MARCH.

Municipal Budget.

Reviewing the Palghat — for 1899-1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. Rao Bahadur P. I. CHINNASWAMI PILLAI Avargal, Chairman, Municipal Council, Palghat, to the Secretary to Government, Local and Municipal Department (through the Collector of Malabar and the Head Assistant Collector, Malabar), dated 5th January 1899, No. 43.

I have the honour to submit herewith the budget estimates of the receipts and charges of this Municipality for the year 1899–1900, together with the revised estimates for the current year. The entries have been fully considered and passed by the Council at their meetings held on the 14th December 1898 and 4th January 1899.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The year 1897–98 closed with a balance of Rs. 11,270, which has been adopted as the opening balance for 1898–99 against Rs. 4,410 anticipated in the current year's estimate. The receipts in the revised estimate, exclusive of the opening balance, amount to Rs. 67,550 against Rs. 65,790 in the budget estimate. The chief items under which a decrease below the budget estimates occurs are, "Tax on buildings", "Tax on arts", "Tax on lands" and "Cart-stand fees", and those under which an increase over the budget estimates occurs are, "Conservancy receipts", "Fees from educational institutions", "Income from markets", "License fees", "Fines under Municipal and other Acts", "Grants from Government on account of school buildings", "Medical contributions from Local Boards" and "Private scavenging fees." The variations between the figures in the revised and the budget estimates will be found explained in column 7 of statement VI.

Charges.

3. *Grant 1, Public Works.*—The expenditure under this grant is estimated to amount to Rs. 16,530 against the budget estimate of Rs. 15,680. The increase is chiefly due to an amount of Rs. 500 having been provided for the formation of an abandoned road on the western boundary of the Municipality and to the additional allotments under "New Works—Buildings" and "Repairs—Buildings," sanctioned in G.Os., Mis. Nos. 1752 M., 1754 M. and 1771 M., dated 18th October 1898, 18th October 1898 and 19th October 1898, respectively. The increase over the budget grant would have been larger but for the fact that a sum of Rs. 2,400 has been reserved for plague expenditure in accordance with G.O., Mis. No. 2060 M., dated 5th December 1898.

4. *Grant 2, Education.*—A sum of Rs. 25,050 is provided against Rs. 24,440 in the budget estimate. The increase over the budget grant which occurs under "2. Municipal schools—(i) On salary system—(*a*) Establishment", and "(*b*) Contingencies" is due to the additional allotments sanctioned as per G.Os., Mis. Nos. 1297-A. M. and 1771 M., dated 1st July 1898 and 19th October 1898, respectively. The other variations have been explained in the remarks column of statement VI.

5. *Grant 3, Sanitation and Medical Services.*—The charges under this head are estimated at Rs. 20,130 against the budget provision of Rs. 17,980, the increase being chiefly due to the addition in the allotment for epidemic charges.

6. *Grant 4, Miscellaneous.*—Rs. 4,460 are provided under this grant against Rs. 3,770, the figure in the budget estimate. The increase under "9. Other charges —(iv) Compensation for lands" is due to the acquisition of improvements on the land taken up for the municipal office buildings, and to the provision made for the payment of compensation for the land proposed to be acquired for the new burial-ground for the Mappilla community, as required in G.O., Mis. No. 104 M., dated 15th January 1898.

7. *Grant 5.*—The expenditure as estimated under this grant amounts to Rs. 4,150 against Rs. 4,080, the provision in the current year's budget.

8. *Repayment of Debt, &c.*—The sixth instalment together with interest on Rs. 12,000 is due on the 1st February 1899 and the sum of Rs. 1,720 provided in the budget is repeated in the revised estimate.

9. The total expenditure under all the grants is estimated to amount to Rupees 72,090 against the budget grant of Rs. 67,720 and the revised estimate closes with a balance of Rs. 6,730 which has been brought forward as the opening balance for the year 1899–1900.

BUDGET ESTIMATE FOR 1899–1900.

Receipts.

10. Including the estimated opening balance of Rs. 6,730, the receipts of the year 1899–1900 are estimated at Rs. 87,780, including the loan of Rs. 10,000 proposed to be raised for the construction of an additional building for the Victoria College, Palghat.

11. *Tax on Arts.*—The receipts from this source, including the sum of Rs. 100 brought forward on account of the arrears of the current year, are estimated at Rs. 3,400 against Rs. 3,160, the revised estimate for the current year. The increase in the budget estimate is proposed owing to the contemplation of Government to repeal schedule A of the District Municipalities Act as amended by Act III of 1897 with a view to the adoption of the original schedule A of Act IV of 1884.

12. *Tax on Buildings and Lands.*—This tax is to be levied at 7½ per cent. on the annual rental as usual. The income estimated under "Tax on buildings" including the sum of Rs. 400 on account of arrears is Rs. 13,500 against Rs. 13,530, the revised estimate, and Rs. 14,402–14–3, the actuals of 1897–98. A sum of Rs. 4,100 is expected to be realized under "Tax on lands" including the amount of Rs. 180 on account of the arrear collections.

13. *Tax on Vehicles with Springs and Carts.*—Rs. 370 and Rs. 1,600, the figures in the revised estimate, have been repeated under "Tax on vehicles with springs" and "Tax on carts", respectively.

14. *Tolls.*—The Council propose to continue the levy of tolls at three-fourths of the maximum rates, and a sum of Rs. 10,400 is anticipated under this head against Rs. 10,440, the revised estimate, and Rs. 10,495–15–8, the actuals of the year 1897–98.

