The Secretary to Government

Through the collector. The Nilgiris - and
Through the Director of Public Instruction.

Sir,

H.

In G.O. nos 2858 and 2859 of
31st December 1897. General Municipal Review
on the reports for 1896-97. Grant 2. Education
Para 11. Clause 2. the Government remarked
that:

"In the following towns however, the net
cost of each pupil was heavy.

"Salary grant system Schools

"Ootacamund Rs 13. 8. 9.

"The Municipal Council of the town should see
that the charges of these schools are reduced
as much as possible in future years."

2. On the 26th January 1898 the
Assistant Inspector of Schools. Western Circle.
Pondicherry was requested to favor the
Municipal Council with his opinion as
to how the reduction suggested should
be

be made.

On the 1st May 1898 the Assistant Inspector made the following suggestions.

"(a) - that the parents of children who are in receipt of Rs 10 or 12 a month should be required to pay the following fees.

" Infant Standard	--	--	3 pice
" 1 st	do	--	6 pice
" 2 nd	do	--	1 Anna
" 3 rd	do	--	1/2 do
" 4 th	do	--	2 Annas.

"(b) that children of parents with incomes up to 20 Rs. be admitted into the Municipal Schools, and that the fees above specified be doubled in the case of children whose parents are in receipt of incomes from 10 to 20 Rs."

"(c) that the Hindustani School at Kandal be amalgamated with the Kandal Municipal School, and the teacher of the former school be posted to the latter school.

"(d) that the teacher of Kandal Municipal School be appointed teacher of the new school in the Municipality."

The Assistant Inspector did not consider it desirable to reduce the pay of teachers, or their present remuneration, as suggested by the Sub Assistant Inspector of Schools.

On this the Municipal Council requested the Manager of Saint Joseph's School at Ootacamund the Revd.

Rev. F. Boller, a Municipal Councillor, to favor it with his opinion, as he had considerable experience in the management of schools both in the plains and in the hills. The Rev. F. Boller submitted the following remarks:

"1st Considering that living is much dearer on the hills than in the plains, the salaries of the teachers employed in the Municipal Schools are not too high and should be maintained as they are at present. Reduction on this point would certainly discontent the teachers and prove to be always a great difficulty to procure the services of qualified men for a low salary."

"2. The remarks of the Sub Assistant Inspector that few people in the town make less than Rs 10 per mensem seem to be an exaggeration. I know of very many parents or guardians who either earn less than that amount or who although they may earn more for a few months are left unemployed for a part of the year and are thus unable to pay for the Education of ^{their} children. I am therefore of opinion that for the benefit of the children belonging to that class the Municipal Schools should continue to admit them free and also to supply them, at the beginning of each term with books & slates at half the cost price."

(3) To meet the wishes of

of the Government and the suggestions of the Educational officers, children of parents -
 - drawn up salary of Rs 10 per mensem might
 - also be admitted as suggested by the
 - Assistant Inspector of Schools and fees
 - levied at the following rates -

Standard Rates app.
 to the Est. Rule

Infant class	1 Anna	1 anna
1 st class	2 Annas	2 annas
2 nd do	4 - do x	3 -
3 rd do	6 - do	6 -
4 th do	8 - do	8 -

"These rates are below the Standard
 rates of the Educational rules. The
 rates proposed by the Assistant Inspector
 of Schools are very low. 1 - 2 - 3 -
 4 Annas. They would not affect a
 substantial reduction in the actual
 charges and would certainly be a cause
 of decrease in the strength of other
 schools and particularly of the Mys-
 - lyam Mission School which is located
 by the side of the Municipal Bazaar
 school."

Upon these remarks the
 Municipal Council at a meeting held
 on the 9th July 1898. passed the following
 Resolution.

"The Council adopts Revd. B.
 Brolley's note regarding the fees
 to be levied in Municipal Schools,
 and

and resolves to refer it to the
 of Schools, Western Division, for his opinion."
 5 In his reply dated the
 15th October 1898, Mr. J. J. Logan, the Inspector
 of Schools Western Circle States.

"That for the reasons given by the Revd. B.
 Brolley and the Assistant Inspector
 of Schools, it is not advisable to
 make any reduction in the salaries
 of the teachers employed in the Muni-
 cipal primary schools. The proposal
 to abolish the Kandal Mahomedan
 School meets with my approval as
 it serves no useful purpose, but with
 regard to the rates to be levied in
 the Municipal Schools, I should think
 that the rates proposed by Mr. Brolley
 are too high, while those proposed by
 the Assistant Inspector are rather too
 low. No invidious distinction between
 the pupils of parents earning below
 and above Rs 10. need be made in
 the levy of fees; nor should the pupils
 be supplied with books and slates at
 half the cost price any longer. I
 would propose the following rates
 of fees which, all things considered,
 cannot be taken as either too low
 or too high."

Infant

Infant Standard	6 pice.
I st do	1 Anna
II do	2 Annas
III do	3 do.
IV do	4 do.

At a meeting held on the 29th October 1898 the Municipal Council passed the annexed resolution.

"The Council accepts the rates of fees recommended by the Inspector of Schools, and the sanction of the Governor in Council will be requested for their adoption from the 1st of April 1899."

I have the honor accordingly, under Section 122 (i) of the Municipal Amendment Act III of 1897, to request that the sanction of His Excellency the Governor in Council may be obtained for the following scale of fees being charged in the three Municipal Schools viz:

The Bazaar School,
The Kandal School, and
The Kodappanund School.
from the 1st April 1899.

The Muhammadan School has been amalgamated with the Kandal School.

I have the honor to be,
Sir,
your most obedient Servant,

M. Ramiah
Chairman.

CURRENT No. 747 m

Submitted to Government through
the Director of Public Instruction.
It appears from the budget of
1899-1900 that the anticipated
effect of the enhancement of
fees is to reduce the average net
cost per pupil —

In the Boyar School from Rs. 3.5.8 to Rs. 4.4.5
In Kandall School from Rs. 9.0.3 to Rs. 6.14.9.
Under the School fee notification, the
standard rates of fees for primary
schools are considerably higher than
those proposed by Mr. Logan but, as
a tentative measure, Mr. Logan's
scale might be accepted. There
are many very poor people in
the town & a large increase in fees
would probably affect attendance
considerably.
