GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. V. A. VANDAYAR Avargal, Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional Officer, Tanjore), dated 16th January 1899, No. 70.

I have the honour to submit the revised estimate for the current official year and the budget estimates of receipts and charges for the year 1899–1900 in the prescribed forms.

2. The revised and budget estimates were fully discussed by the Council at their meetings on the 2nd and 3rd January 1899 and finally adopted. Extracts of the proceedings are herein enclosed.

REVISED ESTIMATE FOR 1898–99.

Receipts.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimate for 1898–99 against the budget estimate for the same year :—

	Revised estimate.	Budget estimate.
	RS.	RS.
Opening balance	36,670	10,500
Receipts	1,05,860	1,10,860
Total ..	1,42,530	1,21,360
Expenditure	1,41,070	1,11,780
Closing balance	1,460	9,580
Total ..	1,42,530	1,21,360

4. The increase in the opening balance of the revised estimate is owing to the provision of Rs. 27,000 allotted for the extension of water-works remaining unexpended.

5. The fall of Rs. 5,000 in the receipts as per revised estimate is chiefly due to the following causes :—

(*a*) Water-tax amounting to Rs. 1,300, on lands purely agricultural and not deriving any benefit from water-works had to be given up this year under section 75 of the Act.

(*b*) The income from tolls, slaughter-house, market, cart-stand, &c., have fallen considerably lower than the budget estimates owing to want of competition at the time of sale.

(*c*) The income from the sale of rubbish as per revised estimate is only Rs. 1,500 against Rs. 5,000 of the budget estimate.

6. *Grant 1, New Works and Repairs.*—A net decrease of Rs. 2,980 had to be made in the revised estimate under Grant 1, as shown in the margin, with a view to find funds for plague charges sanctioned in G.Os., Mis. Nos. 1100 P., dated 17th September 1898, and 2127 M., dated 13th December 1898, no separate provision for meeting plague charges having been made in the budget for 1898–99.

7. The provision of Rs. 27,000 for the extension of water-works scheme has been left untouched as it is probable that the work will be started by the contractor concerned and part payment at least be made to him before the end of the current year. The other items of charges call for no special remarks.

8. In the preparation of the budget the figures of the revised estimate have generally been adopted with slight alterations. The items which call for explanation are hereunder noticed.

Receipts.

9. *Tax on Arts.*—The decrease of Rs. 1,120 as compared with the revised estimate is due to the expected absence of arrears under this head.

10. *Tax on Buildings.*—As enjoined by G.O., No. 1643 M., dated 21st September 1898, the house-tax is undergoing a thorough revision and it is anticipated that this will result in an increase of Rs. 1,700.

11. *Tax on Lands.*—The decrease under this head is due to the want of arrears to be left at the end of the current year.

12. *Water-tax on Buildings and Lands.*—The increase is due mainly to general revision of house-tax that is being now done.

13. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The income under this head has been fixed at Rs. 2,000 against the budget provision of Rs. 5,000 for 1898–99, as the

Council is of opinion that the present depot system of removing and depositing town rubbish and night-soil in a depot is certain to result in a loss of revenue and has consequently resolved to revert to the old system.

Charges.

14 Ever since the introduction of the water-works in 1895–96, the expenditure under that head has always been in excess of the receipts from professional-tax and water-tax put together as may be seen from the following statement :—

Year.	Receipts.			Charges.			
	Profession-tax.	Water-tax.	Total.	Maintenance.	Repayment of loan.	Interest.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1895-96	12,477	10,350	22,827	9,187	6,316	7,829	23,322
1896-97	10,822	12,177	22,999	17,425	6,316	7,785	31,526
1897-98	8,129	13,717	21,846	16,368	6,316	7,516	30,200
1898-99 (as per revised estimate) ..	8,470	18,050	26,520	18,990	6,316	6,980	32,286

The consequence was that the annual deficit had to be met from the general balance in favour of the Municipality until the pinch came to be felt this year. Cholera from 1896–97 and plague from 1897–98 were additional drains on the Municipal funds. The Council was therefore reduced to the necessity of cutting short the expenditure largely under Grants 1 and 2, providing for emergent and unavoidable items only.

	Rs.
1896–97 cholera charge	1,794
1897–98 cholera and plague charges ..	3,890
Total ..	5,684

15. *Grant 1 (b) Buildings.*—A provision of Rs. 1,000 has been made for constructing raised platforms for burning corpses of different castes in the cremation ground near the Vadavar. The site, as it is, is on a low level and being situated quite close to the river is rendered very inconvenient to the public during times of rain and flood. The work is therefore very necessary.