15. *Fees from Educational Institutions.*—The income from school-fees is estimated at Rs 17,240 (Victoria College, Rs. 16,500, and salary-result schools, Rs. 740) against Rs. 17,200 (Victoria College, Rs. 16,500, and salary-result schools, Rs. 700), the revised estimate, and Rs. 17,002–5–7 (Victoria College, Rs. 16,255–5–0, and salary-result schools, Rs. 747–0–7), the actuals of the year 1897–98. The increase under this head is due to the increased attendance in the college.

16. *Income from Markets and Slaughter-houses.*—The income from the Dance market is estimated at Rs. 1,300 against Rs. 1,150, the revised estimate, and Rupees 815–2–11, the actuals of the previous year. The income would have been larger but for the strong opposition which was being manifested by merchants to the Dance market. That such opposition is generally manifested towards markets is apparent from what Mr. Jones, Sanitary Engineer, says in his very elaborate treatise—*A Manual of Hygiene, Sanitation, and Sanitary Engineering*: "The Dance market is being very carefully worked departmentally, and I am glad to say that the opposition is now dying out. I have not the slightest doubt that in a very short period it will prove an important source of municipal revenue, and, in the words of Dr. Bannerman, 'a boon to the inhabitants.'"

Under income from slaughter-houses the figure in the revised estimate, viz., Rs. 640, has been repeated.

17. *Other Fees—License-fees and Cart-stand Fees.*— Under "License-fees" Rs. 750 are anticipated against Rs. 750 and Rs. 600, the revised and budget estimates, respectively, for the current year. The increase in the revised and proposed estimates is due to the levy of license-fees for butchers' shops and private markets sanctioned in G.Os., Mis. Nos. 1355 M. and 1080 M., dated 1st August 1898 and 13th June 1898, respectively. The receipts under "Cart-stand fees" are anticipated to aggregate to Rs. 500 against Rs. 400 and Rs. 720, the revised and budget estimates, respectively, for the current year. The contractor for the current year having made default in payment of his dues, the cart-stand is now being managed departmentally, and the collections for the year will not exceed Rs. 400. The cart-stand owing to its situation at the western end of Big Bazaar does not attract a large number of carts and it is now proposed to acquire a ground for the opening of an additional cart-stand on the eastern side of the town. The income from this source is estimated at Rs. 500 for the year 1899–1900.

18. *Grants and Contributions from Government.*—The want of proper accommodation for the increased strength in the college having been frequently noticed by the educational authorities the Council have adopted the following resolutions Nos. 4 and 20, dated the 14th December 1898 and the 4th January 1899, respectively :—

"Resolved that an additional building for the Victoria College be constructed at a cost of Rs. 15,000, that a loan of Rs. 10,000 be raised for this purpose with the sanction of Government which, together with a grant of Rs. 5,000 from the Provincial Funds, will amount to Rs. 15,000, and that the loan be liquidated out of the savings accruing from the working of the college every year, on the condition that the utilization of the savings for this purpose is approved by the Director of Public Instruction.

"The Council resolve that the Government be solicited to grant the loan from Provincial Funds, or to accord its sanction for raising the loan at 6 per cent. per annum, if the loan cannot be granted from the Provincial Funds."

Under these circumstances a sum of Rs. 5,000 is taken credit for as provincial grant for the additional college building. Credit has also been taken for a sum of Rs. 500, being the provincial grant for the acquisition of a play ground for the college as recommended by the educational authorities. The sum of Rs. 160 has been taken credit for as provincial grants towards the training of four teachers in the primary grade. The details of Rs. 4,790 shown under "Grants to Municipal schools" are as follow :—

	Rs.
Salary grants on behalf of the masters of the Victoria College ..	4,200
Salary grants on behalf of the gymnastic instructor and the drawing master of the salary-result schools	210
Library books for the Victoria College	100
Furniture for the Victoria College	150
English periodicals for the Victoria College	50
Maps for the Victoria College	20
Result grants to salary-result schools	60

19. *Grants and Contributions from Local Boards.*—The sum of Rs. 2,560 is entered as receipts from the Palghat Taluk Board towards the grant due to the municipal hospital against Rs. 3,960, the revised estimate, and Rs. 2,247-15-6, the actuals of the previous year. The increase in the revised estimate over the proposed estimate is due to credit having been taken for a grant towards the construction of a lying-in ward at the hospital. The usual grant of Rs. 550 from the Malabar District Board towards the upkeep of the Local Fund roads situated within the municipal limits is anticipated.

20. *Recoveries on account of services rendered to Private Individuals—Private Scavenging.*—Including the amount of Rs. 100, the current year's arrears, the estimated receipts under this head amount to Rs. 1,700 against the same amount in the revised estimate, and Rs. 1,399-3-0, the actuals of the year 1897–98. The increase in the revised and proposed estimates is due to the extension of the private scavenging system in the town.

21. *Loans.*—For the purpose shown in paragraph 18 *supra* a sum of Rs. 10,000 has been entered under this head, in accordance with the resolution of the Council therein quoted. The formal application for the loan will be submitted as soon as orders are passed as to whether the loan is to be granted from the Provincial Funds or to be raised in the open market.

Expenditure.

22. The total expenditure for the year 1899–1900 is estimated to amount to Rs. 83,560 against Rs. 72,090, the revised estimate, and Rs. 67,720, the current year's budget estimate.

