the allotment from Rs. 13,370 o Rs. 12,790 is due to savings effected by employing a temporary chief sanitary inspector on less pay than the sanctioned rate, and to the employment of a smaller number of sweepers and scavengers than was originally estimated for.

26. *Conservancy—Other Charges.*—The original provision of Rs. 20,000 is found insufficient and is therefore raised to Rs. 21,800.

27. *Private Scavenging establishment.*—The scavenging services have been extended to the 1st, 3rd, 7th and 8th wards in the current year and now cover the whole municipality. The allotment of Rs. 6,170 includes the charges required for the additional maistries and scavengers employed in those wards.

28. *Plague Charges.*—An allotment of Rs. 9,500 is provided for expenditure in the current year on the preventive measures against plague.

29. *Lighting Contingencies.*—The original provision of Rs. 3,400 is reduced to Rs. 2,700. This reduction is due chiefly to the cheapness of oil, and to more careful supervision.

30. *Survey of Land.*—An allotment of Rs. 490 is made to cover the payment already made to the Government towards the cost of the demarcation stones erected for survey purposes.

31. *Printing.*—The original provision of Rs. 500 is not sufficient to meet all printing charges and is therefore raised to Rs. 900.

32. *Collection establishment.*—The provision has been raised from Rs. 1,940 to Rs. 2,000, as two additional bill-collectors were employed in the middle of the year—*vide* G.O., Mis. No. 1830 M., dated 27th October 1898.

33 *Purchase of Account books.*—The original provision of Rs. 500 is insufficient and is raised to Rs. 1,500. The increased expenditure is due to the introduction of revised forms and registers prescribed by the Inspector of the Local Fund Accounts.

BUDGET ESTIMATES FOR 1899–1900.

Receipts.

34. The total receipts for the ensuing year including the opening balance of Rs. 3,110 amount to Rs. 1,64,630.

35. *Tax on Arts.*—A sum of Rs. 10,000 is expected from this tax.

36. *Tax on Buildings.*—The Council considers that the assessment should continue as hitherto at $7\frac{1}{2}$ per cent. on the annual valuation, as it hopes to realize an increase by revision of the registers. Rs. 35,000 are expected for the ensuing year from this source.

37. *Tax on Lands.*—The receipts from this source are estimated at Rs. 5,000 for next year. This tax is levied at $7\frac{1}{2}$ per cent. on the annual value of the lands and can hardly bear an increase.

38. *Water-tax.*—The income from this tax is estimated at Rs. 14,000 for the ensuing year. The water-tax is levied at 4 per cent. on the annual value of the buildings and lands not used solely for agricultural purposes.

39. *Tax on Vehicles, Animals and Carts.*—The receipts from this source are put down at Rs. 12,600, which is the revised demand for the current year.

40. *Tolls,*—Rs. 10,040 are expected on account of the contribution for tolls managed by the District Board inasmuch as one-third of the receipts from tolls will be paid by the District Board as usual.

41. *Rent of Lands.*—Rs. 400 are expected from this source. This income consists of the rents derived from the vacant lands rented for temporary occupation by dramatic companies and other persons.

42. *Rent of Buildings.*—Rs. 860 are expected from the rents derived from the two arrack godowns and twenty stalls of the China bazaars.

43. *Avenue receipts.*—These consist of the sale-proceeds of withered trees and cuttings from the trees. Rs. 150 are expected from this source.

44. *Produce of Lands and Gardens.*—This income consists of the sale-proceeds of the fruits and other produce in the public gardens, the lease of cocoanut topes in the Boulevard gardens, the right to graze cattle in vacant lands and to collect fuller's earth from unoccupied lands. Rs. 350 are expected from these sources.

45. *Sale of Lands.*—Rs. 1,500 are expected to be realized by the sale of the lands which were used for night-soil and rubbish depots. These lands are no longer required as fresh sites have been acquired and fitted for the purpose.

46. *Conservancy Receipts.*—The income from this source consists of the sale-proceeds of the street-sweepings and the night-soil removed and deposited in the depots. The receipts from this source for the ensuing year are estimated at Rs. 3,920.

47. *School Fees.*—Rs. 550 are expected from the fees collected in the salary result school maintained by the Municipality.