16. *Repairs—Communications.*—A provision of only Rs. 6,000 has been made under this heading as the Council cannot with due regard to the interests of the Municipality in its present straitened circumstances strictly observe the rule of spending at least half (Rs. 9,700) of the toll receipts.

17. 2. (*c*) (ii) *Establishment for flushing Drains.*—There are at present 42 hands whose pay ranges from Rs. 5–4–0 to Rs. 2–4–0 per mensem. The major portion of them (viz. 27) being on Rs. 3–4–0 and less and only thirteen on Rs. 5–4–0 and two on Rs. 4–4–0, it is very difficult to find men and adults to clean the drains on such low salaries, and when they are engaged they soon become discontented. The Council therefore has thought it fit to provide for twenty men on Rs. 6 each and for ten boys at Rs. 3 each per mensem, the latter being very necessary for cleaning the drains which are permanently covered over with pucka-built roofs or vaults.

18. *Grant 2*, (1) (*b*) *Stipends to Normal Students.*—The Assistant Inspector of Schools recommends that in a place like Tanjore any stipendiary grants to students under training is unnecessary. He also recommends that no sessional school be maintained. The Council has accepted the recommendations.

19. *Salary Grants and fixed Result Grants.*—The grants under these heads have been reduced by 25 per cent. of the usual allotments.

20. (7) (*a*) *Common Gymnasium.*—The services of one gymnastic instructor on Rs. 10 per mensem have been dispensed with.

21. The Council resolved at the meeting held on 20th July 1898 to consider the recommendations of the Director of Public Instruction to make a provision for establishing a technical institute. The Council in the present state of Municipal finances regrets its inability to make any provision for that object or to accept his recommendations in other respects for 1899–1900.

22. *Grant 3, Sanitation and Medical Services.*—The slight increase noticeable under establishment of the hospitals and dispensaries is due to the increase of Re. 1 to the probationary compounder attached to Karathatangudy dispensary.

23. *Contribution to Local Boards.*—The contribution of Rs. 2,000 sanctioned last year has been cut down to Rs. 1,500, the amount that was being paid prior to 1898–99.

24. (5) (*a*) *Establishment.*—The increase of Rs. 160 under this head is due to the revision of the establishment of sweepers and toties by reducing their number but increasing their rate of pay for the purpose of securing the services of able-bodied men and adults instead of boys and girls.

25. For want of funds no provision for a third trained sanitary inspector has been made as resolved in the Council's resolution, dated 2nd May 1898.

26. *Conservancy—Other charges such as Hire of Carts, &c.*—The allotment under this head has been reduced to Rs. 7,200, as under the old system to which the Council has resolved to revert it hopes to effect a saving of Rs. 2,500. The provision covers the hire of 24 rubbish carts and 16 night-soil carts at the rate of Rs. 15 per mensem.

27. (5) (*b*) (2).—The provision of Rs. 800 for the removal of cess-pool water sanctioned in the current year's budget has been omitted in the revised estimate and the budget estimate as owing partly to the small number of house owners that subscribed to the arrangement and partly to financial straits it was not possible to work the system successfully during the current year. But, however, when funds permit, provision will be made for constructing drains to ensure better sanitation.

28. *Survey of Lands.*—As the town survey has been well nigh completed and as the services of two temporary inspectors appointed for that duty will be dispensed with shortly, no provision has been made under this head for the next year.

29. *Grant 5, (a) Establishment.*—Provision has been made for the annual increment of Rs. 10 to the Secretary's pay sanctioned in G.O., Mis. No. 2361 M., dated 28th October 1897.

30. (*b*) The increase under this head is due to the increase of Re. 1 to the pay of the nine-bill collectors now on Rs. 9 each.

31. The year closes with a balance of Rs. 2,210.

32. Proposition statements are also submitted.

2. The receipts of the Municipality are very low and it has not been found possible to allot more funds for repairs and communications although some of the roads require repairs badly. It is however hoped that by the revision of house-tax there may be a larger increase than is at present anticipated and the deficit may thus be made good in the next budget. Under the advice of Surgeon-Major Lee the system of storing the sweepings and selling them in auction was adopted; but it proved a failure as will be seen from the income from this source for 1897–98 which is only Rs. 2,232. This system was tried once several years ago and it proved a failure even then. The Council has therefore now decided to revert to the contract system.