23. *Grant 1, New Works—Communications.*—A sum of Rs. 500 has been entered under this head for the construction of new culverts in the ensuing year.

24. *Buildings.*—The amount provided under this head is Rs. 17,690. The details for this expenditure will be found in Statement II-A. No provision has been made for the construction of the branch dispensary and the Hospital Assistant's quarters owing to want of funds.

25. *Water-supply.*—The provision of Rs. 600 made under this head is for the sinking of four wells. The amount provided under this head in the current year's budget estimate was surrendered for epidemic charges in accordance with the order contained in G.O., Mis. No. 2060 M., dated 5th December 1898.

26. *Repairs—Communications.*—Rs. 8,000 are provided for the upkeep of municipal roads against Rs. 6,040, the revised estimate. The increase over the revised estimate is due to the proposal of the Council to metal a portion of the unmetalled roads in this Municipality in compliance with the order of Government contained in paragraph 32 of General Municipal Review (G.O., Nos. 2858–59 M., dated 31st December 1897) stating that . . . . "in Palghat . . . . the length of unmetalled road was large" and "that the Government trusts that steps will be taken to reduce the extent of unmetalled roads before long as far as funds permit."

27. *Buildings.*—An amount of Rs. 1,370 is provided for the repair of municipal buildings against the provision of Rs. 1,150 in the current year's budget estimate. The increase over the current year's budget estimate is due to provision having been made for the thorough repairs of the travellers' bungalow and for the ordinary repairs of the Dance market from the next year.

28. *Water-supply.*—The figure, viz., Rs. 600, in the budget estimate for the current year has been repeated in the proposed estimate. The provision is for the repair of the tank within the municipal office compound (Rs. 500) and of all the municipal wells (Rs. 100). The sum of Rs. 500 provided in the current year's budget estimate for the repair of the tank could not be expended, as the allotment had to be surrendered for epidemic charges in accordance with the order contained in G.O., Mis. No. 2060 M., dated 5th December 1898.

29. *Establishment.*—The cost of the establishment is estimated at Rs. 1,080 against the same amount in the current year's budget estimate. The establishment is to be the same as in the current year.

30. The total expenditure under Grant 1 is estimated at Rs. 29,940 against Rs. 16,530, the revised estimate, and Rs. 13,763-9-11, the actuals of 1897–98.

31. *Grant 2, Education—Training Schools.*—Under "Stipends to Normal Students" a provision of Rs. 240 has been made for the payment of stipends to the four primary grade teachers that have been proposed to be sent for training.

32. *Municipal Schools—On Salary System—Establishment.*—A sum of Rs. 17,210 has been provided under this head against Rs. 16,680, the revised estimate. The details of establishment are shown in Statement II-B. The annual increment of Rs. 10 per mensem to the pay of the first assistant master of the Victoria College has been provided for in accordance with G.O., Mis. No. 783 M., dated 6th May 1892. On the recommendation of the Principal, the Council have also sanctioned the grant of a personal allowance of Rs. 7-8-0 per mensem to the acting Malayalam munshi of the Victoria College in addition to Rs. 12-8-0, the half pay of the post, with effect from 1st January 1899, and the necessary provision has been made in the revised and

proposed estimates. The above personal allowance is to be paid until the permanent incumbent, who is now on sick leave, either rejoins or resigns his appointment.

33. *Contingencies.*—A sum of Rs. 1,470 has been provided under this head against Rs. 2,030, the revised estimate, and Rs. 1,230-7-4, the actuals of 1897-98. The details are (1) Ordinary contingencies Rs. 120, (2) Stationery and Printing Rs. 600, (3) Furniture Rs. 300, (4) Library books Rs. 200, (5) English periodicals for reading-room Rs. 100, (6) Class books Rs. 10, (7) Prize books Rs. 100, and (8) Maps Rs. 40.

34. *Municipal Schools—On Salary-result System.*—The expenditure under "Fixed payments" is estimated at Rs. 2,210 against Rs. 2,220, the budget provision for the current year. No provision has been made on account of the Cherumers' school at Nurani, as the endeavour to open the school has proved a failure. The educational authorities' recommendation for raising the Muhammadan school at Méttupálaiyam to the upper primary grade, and for the appointment of an additional teacher for the above school on Rs. 6 per mensem to teach English has been adopted, and the necessary provision has been made in the proposed estimate.

Rupees 650 and Rs. 190 have been provided under "Result Grants" and "Contingencies", respectively, against Rs. 600 and Rs. 410, the figures in the revised and budget estimates for the current year. The decrease in the allotment under "Contingencies" below the revised estimate for the current year is due to the fact that the salary-result schools are understood to be well supplied with the necessary articles of furniture and that no expenditure is proposed to be incurred on this account.

35. *Fixed and Result Grants.*—The sum provided under this head is Rs. 2,200 against Rs. 2,200, the revised estimate, and Rs. 2,059-3-0, the actuals of 1897-98.

36. *Inspection.*—The figures in the current year's budget estimate have been repeated.

37. *Building and Furniture Grants.*—A sum of Rs. 250 has been provided under this head for payment of grants to some of the result schools that stand in need of furniture and buildings.

38. Under the remaining heads, the figures in the current year's budget estimate have been repeated. The total expenditure under Grant 2 is estimated at Rs. 25,180 against Rs. 25,050, the revised estimate, and Rs. 22,730-11-8, the actuals of 1897-98.