48. *Income from the Markets.*—Rs. 20,800 are expected from the markets for the ensuing year also.

49. *Slaughter-houses.*—There are four slaughter-houses, of which three are for sheep and one for bullocks. Rs. 2,350 are expected from this source.

50. *License-fees.*—These receipts consist of the fees levied for the erection of pandals for ceremonial occasions and for licenses for offensive and dangerous trades. The income from this source will be Rs. 1,500.

51. *Cart-stand.*—The income from the fees levied in the cart-stand will be Rs. 7,450 for the ensuing year, as the present lease extends over another year.

52. *Fines under the Municipal and other Acts.*—The receipts from this source are expected to be Rs. 2,000.

53 *Normal Stipends.*—A contribution of Rs. 80 is expected under the scholarship grants for two teachers who are proposed to be trained in the local training school.

54. *Grants for Schools and other Purposes.*—Rs. 50 are expected for result grants to girls taught in the salary-result schools and Rs. 350 on account of grants towards the pay of the two gymnastic instructors and the drawing masters.

55. *Grants for Communications.*—The sum of Rs. 1,190 is the usual grant received from the Provincial funds for the maintenance of the Cantonment roads.

56. *Contributions for the Water-supply.*—The sum of Rs. 2,090 is the contribution payable by the Military and Jail departments for the supply of water.

57. *Grants for other Purposes.*—Rs. 200 are expected as the contribution from the Military department on account of the profession-tax of the officers stationed in the Municipality.

58. *Contributions from the Local Boards* —The sum of Rs. 15,500 expected under this head consists of Rs. 1,500 and Rs. 3,000 from the District and Taluk Boards for the maintenance of the municipal hospital, Rs. 3,000 promised by the District Board for the one-third contribution towards the construction of the Diamond Jubilee dispensary which has been almost completed, and Rs. 8,000 from the District Board and the Srírangam Municipality as contribution on account of the charges proposed to be incurred against the advent of plague. Another sum of Rs. 150 is expected from the District Board towards the maintenance of race-course roads.

59. *Other Contribution for the Water-supply.*—Rs. 3,200 are expected from the Railway Company towards the annual contribution for the water-works.

60. *Private Scavenging Fees.*—The receipts on account of the scavenging services are estimated at Rs. 7,000 for the ensuing year.

61. *Recoveries for other Purposes.*—A sum of Rs. 500 is expected on account of labour and supervision charges payable by house-owners for the introduction of service-pipes to private houses.

Expenditure.

62. *Grant 1, New Works and Communications.*—No allotment is provided for the construction of new roads and culverts for want of funds.

63. *Buildings.*—Rs. 3,000 are provided for the payment of the last instalment towards the Diamond Jubliee dispensary. This amount is expected from the District Board as its contribution.

64. *Drains.*—A sum of Rs. 500 is provided for the construction of a drain for the Teppacolum and Chinnakaday street to carry off waste water and house drainage from the entrance to the Rock fort. This work is one of urgency.

65. *Repairs to Roads.*—Rs. 12,000 are provided for the maintenance of the roads.

66. *Repairs to Buildings.*—Rs. 2,500 are provided to carry out the necessary annual repairs of the several buildings mentioned in the accompanying statement II-A.

67. *Repairs to Drains.*—Rs. 200 are provided to repair and improve the existing drains in the Rock fort and Big Bazaar roads.

68. *Water-supply.*—Rs. 4,000 are provided for the repairs to works and Machinery, Rs. 8,960 for the establishment charges, and Rs. 10,800 for contingent expenses. It is proposed to retain the existing establishment which was thoroughly revised in the current year, except that the superintendent will be granted an increase of Rs. 15 per mensem to his sanctioned pay: an increase which the Council and superintending officers consider necessary to retain the services of this efficient officer.

69. *Public Works Staff.*—An overseer on Rs. 70, a clerk on Rs. 10 and a peon on Rs. 6 will be retained for the ensuing year as in the current year.

70. *Stipends to Normal Students.*—It is proposed to send two teachers—one of the lower secondary and the other of the primary grade—for normal training and Rs. 130 are provided for payment of stipends to them.