(Signed) J. TWIGG,
Acting Collector.

22*nd January* 1899.

From J. A. JONES, Esq., M.I.C.E., F.R.C.P.I., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th January 1899, No. 118.

With reference to the budget estimate of the Municipal Council of Tanjore for 1899–1900, of which an extract has been furnished to this office, I have the honour to state that the allotments made under 2 (*d*). Repairs—Water-supply call for no remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th January 1899, No. 1068.

Referring to the educational portion of the budget estimate of the Tanjore Municipality for 1899–1900, I have the honour to state that the action of the Municipal Council in reducing the allotments for salary grants and for fixed and result grants is calculated to retard the progress of education in the town. The actuals of 1896–97 and 1897–98 are given in the margin, and these figures show how the reduced allotments proposed under these heads, viz., Rs. 1,800 and Rs. 3,750, respectively, will disturb the finances of the existing schools. The fixed grant system is to be introduced next year, and it must be given a fair start and trial. It is, therefore, specially inopportune to retrench the allotments for grants in 1899–1900. I would strongly recommend that the current year's allotment be repeated. Under the revised Grant-in-aid Code, lower secondary schools are not eligible for salary grants and the allotment under this head should be transferred to the head "Fixed and Result grants" to permit of aid being given to these schools on the fixed or the result grant system, as the case may be. I, therefore, beg to propose that the provision made in the budget for 1899–1900 for grants be omitted and that for fixed and result grants be put at Rs. 7,400.

	Salary grants.	Result grants.
	Rs.	Rs.
1896–97	2,420	5,000
1897–98	2,426	5,002

2. The abolition of the post of one of the gymnastic instructors seems to me to be also a step in the wrong direction. In view of the importance of physical instruction and of the fact that the net cost to the Municipality on this account is only Rs. 60 (Rs. 120 salary of instructor *minus* Rs. 60 Provincial grant), the Municipality would be ill-advised in abolishing the appointment.

3. The inspecting officers strongly recommended that the allotment for building, furniture, &c., grants should be Rs. 300 at least. But as the Council expresses its inability to allot more than Rs. 200 on account of want of funds, I do not press the matter.

4. With the modifications suggested above, the net expenditure proposed under Grant 2 will be Rs. 9,520 (Rs. 9,810—290), which is less than 11 per cent. of the estimated income of the Municipality from taxation, markets and rents.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 2nd February 1899, No. 123.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1899–1900 is sufficient and calls for no further remarks.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th February 1899, No. 638-S.

I have the honour to state that the Tanjore Municipal Council proposes in its next year Rs. 24,040 on conservancy. The allotment is only 23·6

receipts and is insufficient for requirements. The number of rubbish and night-soil carts should be added to; a third sanitary inspector, as advised in my letter on the current year's budget, is also a necessity. These are matters which demand the Council's prompt attention.

REVISED ESTIMATE FOR 1898–1899.

2. The current receipts and charges are now estimated at Rs. 1,05,860 and Rs. 1,41,070, respectively, against Rs. 1,10,860 and Rs. 1,11,780 anticipated in the sanctioned budget. A decrease in the receipts, which occurs chiefly under the water-tax, tax on carts, tolls, sale-proceeds of street sweepings, market rents, and slaughter-house and cart-stand fees, is partly made good by an increase under the taxes on arts and lands, realizations under special acts, fines, recoveries for services to private individuals and advances recovered; while the increase in the charges appears mainly under Grant 1. The collections under the principal taxes during the first eight months of the year were not satisfactory. With reference to G.O., No. 285, Financial, dated 22nd February 1899, communicated with G.O., No. 534 L., dated 8th March 1899, the Government considers that it will be sufficient to allot Rs. 3,100 for epidemic charges. The provision made for this purpose will accordingly be reduced by Rs. 3,820. In this connection, the attention of the Municipal Council is drawn to No. 27 of the rules issued in G.O., No. 522 M., dated 13th March 1897, under which separate allotments for cholera and plague charges are not required. The balance to be carried forward to the ensuing year's budget will be Rs. 5,280.