39. *Grant 3, Sanitation and Medical Services—Hospitals and Dispensaries.*—A sum of Rs. 3,390 has been provided under "Establishment" against Rs. 3,330, the estimate for the current year. The increase in the proposed estimate is due to an increment of Rs. 3 per mensem having been provided towards the pay of the compounder of the main hospital who, after having completed 20 years' service, becomes entitled to an increment of pay during the ensuing year, and to the provision made for the payment of salary to the compounder of the branch dispensary at the increased rate of Rs. 12 per mensem for the whole of the ensuing year as sanctioned in G.O., No. 428 M., dated 22nd February 1898. A sum of Rs. 1,300 under "Medicines and Supplies" and a sum of Rs. 800 under "Diet of Patients" have been provided in the proposed estimate as in the budget estimate for the current year. Rs. 800 have been provided under "Contingencies" against the same amount in the revised estimate and Rs. 612-12-7, the actuals of 1897-98.

40. *Contributions to Provincial Funds.*—The figures in the current year's budget estimate have been repeated against the items under this head.

41. *Other Contributions.*—A sum of Rs. 100 is provided under this head in accordance with the following resolution of the Council, dated 4th January 1899 :—

> "2. Read letter, dated 29th November 1898, from Revd. Father J. Tour requesting that, in the circumstances stated, a fair gratuitous aid may be made to the Convent Hospital, Palghat.
> "The Council resolve, by a majority, to give a contribution of Rs. 100 to the St. Sebastian's Convent Hospital for the year 1899-1900, subject to the approval of Government."

42. *Vaccination.*—The charges under this head are estimated at Rs. 550 against Rs. 510, the revised estimate, and Rs. 550, the budget estimate for the current year.

43. *Registration of Births and Deaths.*—In compliance with the recommendations of the Sanitary Commissioner the Council propose to entertain an additional registrar on a salary of Rs. 10 per mensem.

44. *Conservancy—Road-cleaning and Road-watering—Establishment.*—The charges under this head are estimated at Rs. 6,310 against Rs. 6,090, the estimate for the current year. The increase over the current year's estimate is due to provision having been made for the entertainment of an additional sanitary inspector on Rs. 20 per mensem, as promised in my letter No. 1536, dated 27th April 1898, read in G.O., Mis. No. 971 M., dated 23rd May 1898.

45. *Private Scavenging—Establishment.*—The estimated expenditure amounts to Rs. 1,690 against Rs. 1,580, the budget estimate for the current year. The increase in the budget estimate is due to the proposed appointment of an additional private scavening maistry. Owing to the increase in the number of houses brought under the system, an additional hand is required to collect the fees and to supervise the scavengers' work carefully.

46. Under the remaining items in this grant the figures in the budget estimate for the current year have been adopted.

47. The total expenditure under Grant 3 is estimated at Rs. 18,360 against Rs. 20,130, the revised estimate, and Rs. 14,923-14-8, the actuals of 1897-98.

48. *Grant 4, Lighting and Miscellaneous.*—The expenditure under this grant is estimated at Rs. 4,170 against Rs. 3,770, the budget estimate for the current year. The increased allotment under "Lighting—Contingencies" is due to the proposal of the Council to have 50 additional lights in the next year. The sum of Rs. 100 entered under "Markets—Establishment" is on account of salary to the servant employed for the collection of fees from the Dance market and the cart-stand as per G.O., Mis. No. 1145 M., dated 1st July 1898.

49. *Grant 5.*—The estimated expenditure amounts to Rs. 4,200 against Rupees 4,150, the revised estimate, and Rs. 4,080, the budget estimate for the current year. Under contributions to central office and audit establishment a sum of Rs. 590 has been provided with reference to G.O., No. 2250 L., dated 25th November 1898. A sum of Rs. 60 has also been provided towards the salary of the clerk in the Malabar Collector's office. Under the remaining items the current year's allotments have been repeated and call for no remarks.

50. *Repayment of Debt.*—The seventh instalment of Rs. 1,000 is due on the 1st February 1900 with interest on Rs. 11,000 and a sum of Rs. 1,660 has been provided in the proposed estimate.

51. The total expenditure under all the grants is Rs. 83,560 and the proposed budget closes with a balance of Rs. 4,220.

52. The necessary proposition statements are herewith submitted.

No. .

Forwarded.

(Signed) R. E. HOLLAND,
Head Assistant Collector.

10*th January* 1899.

Endt. on C. No. 39-M.

Submitted.

2. The Council should, in my opinion, devote its allotment for metal to the roads already metalled so as to keep them in thoroughly good order. The roads which are not metalled in Palghat do not require to be metalled. With the exception of the main roads where there is heavy cart traffic, the majority of the roads in Palghat are better without metal. Good gravel is available and no better road than a gravel road can be desired for light traffic. I speak from an experience of eight years as Chairman of the Palghat Municipality.

Calicut, (Signed) G. W. DANCE,
18*th January* 1899. *Collector.*

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 18th January 1899, No. 591.

I have the honour to submit the following remarks on the educational portion of the budget estimate of the Palghat Municipality for 1899–1900.

2. The inspecting officers strongly recommend that the allotment for fixed and result grants should be raised by Rs. 300 at least, so that managers of result schools may be paid a more appreciable portion of their earnings. The recommendation has my strong support.

3. Credit has been taken for a stipendiary grant of Rs. 160. This should be reduced to Rs. 140 in round numbers, the rate of grant for each primary grade student being only Rs. 3 per mensem.

4. A sum of Rs. 1,470 has been allotted for contingencies for the college; but in paragraph 33 details have been given for only Rs. 1,430.