71. *Salary-result Schools.*—The existing ten schools will be maintained for the ensuing year. Rs. 1,940 are provided for the salary of the teachers, Rs. 800 for the result grants to the teachers, and Rs. 360 for contingent expenses including the purchase of school books and furniture.

72. *Fixed and Results Grants.*—Rs. 5,500 are provided for payment of fixed and result grants to the schools maintained by private managers. The Council would gladly increase this provision, but that their financial condition does not permit them to do so.

73. *Municipal Inspectors.*—The two inspecting schoolmasters on Rs. 25 and Rs. 20 each will be retained. Rs. 540 are provided for their salary and Rs. 20 for contingent expenses for the supply of forms and stationery to these officers.

74. *Building and Furniture Grants.*—Rs. 250 are provided for payment of grants to the aided schools which may be in want of furniture or building.

75. *Common Gymnasium.*—Rs. 290 are provided for maintaining the two gymnastic instructors on Rs. 12 each, who are employed in teaching drill and gymnastics to the salary-result as well as many of the aided schools which are permitted by the Council to utilise these men.

76. *Drawing Masters.*—Two drawing masters on Rs. 20 and Rs. 15 each are maintained by the Council to teach elementary drawing in all the primary schools in the Municipality. Rs. 420 are allotted on account of their salaries and Rs. 20 for the supply of contingent articles required for their work.

77. *Grant 3, Hospitals.*—The municipal hospital and the Jubilee dispensary will be maintained as at present. The establishment consists of four first-class hospital assistants on Rs. 55 each, one female apothecary under training in the Medical College on Rs. 25, two native midwives on Rs. 12 each, three compounders on Rs. 15 each, one compounder on Rs. 12, one on Rs. 9, two probationary compounders on Rs. 4 each, one purveyor on Rs. 15, one hospital clerk on Rs. 10, an European matron on Rs. 40 and the second clerk in the office of the District Medical and Sanitary Officer on

Rs. 15. Rs. 6,530 are provided for the establishment charges, Rs. 4,500 for the purchase of medicines and supplies, Rs. 3,600 for diet of patients, and Rs. 2,000 for sundries and contingencies.

78. *Contributions to Government.*—Rs. 670 are provided for payment of the annual contribution for the Medical College, Rs. 420 for the sanitary inspection, and Rs. 140 for the Medical Reserve Staff.

79. *Vaccination.*—The existing establishment will be maintained for the ensuing year. Rs. 660 are provided for the pay of the five vaccinators and Rs. 430 for the cost of animal lymph.

80. *Registration.*—The present staff of eight registrars on Rs. 10 each will be maintained for the ensuing year. Rs. 960 are provided for their salary and Rs. 50 for the contingent expenses.

81. *Conservancy Establishment.*—The existing staff will be retained without any alteration. Rs. 13,370 are provided for the establishment, and Rs. 21,000 for wages of conservancy carts worked on the contract system, and other expenses connected with the conservancy of the town.

82. *Private Scavenging Service.*—Rs. 6,950 are provided for the payment of the establishment charges, and Rs. 200 for the contingent expenses relating to private scavenging arrangements. The Council finds it necessary to raise the pay of all the bill-collectors from Rs. 7 to Rs. 10 each in consideration of the very onerous duties they have to perform in supervising the work of the scavengers and in collecting the fees in advance. They have also to furnish security in cash to the extent of Rs. 100. The services of efficient men cannot otherwise be obtained. The maistry on Rs. 8 is the clerk in charge of the demand registers and is retained.

83. *Cholera Charges.*—An allotment of Rs. 3,630 is provided to carry out the necessary measures for combating cholera.

84. *Plague Charges.*—Rs. 15,000 are provided to meet the probable expenditure on the measures prescribed for the prevention and treatment of plague.

85. *Grant 4, Lighting.*—The present establishment will be retained and the existing lamps will be maintained in the ensuing year. Rs. 1,870 are provided for the pay of the staff, and Rs. 3,400 for the purchase of oil and other necessary articles.

86. *Markets and Slaughter-houses.*—The existing establishment will be maintained.

87. *Grant 5, Office Establishment.*—The provision for the office establishment is fixed at Rs. 5,350 for the ensuing year, which includes the salary of the Secretary at Rs. 210 per mensem and his pensionary contribution at Rs. 21-14-0 per mensem.