BUDGET ESTIMATE FOR 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 1,01,980 against the revised estimate of Rs. 1,05,860. There is a decrease under the taxes on arts and lands, realizations under special acts, fines, recoveries for services to private individuals, miscellaneous other items and advances recovered, but it is partly counterbalanced by an increase under the tax on buildings, water-tax and conservancy receipts. Credit will be taken for a loan of Rs. 33,000 in the open market for the Tanjore Fort drainage scheme with reference to G.O., No. 2176 M., dated 16th December 1898, and for a loan of Rs. 3,000 from Imperial funds to enable the Municipal Council to make the necessary provision for plague charges.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,01,230 against Rs. 1,37,250 in the revised estimate, the decrease being under the first four grants, interest on loan and advances recoverable.

(2) *Grant 1.*—With reference to G.O., No. 2176 M., dated 16th December 1898, a sum of Rs. 33,440 will be provided under new works—drainage. For the reason stated in paragraph 16 of the Chairman's letter, the allotment for the maintenance of roads, which is only 30·9 per cent. of the Municipal revenue from tolls against the minimum of 50 per cent. prescribed by Government, will be passed. The alterations in the drain-cleaning establishment, proposed in paragraph 17, are sanctioned.

(3) *Grant 2.*—As recommended by the Director of Public Instruction in paragraph 1 of his letter read above, the provision of Rs. 1,800 made for salary grants will be struck out and that for fixed and result grants will be raised from Rs. 3,750 to Rs. 7,400. The Municipal Council's proposal to abolish the post of one of the gymnastic instructors, referred to in paragraph 20 of the Chairman's letter, cannot be accepted with reference to paragraph 2 of the Director's letter.

(4) *Grant 3.*—The increase of Re. 1 in the pay of the probationary compounder, proposed in paragraph 22 of the Chairman's letter, cannot be approved, as the necessity for it has not been explained. The proposal to reduce the contribution to the Tanjore District Board towards the maintenance of the Raja Mirasidar hospital, referred to in paragraph 23, should form the subject of a separate communication after consultation with the Board. Meanwhile the amount provided for this purpose will be raised by Rs. 500. The alterations in the conservancy establishment, referred to in paragraph 24, are sanctioned. The suggestions of the Sanitary Commissioner in his letter read above should be considered by the Council when funds become available. The allotment for epidemic charges will be raised from Rs. 5,920 to Rs. 10,940, with reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899.

(5) *Grant 5.*—The increase in the salaries of the bill-collectors, referred to in paragraph 30, cannot be approved, as the necessity for it has not been explained. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the central office establishments will be reduced from Rs. 900 to Rs. 881 or Rs. 880 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 1,300 or only 1·3 per cent. of the ordinary receipts. This should be increased by effecting savings wherever possible in the course of the year.

6. If the loan of Rs. 3,000 from Imperial funds for which credit has been taken in paragraph 3 *supra* be not sanctioned by the Government of India, the budget will have to be recast.

Municipal Budget.

Reviewing the Tanjore — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. A. VANDAYAR Avargal, Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional Officer, Tanjore), dated 16th January 1899, No. 70.

I have the honour to submit the revised estimate for the current official year and the budget estimates of receipts and charges for the year 1899–1900 in the prescribed forms.

2. The revised and budget estimates were fully discussed by the Council at their meetings on the 2nd and 3rd January 1899 and finally adopted. Extracts of the proceedings are herein enclosed.

REVISED ESTIMATE FOR 1898–99.

Receipts.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimate for 1898–99 against the budget estimate for the same year:—

	Revised estimate.	Budget estimate.
	RS.	RS.
Opening balance	36,670	10,500
Receipts	1,05,860	1,10,860
Total ..	1,42,530	1,21,360
Expenditure	1,41,070	1,11,780
Closing balance	1,460	9,580
Total ..	1,42,530	1,21,360

4. The increase in the opening balance of the revised estimate is owing to the provision of Rs. 27,000 allotted for the extension of water-works remaining unexpended.

5. The fall of Rs. 5,000 in the receipts as per revised estimate is chiefly due to the following causes:—

(*a*) Water-tax amounting to Rs. 1,300, on lands purely agricultural and not deriving any benefit from water-works had to be given up this year under section 75 of the Act.

(*b*) The income from tolls, slaughter-house, market, cart-stand, &c., have fallen considerably lower than the budget estimates owing to want of competition at the time of sale.

(*c*) The income from the sale of rubbish as per revised estimate is only Rs. 1,500 against Rs. 5,000 of the budget estimate.