5. With the modifications suggested above, the net expenditure proposed under Grant 2, excluding buildings, is Rs. 3,310 (Rs. 25,480—Rs. 22,170), which is only 9·5 per cent. of the estimated income of the Municipality from taxation, markets and rents.

6. Under Grant 1 provision has been made for Rs. 15,000 for an additional building for the Victoria College and for Rs. 1,500 for a play ground. Both these matters engaged my attention when I visited Palghat in December last. The Principal has for years been endeavouring to secure a piece of land for the purpose and he has at length fixed on land close to the college. As for the sheds in which a portion of the college is now located they are dark, damp, unhealthy and quite unsuited for the work which is carried in them from day to day. I beg very strongly to recommend that the allotment provided in the budget may be sanctioned. Credit has been taken for a building grant of Rs. 5,500, but the finances of the department will not permit of the whole amount being paid in one year. A sum of Rs. 3,000 may be paid during 1899–1900 and the balance in the following year.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 21st January 1899, No. 87.

With reference to Grant 3 of the budget estimate of the Palghat Municipality for the year 1899–1900, I have the honour to state that I do not approve of the contribution of Rs. 100 provided for the St. Sebastian's Convent hospital as the Municipal institution requires improvement.

2. The other items call for no further comments.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Egmore, 23rd February 1899, No. 584-S.

I have the honour to offer the following remarks on the Palghat Municipal budget for 1899–1900:—

(1) In view of the straggling nature of the town, I support the Council's proposal to employ a second registrar of births and deaths.

(2) The allotment for conservancy is only 14·6 per cent. of the estimated receipts and is insufficient for the reasons stated in my letter on the current year's budget.

(3) The Council's proposal to appoint a second sanitary inspector on Rs. 20 has my approval, but provision should be made to give him and the existing sanitary inspector on Rs. 30 a horse allowance of Rs. 15 each per mensem.

(4) The existing staff of toties should be doubled.

From M.R.Ry. Rao Bahadur P. I. CHINNASWAMI PILLAI Avargal, Chairman, Municipal Council, Palghat, to the Secretary to Government, Local and Municipal Department (through the Collector of Malabar), dated 25th February 1899, No. 639.

In continuation of my letter, No. 43, dated 5th January 1899, submitting the budget estimates of the receipts and charges of this Municipality for the ensuing year and the revised estimates for the current year, I have the honour to subjoin a resolution of the Municipal Council at their meeting held on the 16th instant, and to solicit that Government will be pleased to accord its sanction for the payment of salary to the compounder of the main hospital, Palghat, at the rate of Rs. 18 per mensem with effect from 27th January 1899.

* * * * *

The present salary of the compounder is Rs. 15 per mensem. From paragraph 39 of my budget letter it will be observed that an increase of Rs. 3 per mensem in the pay of the compounder has been provided for the ensuing year, with effect from 1st March 1899. But it has since been reported that the above individual completed his 20 years' service on the 26th January 1899, and therefore is eligible for the increment with effect from 27th January 1899. This fact not having been made known to the Council in time by the medical authorities, no provision was made in the revised estimate for the current year to meet the excess amount of salary which the compounder has to get for the months of January and February 1899. However, the amount by which the expenditure in the revised estimate has to be raised on this account is very slight, being only Rs. 3–7–10, and can be met from the saving that has accrued up to date in the existing allotment under "hospitals and dispensaries—establishment." The necessary proposition statement has already been submitted with my budget letter to Government.

MARCH.

Municipal Budget.

Reviewing the Palghat — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. Rao Bahadur P. I. CHINNASWAMI PILLAI Avargal, Chairman, Municipal Council, Palghat, to the Secretary to Government, Local and Municipal Department (through the Collector of Malabar and the Head Assistant Collector, Malabar), dated 5th January 1899, No. 43.

I have the honour to submit herewith the budget estimates of the receipts and charges of this Municipality for the year 1899–1900, together with the revised estimates for the current year. The entries have been fully considered and passed by the Council at their meetings held on the 14th December 1898 and 4th January 1899.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The year 1897–98 closed with a balance of Rs. 11,270, which has been adopted as the opening balance for 1898–99 against Rs. 4,410 anticipated in the current year's estimate. The receipts in the revised estimate, exclusive of the opening balance, amount to Rs. 67,550 against Rs. 65,790 in the budget estimate. The chief items under which a decrease below the budget estimates occurs are, "Tax on buildings", "Tax on arts", "Tax on lands" and "Cart-stand fees", and those under which an increase over the budget estimates occurs are, "Conservancy receipts", "Fees from educational institutions", "Income from markets", "License fees", "Fines under Municipal and other Acts", "Grants from Government on account of school buildings", "Medical contributions from Local Boards" and "Private scavenging fees." The variations between the figures in the revised and the budget estimates will be found explained in column 7 of statement VI.

Charges.

3. *Grant 1, Public Works.*—The expenditure under this grant is estimated to amount to Rs. 16,530 against the budget estimate of Rs. 15,680. The increase is chiefly due to an amount of Rs. 500 having been provided for the formation of an abandoned road on the western boundary of the Municipality and to the additional allotments under "New Works—Buildings" and "Repairs—Buildings," sanctioned in G.Os., Mis. Nos. 1752 M., 1754 M. and 1771 M., dated 18th October 1898, 18th October 1898 and 19th October 1898, respectively. The increase over the budget grant would have been larger but for the fact that a sum of Rs. 2,400 has been reserved for plague expenditure in accordance with G.O., Mis. No. 2060 M., dated 5th December 1898.