88. *Inspection.*—Rs. 360 are provided for carriage allowance to the Secretary as per sanction accorded by Government—*vide* G.O., Mis. No. 2090 M., dated 7th December 1898.

89. *Collection Establishment.*—The sanctioned establishment will be maintained for the ensuing year. The Council proposes to raise the pay from Rs. 12 to Rs. 15 each of four senior bill-collectors, as it considers this incentive absolutely necessary to secure energetic and effective work. This concession is specially recommended in consideration of the great improvement noticeable under collections. Rs. 2,320 are provided for establishment and Rs. 1,000 for the purchase of account books and forms.

90. A sum of Rs. 260 is provided for office contingencies, and Rs. 1,130 for the payment of contribution to the central office and audit establishments.

91. *Repayment of Debt.*—Rs. 4,400 are provided for the payment of the year's instalment of the loans contracted for the execution of the water-supply scheme, and Rs. 4,910 for the payment of interest on the loans for the ensuing year.

92. *General Remarks.*—The extension of water-works to Woraiyur and Puttur has been long under contemplation. The Council respectfully solicits Government will be pleased to pass orders on the subject of the loans to be raised. With reference to paragraph 4 (4) of G.O., No. 622 M., dated the 22nd March 1898, the Council begs to inform the Government that the suggestion will be attended to as vacancies may occur.

Ref. on Cur. No. 100-Rev.

Forwarded.

2. The undersigned returned the budget for amendment for reasons which would appear below :—

(*a*) The contribution from tolls is now entered by the Council as Rs. 10,040 instead of Rs. 18,000, as the District Board has consented to contribute only one-third of its net income from tolls and not half as originally anticipated by the Council.

(*b*) The allotment for the repair of the water-works has been raised from Rs. 2,000 to Rs. 4,000 in view of the fact that two of the river wells are choked with sand.

(*c*) The provision for lighting charges has been raised from Rs. 3,000 to Rs. 3,400 as it was pointed out that there should be provision for a greater number of lights.

(*d*) The Chairman has stated that the appointment of thirteen tank watchers is intended for permanently preserving the tanks in the Municipality when it was pointed out that provision should be made for meeting urgent contingencies in case of accidents to water-works.

(*e*) As regards the question whether the sanitary inspectors are trained men, the Council has reported that out of the ten sanitary inspectors, two are certificated men, while two others have undergone training in the sanitary class.

(*f*) As regards the observation that the increase proposed to the superintendent of water-works seemed to be against G.O., Mis. No. 1313 M., dated 21st July 1898, the Council has again recommended the increase on the grounds that he has proved himself in every way fitted for this important charge and effected considerable economy in the expenditure on contingencies and that the several superintending and inspecting officers who visited the works were unanimous in the opinion of the desirability of retaining his services by an addition to his salary.

3. *Paragraphs* 22, 23 *and* 68—*Water-supply.*—The subject of constant breakdowns of the water-works which threaten to recur annually requires the immediate consideration of a strong committee as advocated by me in my Ref. on Cur. No. 491-Rev., dated the 2nd March 1898, and Ref. Cur. No. 67-Rev., dated 9th January 1899. Cholera is now prevailing in an epidemic form, chiefly in Puttur, Woraiyur and other places where the water project has not as yet been introduced. The Council would do well to retrench its expenditure as much as possible in other directions, with a view to make sufficient provision for the extension of the scheme.

4. *Paragraphs* 27, 60 *and* 82—*Private Scavenging.*—The estimate for 1899–1900 is Rs. 7,000 against the revised estimate of Rs. 7,200 for the current year, and against the actuals of Rs. 5,404 for 1897–98, although the system has been extended during the year to the 1st, 3rd, 7th and 8th wards. The proposed expenditure is Rs. 6,950 for establishment and Rs. 200 for contingencies, *i.e.*, Rs. 7,150 which is over the receipts, although the services of 49 scavengers on a salary of Rs. 4-8-0 each have been dispensed with.

5. *Paragraph* 65—*Communications.*—Roads to the extent of 3 miles have yet to be gravelled or metalled. It is hoped that the Municipality will be able to put the roads in a state of thorough order. The state of the roads is, on the whole, very good.