			— 3,290
			+ 310
			— 2,980

6. *Grant 1 New Works and Repairs.*—A net decrease of Rs. 2,980 had to be made in the revised estimate under Grant 1, as shown in the margin, with a view to find funds for plague charges sanctioned in G.Os., Mis. Nos. 1100 P., dated 17th September 1898, and 2127 M., dated 13th December 1898, no separate provision for meeting plague charges having been made in the budget for 1898–99.

7. The provision of Rs. 27,000 for the extension of water-works scheme has been left untouched as it is probable that the work will be started by the contractor concerned and part payment at least be made to him before the end of the current year. The other items of charges call for no special remarks.

8. In the preparation of the budget the figures of the revised estimate have generally been adopted with slight alterations. The items which call for explanation are hereunder noticed.

Receipts.

9. *Tax on Arts.*—The decrease of Rs. 1,120 as compared with the revised estimate is due to the expected absence of arrears under this head.

10. *Tax on Buildings.*—As enjoined by G.O., No. 1643 M., dated 21st September 1898, the house-tax is undergoing a thorough revision and it is anticipated that this will result in an increase of Rs. 1,700.

11. *Tax on Lands.*—The decrease under this head is due to the want of arrears to be left at the end of the current year.

12. *Water-tax on Buildings and Lands.*—The increase is due mainly to general revision of house-tax that is being now done.

13. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The income under this head has been fixed at Rs. 2,000 against the budget provision of Rs. 5,000 for 1898–99, as the

Council is of opinion that the present depot system of removing and depositing town rubbish and night-soil in a depot is certain to result in a loss of revenue and has consequently resolved to revert to the old system.

Charges.

14. Ever since the introduction of the water-works in 1895-96, the expenditure under that head has always been in excess of the receipts from professional-tax and water-tax put together as may be seen from the following statement:—

Year.	Receipts.			Charges.			
	Profession-tax.	Water-tax.	Total.	Maintenance.	Repayment of loan.	Interest.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1895-96	12,477	10,350	22,827	9,187	6,316	7,829	23,322
1896-97	10,822	12,177	22,999	17,425	6,316	7,785	31,526
1897-98	8,129	13,717	21,846	16,368	6,316	7,516	30,200
1898-99 (as per revised estimate) ..	8,470	18,050	26,520	18,990	6,316	6,980	32,286

The consequence was that the annual deficit had to be met from the general balance in favour of the Municipality until the pinch came to be felt this year.

	Rs.
1896-97 cholera charge	1,794
1897-98 cholera and plague charges ..	3,890
Total ..	5,684

Cholera from 1896-97 and plague from 1897-98 were additional drains on the Municipal funds. The Council was therefore reduced to the necessity of cutting short the expenditure largely under Grants 1 and 2, providing for emergent and unavoidable items only.

15. *Grant 1 (b) Buildings.*—A provision of Rs. 1,000 has been made for constructing raised platforms for burning corpses of different castes in the cremation ground near the Vadavar. The site, as it is, is on a low level and being situated quite close to the river is rendered very inconvenient to the public during times of rain and flood. The work is therefore very necessary.

16. *Repairs—Communications.*—A provision of only Rs. 6,000 has been made under this heading as the Council cannot with due regard to the interests of the Municipality in its present straitened circumstances strictly observe the rule of spending at least half (Rs. 9,700) of the toll receipts.

17. 2. (*c*) (ii) *Establishment for flushing Drains.*—There are at present 42 hands whose pay ranges from Rs. 5-4-0 to Rs. 2-4-0 per mensem. The major portion of them (viz. 27) being on Rs. 3-4-0 and less and only thirteen on Rs. 5-4-0 and two on Rs. 4-4-0, it is very difficult to find men and adults to clean the drains on such low salaries, and when they are engaged they soon become discontented. The Council therefore has thought it fit to provide for twenty men on Rs. 6 each and for ten boys at Rs. 3 each per mensem, the latter being very necessary for cleaning the drains which are permanently covered over with pucka-built roofs or vaults.

18. *Grant 2*, (1) (*b*) *Stipends to Normal Students.*—The Assistant Inspector of Schools recommends that in a place like Tanjore any stipendiary grants to students under training is unnecessary. He also recommends that no sessional school be maintained. The Council has accepted the recommendations.

19. *Salary Grants and fixed Result Grants.*—The grants under these heads have been reduced by 25 per cent. of the usual allotments.