4. *Grant 2, Education.*—A sum of Rs. 25,050 is provided against Rs. 24,440 in the budget estimate. The increase over the budget grant which occurs under "2. Municipal schools—(i) On salary system—(*a*) Establishment", and "(*b*) Contingencies" is due to the additional allotments sanctioned as per G.Os., Mis. Nos. 1297-A. M. and 1771 M., dated 1st July 1898 and 19th October 1898, respectively. The other variations have been explained in the remarks column of statement VI.

5. *Grant 3, Sanitation and Medical Services.*—The charges under this head are estimated at Rs. 20,130 against the budget provision of Rs. 17,980, the increase being chiefly due to the addition in the allotment for epidemic charges.

6. *Grant 4, Miscellaneous.*—Rs. 4,460 are provided under this grant against Rs. 3,770, the figure in the budget estimate. The increase under "9. Other charges —(iv) Compensation for lands" is due to the acquisition of improvements on the land taken up for the municipal office buildings, and to the provision made for the payment of compensation for the land proposed to be acquired for the new burial-ground for the Mappilla community, as required in G.O., Mis. No. 104 M., dated 15th January 1898.

7. *Grant 5.*—The expenditure as estimated under this grant amounts to Rs. 4,150 against Rs. 4,080, the provision in the current year's budget.

8. *Repayment of Debt, &c.*—The sixth instalment together with interest on Rs. 12,000 is due on the 1st February 1899 and the sum of Rs. 1,720 provided in the budget is repeated in the revised estimate.

9. The total expenditure under all the grants is estimated to amount to Rupees 72,090 against the budget grant of Rs. 67,720 and the revised estimate closes with a balance of Rs. 6,730 which has been brought forward as the opening balance for the year 1899–1900.

BUDGET ESTIMATE FOR 1899–1900.

Receipts.

10. Including the estimated opening balance of Rs. 6,730, the receipts of the year 1899–1900 are estimated at Rs. 87,780, including the loan of Rs. 10,000 proposed to be raised for the construction of an additional building for the Victoria College, Palghat.

11. *Tax on Arts.*—The receipts from this source, including the sum of Rs. 100 brought forward on account of the arrears of the current year, are estimated at Rs. 3,400 against Rs. 3,160, the revised estimate for the current year. The increase in the budget estimate is proposed owing to the contemplation of Government to repeal schedule A of the District Municipalities Act as amended by Act III of 1897 with a view to the adoption of the original schedule A of Act IV of 1884.

12. *Tax on Buildings and Lands.*—This tax is to be levied at 7½ per cent. on the annual rental as usual. The income estimated under "Tax on buildings" including the sum of Rs. 400 on account of arrears is Rs. 13,500 against Rs. 13,530, the revised estimate, and Rs. 14,402–14–3, the actuals of 1897–98. A sum of Rs. 4,100 is expected to be realized under "Tax on lands" including the amount of Rs. 180 on account of the arrear collections.

13. *Tax on Vehicles with Springs and Carts.*—Rs. 370 and Rs. 1,600, the figures in the revised estimate, have been repeated under "Tax on vehicles with springs" and "Tax on carts", respectively.

14. *Tolls.*—The Council propose to continue the levy of tolls at three-fourths of the maximum rates, and a sum of Rs. 10,400 is anticipated under this head against Rs. 10,440, the revised estimate, and Rs. 10,495–15–8, the actuals of the year 1897–98.

15. *Fees from Educational Institutions.*—The income from school-fees is estimated at Rs 17,240 (Victoria College, Rs. 16,500, and salary-result schools, Rs. 740) against Rs. 17,200 (Victoria College, Rs. 16,500, and salary-result schools, Rs. 700), the revised estimate, and Rs. 17,002–5–7 (Victoria College, Rs. 16,255–5–0, and salary-result schools, Rs. 747–0–7), the actuals of the year 1897–98. The increase under this head is due to the increased attendance in the college.

16. *Income from Markets and Slaughter-houses.*—The income from the Dance market is estimated at Rs. 1,300 against Rs. 1,150, the revised estimate, and Rupees 815–2–11, the actuals of the previous year. The income would have been larger but for the strong opposition which was being manifested by merchants to the Dance market. That such opposition is generally manifested towards markets is apparent from what Mr. Jones, Sanitary Engineer, says in his very elaborate treatise—*A Manual of Hygiene, Sanitation, and Sanitary Engineering*: "The Dance market is being very carefully worked departmentally, and I am glad to say that the opposition is now dying out. I have not the slightest doubt that in a very short period it will prove an important source of municipal revenue, and, in the words of Dr. Bannerman, 'a boon to the inhabitants.'"

Under income from slaughter-houses the figure in the revised estimate, viz., Rs. 640, has been repeated.

17. *Other Fees—License-fees and Cart-stand Fees.*— Under "License-fees" Rs. 750 are anticipated against Rs. 750 and Rs. 600, the revised and budget estimates, respectively, for the current year. The increase in the revised and proposed estimates is due to the levy of license-fees for butchers' shops and private markets sanctioned in G.Os., Mis. Nos. 1355 M. and 1080 M., dated 1st August 1898 and 13th June 1898, respectively. The receipts under "Cart-stand fees" are anticipated to aggregate to Rs. 500 against Rs. 400 and Rs. 720, the revised and budget estimates, respectively, for the current year. The contractor for the current year having made default in payment of his dues, the cart-stand is now being managed departmentally, and the collections for the year will not exceed Rs. 400. The cart-stand owing to its situation at the western end of Big Bazaar does not attract a large number of carts and it is now proposed to acquire a ground for the opening of an additional cart-stand on the eastern side of the town. The income from this source is estimated at Rs. 500 for the year 1899–1900.