6. The budget closes with the poor balance of Rs. 1,870 which is very far below the prescribed percentage.

23rd January 1899.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 17th January 1899, No. 45.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Trichinopoly Municipality for the year 1899–1900 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 335.

Referring to the budget estimate of the Trichinopoly Municipality for 1899–1900, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted, with an addition of Rs. 100 under contingencies for municipal salary-result system schools to enable the Council to purchase furniture, maps and library books for some of the municipal schools, and of Rs. 500 to the provision for "Fixed and result grants." The inspecting officers consider the current year's allotment, viz., Rs. 5,500, under the latter head, insufficient and recommend that it be raised to Rs. 6,000.

2. Even with the above additions, the net expenditure under Grant 2 will be Rs. 9,860 (10,890—1,030), which is only 8·5 per cent. of the estimated income of the Municipality from taxation, markets and rents, a percentage which is much below the proportion in most other municipalities.

From J. A. JONES, Esq., M.I.C.E., F.R.S.C., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 41.

With reference to the budget estimate of the Municipal Council of Trichinopoly for 1899–1900, of which an extract has been furnished to me, I have the honour to state that the allotments made under 2. (*d*) Repairs—Water-supply are considered adequate.

2. With regard to paragraph 92 of the Chairman's letter No. 1, dated 2nd January 1899, I desire to point out that this extension cannot be made until the supply of water is increased by the provision of extra wells in the river bed.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 22nd February 1899, No. 568-S.

With reference to the Trichinopoly Municipal budget for 1899–1900, I have the honour to state that the proposed expenditure on conservancy is 37·2 per cent. of the estimated receipts including the sum of Rs. 15,000 provided for meeting plague charges. Excluding this item, the allotment is only 26·6 per cent. My remarks on the last budget touching the revision of the conservancy supervising staff have received no notice at the hands of the Municipal Council, although this course was commended to it for very early adoption by Government so far back as in April 1898—*vide* paragraph 4 (4) of G.O., No. 622 M., dated 22nd March 1898.

Revised Estimate for 1898–1899.

2. The current receipts and charges are now estimated at Rs. 1,69,710 and Rs. 1,61,080, respectively, against Rs. 1,43,100 and Rs. 1,43,990 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the arts and water taxes, cart-stand fees, contributions from Local Boards, private scavenging fees and refunds of expenditure of previous year, and that in the charges under Grants 1 and 3. With reference to paragraph 2 of G.O., No. 7, Financial, dated 3rd January 1899, communicated with G.O, No. 145 P., dated 30th January 1899, the contribution of Rs. 4,000 expected from the Trichinopoly District Board for plague charges will be struck out, and with reference to G.O., No. 534 I., dated 8th March 1899, the provision for these charges will be reduced from Rs 9,500 to Rs. 5,910. The balance to be carried forward to the next year's budget will then be Rs. 2,700.

Budget Estimate for 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,61,520 against Rs. 1,65,710 in the revised estimate. A decrease appears mainly under the water tax, tolls, recoveries for services rendered to private individuals and refunds of expenditure of previous year, but is partly met by an increase under the arts tax, sale-proceeds of lands and buildings and contribution from Local Boards. With reference to paragraph 2 of G.O., No. 7, Financial, dated 3rd January 1899, the contribution of Rs. 8,000 expected from the Trichinopoly District Board and the Srírangam Municipal Council for plague charges will be struck out. Credit will be taken for loans of Rs. 50,000 from the Provincial Loan and Advance account and of Rs. 1,58,000 to be raised in the open market, on account of the water-works, for which the necessary applications have been published in the *Fort St. George Gazette*, under paragraph 2 of G.O., No. 54 M., dated 11th January 1899, as also for a loan of Rs. 12,000 from Imperial funds in order to enable the Municipal Council to make adequate provision for plague charges.

4. *Charges.*—(1)The probable charges are put down at Rs. 1,62,760 against the revised estimate of Rs. 1,57,490, an increase appearing under Grant 3 being partly met by a decrease under Grant 1.