20. (7) (*a*) *Common Gymnasium.*—The services of one gymnastic instructor on Rs. 10 per mensem have been dispensed with.

21. The Council resolved at the meeting held on 20th July 1898 to consider the recommendations of the Director of Public Instruction to make a provision for establishing a technical institute. The Council in the present state of Municipal finances regrets its inability to make any provision for that object or to accept his recommendations in other respects for 1899-1900.

22. *Grant 3, Sanitation and Medical Services.*—The slight increase noticeable under establishment of the hospitals and dispensaries is due to the increase of Re. 1 to the probationary compounder attached to Karathatangudy dispensary.

23. *Contribution to Local Boards.*—The contribution of Rs. 2,000 sanctioned last year has been cut down to Rs. 1,500, the amount that was being paid prior to 1898-99.

24. (5) (*a*) *Establishment.*—The increase of Rs. 160 under this head is due to the revision of the establishment of sweepers and toties by reducing their number but increasing their rate of pay for the purpose of securing the services of able-bodied men and adults instead of boys and girls.

25. For want of funds no provision for a third trained sanitary inspector has been made as resolved in the Council's resolution, dated 2nd May 1898.

26. *Conservancy—Other charges such as Hire of Carts, &c.*—The allotment under this head has been reduced to Rs. 7,200, as under the old system to which the Council has resolved to revert it hopes to effect a saving of Rs. 2,500. The provision covers the hire of 24 rubbish carts and 16 night-soil carts at the rate of Rs. 15 per mensem.

27. (5) (*b*) (2).—The provision of Rs. 800 for the removal of cess-pool water sanctioned in the current year's budget has been omitted in the revised estimate and the budget estimate as owing partly to the small number of house owners that subscribed to the arrangement and partly to financial straits it was not possible to work the system successfully during the current year. But, however, when funds permit, provision will be made for constructing drains to ensure better sanitation.

28. *Survey of Lands.*—As the town survey has been well nigh completed and as the services of two temporary inspectors appointed for that duty will be dispensed with shortly, no provision has been made under this head for the next year.

29. *Grant 5*, (*a*) *Establishment.*—Provision has been made for the annual increment of Rs. 10 to the Secretary's pay sanctioned in G.O., Mis. No. 2361 M., dated 28th October 1897.

30. (*b*) The increase under this head is due to the increase of Re. 1 to the pay of the nine-bill collectors now on Rs. 9 each.

31. The year closes with a balance of Rs. 2,210.

32. Proposition statements are also submitted.

Endt. on Cur. No. 183-Ver.

Forwarded.

2. The receipts of the Municipality are very low and it has not been found possible to allot more funds for repairs and communications although some of the roads require repairs badly. It is however hoped that by the revision of house-tax there may be a larger increase than is at present anticipated and the deficit may thus be made good in the next budget. Under the advice of Surgeon-Major Lee the system of storing the sweepings and selling them in auction was adopted; but it proved a failure as will be seen from the income from this source for 1897-98 which is only Rs. 2,232. This system was tried once several years ago and it proved a failure even then. The Council has therefore now decided to revert to the contract system.

Revised Estimate for 1898–1899.

2. The current receipts and charges are now estimated at Rs. 1,05,860 and Rs. 1,41,070, respectively, against Rs. 1,10,860 and Rs. 1,11,780 anticipated in the sanctioned budget. A decrease in the receipts, which occurs chiefly under the water-tax, tax on carts, tolls, sale-proceeds of street sweepings, market rents, and slaughter-house and cart-stand fees, is partly made good by an increase under the taxes on arts and lands, realizations under special acts, fines, recoveries for services to private individuals and advances recovered; while the increase in the charges appears mainly under Grant 1. The collections under the principal taxes during the first eight months of the year were not satisfactory. With reference to G.O., No. 285, Financial, dated 22nd February 1899, communicated with G.O., No. 534 L., dated 8th March 1899, the Government considers that it will be sufficient to allot Rs. 3,100 for epidemic charges. The provision made for this purpose will accordingly be reduced by Rs. 3,820. In this connection, the attention of the Municipal Council is drawn to No. 27 of the rules issued in G.O., No. 522 M., dated 13th March 1897, under which a separate provision for cholera and plague charges is not required. The balance to be carried forward to the ensuing year's budget will be Rs. 5,280.