18. *Grants and Contributions from Government.*—The want of proper accommodation for the increased strength in the college having been frequently noticed by the educational authorities the Council have adopted the following resolutions Nos. 4 and 20, dated the 14th December 1898 and the 4th January 1899, respectively:—

"Resolved that an additional building for the Victoria College be constructed at a cost of Rs. 15,000, that a loan of Rs. 10,000 be raised for this purpose with the sanction of Government which, together with a grant of Rs. 5,000 from the Provincial Funds, will amount to Rs. 15,000, and that the loan be liquidated out of the savings accruing from the working of the college every year, on the condition that the utilization of the savings for this purpose is approved by the Director of Public Instruction.

"The Council resolve that the Government be solicited to grant the loan from Provincial Funds, or to accord its sanction for raising the loan at 6 per cent. per annum, if the loan cannot be granted from the Provincial Funds."

Under these circumstances a sum of Rs. 5,000 is taken credit for as provincial grant for the additional college building. Credit has also been taken for a sum of Rs. 500, being the provincial grant for the acquisition of a play ground for the college as recommended by the educational authorities. The sum of Rs. 160 has been taken credit for as provincial grants towards the training of four teachers in the primary grade. The details of Rs. 4,790 shown under "Grants to Municipal schools" are as follow:—

	Rs.
Salary grants on behalf of the masters of the Victoria College ..	4,200
Salary grants on behalf of the gymnastic instructor and the drawing master of the salary-result schools	210
Library books for the Victoria College	100
Furniture for the Victoria College	150
English periodicals for the Victoria College	50
Maps for the Victoria College	20
Result grants to salary-result schools	60

19. *Grants and Contributions from Local Boards.*—The sum of Rs. 2,560 is entered as receipts from the Palghat Taluk Board towards the grant due to the municipal hospital against Rs. 3,960, the revised estimate, and Rs. 2,247-15-6, the actuals of the previous year. The increase in the revised estimate over the proposed estimate is due to credit having been taken for a grant towards the construction of a lying-in ward at the hospital. The usual grant of Rs. 550 from the Malabar District Board towards the upkeep of the Local Fund roads situated within the municipal limits is anticipated.

20. *Recoveries on account of services rendered to Private Individuals—Private Scavenging.*—Including the amount of Rs. 100, the current year's arrears, the estimated receipts under this head amount to Rs. 1,700 against the same amount in the revised estimate, and Rs. 1,399-3-0, the actuals of the year 1897–98. The increase in the revised and proposed estimates is due to the extension of the private scavenging system in the town.

21. *Loans.*—For the purpose shown in paragraph 18 *supra* a sum of Rs. 10,000 has been entered under this head, in accordance with the resolution of the Council therein quoted. The formal application for the loan will be submitted as soon as orders are passed as to whether the loan is to be granted from the Provincial Funds or to be raised in the open market.

Expenditure.

22. The total expenditure for the year 1899–1900 is estimated to amount to Rs. 83,560 against Rs. 72,090, the revised estimate, and Rs. 67,720, the current year's budget estimate.

23. *Grant 1, New Works—Communications.*—A sum of Rs. 500 has been entered under this head for the construction of new culverts in the ensuing year.

24. *Buildings.*—The amount provided under this head is Rs. 17,690. The details for this expenditure will be found in Statement II-A. No provision has been made for the construction of the branch dispensary and the Hospital Assistant's quarters owing to want of funds.

25. *Water-supply.*—The provision of Rs. 600 made under this head is for the sinking of four wells. The amount provided under this head in the current year's budget estimate was surrendered for epidemic charges in accordance with the order contained in G.O., Mis. No. 2060 M., dated 5th December 1898.

26. *Repairs—Communications.*—Rs. 8,000 are provided for the upkeep of municipal roads against Rs. 6,040, the revised estimate. The increase over the revised estimate is due to the proposal of the Council to metal a portion of the unmetalled roads in this Municipality in compliance with the order of Government contained in paragraph 32 of General Municipal Review (G.O., Nos. 2858–59 M., dated 31st December 1897) stating that . . . . "in Palghat . . . . the length of unmetalled road was large" and "that the Government trusts that steps will be taken to reduce the extent of unmetalled roads before long as far as funds permit."

27. *Buildings.*—An amount of Rs. 1,370 is provided for the repair of municipal buildings against the provision of Rs. 1,150 in the current year's budget estimate. The increase over the current year's budget estimate is due to provision having been made for the thorough repairs of the travellers' bungalow and for the ordinary repairs of the Dance market from the next year.

28. *Water-supply.*—The figure, viz., Rs. 600, in the budget estimate for the current year has been repeated in the proposed estimate. The provision is for the repair of the tank within the municipal office compound (Rs. 500) and of all the municipal wells (Rs. 100). The sum of Rs 500 provided in the current year's budget estimate for the repair of the tank could not be expended, as the allotment had to be surrendered for epidemic charges in accordance with the order contained in G.O., Mis. No. 2060 M., dated 5th December 1898.

29. *Establishment.*—The cost of the establishment is estimated at Rs. 1,080 against the same amount in the current year's budget estimate. The establishment is to be the same as in the current year.