(2) *Grant 1.*—A provision of Rs. 2,08,200 will be made for the extension of the water-supply scheme, which has been sanctioned in G.O., No. 54 M., dated 11th January 1899. The attention of the Municipal Council is, however, drawn to the Sanitary Engineer's remark in paragraph 2 of his letter read above. For want of funds, the allotment for repairs—communications will be reduced from Rs. 12,000 to Rs. 8,000 and the increase from Rs. 150 to Rs. 165 in the salary of the Superintendent of the water-works, proposed in paragraph 68 of the Chairman's letter, will be disallowed.

(3) *Grant 2.*—In the existing state of the Municipal finances, the Director's suggestion in paragraph 1 of his letter read above to increase the allotments for contingencies to municipal schools and for fixed and result grants to aided schools by Rs. 100 and Rs. 500, respectively, cannot be adopted.

(4) *Grant 3.*—The reduction from 151 to 102 in the number of private scavengers shown in the proposition statement is sanctioned, but this should have also been referred to in the Chairman's letter. The increase from Rs. 7 to Rs. 10 in the salaries of the ten private scavenging fee collectors, proposed in paragraph 82, will be disallowed in view to prevent the private scavenging service from being worked at a loss to the Municipality. With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the provision for plague charges will be raised from Rs. 15,000 to Rs. 20,670. The remarks of the Sanitary Commissioner in his letter read above regarding the revision of the conservancy supervising staff will be commended to the Municipal Council for careful consideration and early report.

(5) *Grant 5.*—The Municipal Council's proposal in paragraph 89 to increase the salaries of the four senior bill-collectors from Rs. 12 to Rs. 15 cannot be approved

for want of funds. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the central office establishments will be raised from Rs. 1,130 to Rs. 1,430.

5. As revised by Government the budget closes with a balance of Rs. 3,970 or only 2·6 per cent. of the estimated ordinary receipts. This should be increased in the course of the year by effecting savings wherever practicable. In this connection, the attention of the Municipal Council is drawn to the remarks of the Collector at the end of paragraph 3 of his endorsement.

6. If the loan of Rs. 12,000 from Imperial funds, for which credit has been taken in paragraph 3 *supra*, be not sanctioned by the Government of India, the budget will have to be recast.

Revised Estimate for 1898–99.

2. The current receipts and charges are now estimated at Rs 169,710 and Rs 161,080 respectively, against Rs 143,100 & Rs 143,990 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the arts and water taxes, cart-stand fees, contributions from Local Boards, private scavenging fees and refunds of expenditure of previous years, and that in the charges under Grants 1 and 3. With reference to para. 2 of G.O. No. 7 Financial, dated 3rd January 1899, communicated with G.O. No. 145 P, dated 30th January 1899, the contribution of Rs 4,000 expected from the Trichinopoly District Board for plague charges will be struck out, and with reference to G.O. No. ~~273~~ 534 L, dated ~~7th~~ 8th ~~February~~ March 1899, the provision for ~~plague ex-penditure~~ these charges will be reduced from Rs 9,500 to Rs ~~8000~~ 5910. The balance to be carried forward to the next year's budget will then be Rs ~~570~~ 2,700.

Budget

Budget Estimate for 1899-1900.

3. Receipts The receipts for the ensuing year are placed at Rs 161.520 against Rs 165.710 in the revised estimate. A decrease appears mainly under the water tax, tolls, recoveries for services rendered to private individuals and refunds of expenditure of previous year, but it is partly met by an increase under the arts tax, sale proceeds of lands and buildings and contribution from Local Boards. With reference para 2 of
to G.O. No. 7 Financial, dated 3rd January 1899, the contribution of Rs 8000 expected from the Trichinopoly District Board and the Srirangam Municipal Council for plague charges will be struck out. ~~The attention of the Municipal Council is drawn to the Sanitary Engineer's remark in para 2 of his letter read above.~~ Credit will be taken for a loan of Rs 50000 from the Provincial Loan & Advance Account and of Rs 58000 otherwise raised in the open market, on account of the water works, for which the necessary applications have been published in the Fort Saint George Gazette under para 2 of G.O. No. 524 M, dated 11th January 1899, as also for a loan of Rs 12.000 from Imperial funds in order to enable the Municipal Council to make adequate provision for plague charges.

4. Charges (1) The probable charges are put down at Rs 162.760 against the revised estimate of Rs 157.490, an increase appearing under Grant 3 being partly met by a decrease under Grant 1.