Tax on arts	36·2 per cent.
,, buildings	30·1 ,,
,, lands	19·5 ,,
Water-tax	29·4 ,,

Budget Estimate for 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 1,01,980 against the revised estimate of Rs. 1,05,860. There is a decrease under the taxes on arts and lands, realizations under special acts, fines, recoveries for services to private individuals, miscellaneous other items and advances recovered, but it is partly counterbalanced by an increase under the tax on buildings, water-tax and conservancy receipts. Credit will be taken for a loan of Rs. 33,000 in the open market for the Tanjore Fort drainage scheme with reference to G.O., No. 2176 M., dated 16th December 1898, and for a loan of Rs. 3,000 from Imperial funds to enable the Municipal Council to make the necessary provision for plague charges.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,01,230 against Rs. 1,37,250 in the revised estimate, the decrease being under the first four grants, interest on loan and advances recoverable.

(2) *Grant 1.*—With reference to G.O., No. 2176 M., dated 16th December 1898, a sum of Rs. 33,440 will be provided under new works—drainage. For the reason stated in paragraph 16 of the Chairman's letter, the allotment for the maintenance of roads which is only 30·9 per cent. of the Municipal revenue from tolls

against the minimum of 50 per cent. prescribed by Government, will be passed. The alterations in the drain-cleaning establishment, proposed in paragraph 17, are sanctioned.

(3) *Grant 2.*—As recommended by the Director of Public Instruction in paragraph 1 of his letter read above, the provision of Rs. 1,800 made for salary grants will be struck out and that for fixed and result grants will be raised from Rs. 3,750 to Rs. 7,400. The Municipal Council's proposal to abolish the post of one of the gymnastic instructors, referred to in paragraph 20 of the Chairman's letter, cannot be accepted with reference to paragraph 2 of the Director's letter.

(4) *Grant 3.*—The increase of Re. 1 in the pay of the probationary compounder, proposed in paragraph 22 of the Chairman's letter, cannot be approved, as the necessity for it has not been explained. The proposal to reduce the contribution to the Tanjore District Board towards the maintenance of the Raja Mirasidar hospital, referred to in paragraph 23, should form the subject of a separate communication after consultation with the Board. Meanwhile the amount provided for this purpose will be raised by Rs. 500. The alterations in the conservancy establishment, referred to in paragraph 24, are sanctioned. The suggestions of the Sanitary Commissioner in his letter read above should be considered by the Council when funds become available. The allotment for epidemic charges will be raised from Rs. 5,920 to Rs. 10,940, with reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899.

(5) *Grant 5.*—The increase in the salaries of the bill-collectors, referred to in paragraph 30, cannot be approved, as the necessity for it has not been explained. With reference to G.O., No. 2250 L., dated 25th November 1898, the contribution for the central office establishments will be reduced from Rs. 900 to Rs. 881 or Rs. 880 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 1,300 or only 1·3 per cent. of the ordinary receipts. This should be increased by effecting savings wherever possible in the course of the year.

6. If the loan of Rs. 3,000 from Imperial funds for which credit has been taken in paragraph 3 *supra* is not sanctioned by the Government of India, the budget will have to be recast.

Revised Estimate for 1898-99.

2. The current receipts and charges are now estimated at Rs 105860 and Rs 141070, respectively, against Rs 110860 and Rs 111780 anticipated in the sanctioned budget. A decrease in the receipts, which occurs chiefly under Water tax, tax on Carts, tolls, Sale-proceeds of street sweepings, Market rents, and Slaughter-house and Cartstand fees is partly made good by an increase under the taxes on arts ~~buildings~~ and lands, realizations under special acts, fines, recoveries for services to private individuals and advances recovered; while the increase in the charges appears mainly under grant 1. The collections under the principal taxes during the first eight months of the year were not satisfactory: with reference to Go. No 285 dated 22d February 1899, communicated with Go. No 534 dated 8th March 1899, the Government considers that it will be sufficient to allot Rs 3100 for epidemic charges. The provision made

Taxes arts 36.2 %
" buildings 30.1 %
" lands 19.5 %
Water tax 29.4 %

for this purpose will accordingly be reduced by Rs 3820. In this Connection, the attention of the Municipal Council is drawn to No 27 of the rules issued in Fo. No 622 M dated 13th March 1897, under which a separate provision for Cholera and plague charges is not required. The balance to be carried forward to the ensuing years budget will be Rs 5280

L