(2) Grant 1. A provision of Rs 208200 will be made for the extension of the water-supply scheme, which has been sanctioned in G.O. No. 524 M, dated 11th January 1899, but for want of funds, the allotment for Repairs - Communications will be reduced from Rs 12.000 to Rs 8000 and the increase from Rs 150 to Rs 165 in the salary of the Superintendent of the water works ~~proposed~~, proposed in para 68 of the Chairman's letter, will be disallowed.

The attention of the municipal Council, is however, drawn to the Sanitary Engineer's remark in para 2 of his letter read above

H.

This is 80 per cent of the net Municipal income from tolls - The roads are reported by the Coll'r to be in very good order. Vide para 59 of his endorsement.

(3) Grant 2. In the existing state of the Municipal finances, the Director's suggestion in para 1 of this letter read above to increase the allotments for contingencies to Municipal Schools and for office and result grants to aided schools, by Rs 100 and Rs 500, respectively, cannot be adopted.

(4) Grant 3 The reduction from 151 to 102 in the number of private scavengers shown in the proposition statement is sanctioned, but this should have also been referred to in the Chairman's letter. But the increase from Rs 7 to Rs 10 in the salaries of the ten private scavenging

fee collectors, proposed in para. 82, ~~cannot~~ will be ~~approved~~ disallowed, ~~as it would result in~~ in view to prevent the private scavenging service from being worked at a loss to the Municipality.⊗ With reference to G.O. No. 1259 Financial, dated 28th December 1898, Communicated with G.O. No. 44 L, dated 11th January 1899, the provision for plague charges will be raised from Rs 15,000 to Rs. 20,670. The remarks of the Sanitary Commissioner in his letter read above, regarding the revision of the Conservancy supervising staff will be commended to the Municipal Council for careful consideration and early report.

⊗ The cost of the private scavenging service including the increase to the salary of the fee collectors proposed is Rs 7,150, while the estimated income from the former is only Rs 7000.

(6) Grant 5. The Municipal Council's proposal in para. 89 to increase the salaries of the four senior bill collectors from Rs 12 to Rs 15 ~~must~~ cannot be ~~disallowed~~ approved for want of funds. With reference to G.O. No. 2250 L, dated 25th November 1898, the contribution for the central office establishment will be raised from Rs 1130 to Rs. 1430.

5. As revised by Government, the budget closes with a balance of Rs. ~~1860~~ 3970 or only ~~1.2~~ 2.6 percent of the estimated ordinary receipts. This should be increased in the course of the year by effecting savings wherever practicable. In this connection, the attention of the Municipal Council is drawn ~~to the remarks of the Collector in para 3 of his endorsement.~~ to the remarks of the Collector at the end of para. 3 of his endorsement.

6. If the loan of Rs 12,000 from Imperial funds, for which credit has been taken in para. 3 supra, be not sanctioned by the Government of India, the budget will have to be recast.

Note

P With reference to G.O. No 130 Fin^l dated 21^st January 1899 and
R G.O. No. 1259 Fin^l dated 28^th December 1898 the L. & M. Dept^t has provided in the budget of the Dichinopoly Municipality Rs 8,020 and Rs 20,670 for the current and ensuing years respectively on account of plague. As in G.O. No. 285 Fin^l dated 22^d February 1899 the amount for the current year for the Dichinopoly district has been reduced from Rs 5,500 to Rs 3,000 the allotment for the Dichinopoly municipality will need to be correspondingly altered.

It is proposed to meet the expenditure for 1899-1900 in part by taking credit for a loan of Rs 12,000 from Imperial funds, and in para 6 it is stated that if the loan is not sanctioned, the budget estimate will have to be recast.

Then appears to be no objection to the draft.

Sir,

With reference to your letter Dis: No. 920 / 23-8-98, I very much regret to state that by an oversight the question of increasing the Contribution under tolls paid by the Local Fund to the Municipality was not brought up before the Board at its Budget meeting and that Consequently the Budget was drawn up on the usual lines. In any case however the Board could not have allotted any additional funds this year, as Government has laid an Embargo on our Surplus and Savings for Plague.

I have the honor to be