30. The total expenditure under Grant 1 is estimated at Rs. 29,940 against Rs. 16,530, the revised estimate, and Rs. 13,763-9-11, the actuals of 1897–98.

31. *Grant 2, Education—Training Schools.*—Under "Stipends to Normal Students" a provision of Rs. 240 has been made for the payment of stipends to the four primary grade teachers that have been proposed to be sent for training.

32. *Municipal Schools—On Salary System—Establishment.*—A sum of Rs. 17,210 has been provided under this head against Rs. 16,680, the revised estimate. The details of establishment are shown in Statement II-B. The annual increment of Rs. 10 per mensem to the pay of the first assistant master of the Victoria College has been provided for in accordance with G.O., Mis. No. 783 M., dated 6th May 1892. On the recommendation of the Principal, the Council have also sanctioned the grant of a personal allowance of Rs. 7-8-0 per mensem to the acting Malayalam munshi of the Victoria College in addition to Rs. 12-8-0, the half pay of the post, with effect from 1st January 1899, and the necessary provision has been made in the revised and

proposed estimates. The above personal allowance is to be paid until the permanent incumbent, who is now on sick leave, either rejoins or resigns his appointment.

33. *Contingencies.*—A sum of Rs. 1,470 has been provided under this head against Rs. 2,030, the revised estimate, and Rs. 1,230-7-4, the actuals of 1897-98. The details are (1) Ordinary contingencies Rs. 120, (2) Stationery and Printing Rs. 600, (3) Furniture Rs. 300, (4) Library books Rs. 200, (5) English periodicals for reading-room Rs. 100, (6) Class books Rs. 10, (7) Prize books Rs. 100, and (8) Maps Rs. 40.

34. *Municipal Schools—On Salary-result System.*—The expenditure under "Fixed payments" is estimated at Rs. 2,210 against Rs. 2,220, the budget provision for the current year. No provision has been made on account of the Cherumers' school at Nurani, as the endeavour to open the school has proved a failure. The educational authorities' recommendation for raising the Muhammadan school at Méttupálaiyam to the upper primary grade, and for the appointment of an additional teacher for the above school on Rs. 6 per mensem to teach English has been adopted, and the necessary provision has been made in the proposed estimate.

Rupees 650 and Rs. 190 have been provided under "Result Grants" and "Contingencies", respectively, against Rs. 600 and Rs. 410, the figures in the revised and budget estimates for the current year. The decrease in the allotment under "Contingencies" below the revised estimate for the current year is due to the fact that the salary-result schools are understood to be well supplied with the necessary articles of furniture and that no expenditure is proposed to be incurred on this account.

35. *Fixed and Result Grants.*—The sum provided under this head is Rs. 2,200 against Rs. 2,200, the revised estimate, and Rs. 2,059-3-0, the actuals of 1897-98.

36. *Inspection.*—The figures in the current year's budget estimate have been repeated.

37. *Building and Furniture Grants.*—A sum of Rs. 250 has been provided under this head for payment of grants to some of the result schools that stand in need of furniture and buildings.

38. Under the remaining heads, the figures in the current year's budget estimate have been repeated. The total expenditure under Grant 2 is estimated at Rs. 25,180 against Rs. 25,050, the revised estimate, and Rs. 22,730-11-8, the actuals of 1897-98.

39. *Grant 3, Sanitation and Medical Services—Hospitals and Dispensaries.*—A sum of Rs. 3,390 has been provided under "Establishment" against Rs. 3,330, the estimate for the current year. The increase in the proposed estimate is due to an increment of Rs. 3 per mensem having been provided towards the pay of the compounder of the main hospital who, after having completed 20 years' service, becomes entitled to an increment of pay during the ensuing year, and to the provision made for the payment of salary to the compounder of the branch dispensary at the increased rate of Rs. 12 per mensem for the whole of the ensuing year as sanctioned in G.O., No. 428 M., dated 22nd February 1898. A sum of Rs. 1,300 under "Medicines and Supplies" and a sum of Rs. 800 under "Diet of Patients" have been provided in the proposed estimate as in the budget estimate for the current year. Rs. 800 have been provided under "Contingencies" against the same amount in the revised estimate and Rs. 612-12-7, the actuals of 1897-98.

40. *Contributions to Provincial Funds.*—The figures in the current year's budget estimate have been repeated against the items under this head.

41. *Other Contributions.*—A sum of Rs. 100 is provided under this head in accordance with the following resolution of the Council, dated 4th January 1899 :—

"2. Read letter, dated 29th November 1898, from Revd. Father J. Tour requesting that, in the circumstances stated, a fair gratuitous aid may be made to the Convent Hospital, Palghat.

"The Council resolve, by a majority, to give a contribution of Rs. 100 to the St. Sebastian's Convent Hospital for the year 1899-1900, subject to the approval of Government."

42. *Vaccination.*—The charges under this head are estimated at Rs. 550 against Rs. 510, the revised estimate, and Rs. 550, the budget estimate for the current year.

43. *Registration of Births and Deaths.*—In compliance with the recommendations of the Sanitary Commissioner the Council propose to entertain an additional registrar on a salary of Rs. 10 per mensem.

44. *Conservancy—Road-cleaning and Road-watering—Establishment.*—The charges under this head are estimated at Rs. 6,310 against Rs. 6,090, the estimate for the current year. The increase over the current year's estimate is due to provision having been made for the entertainment of an additional sanitary inspector on Rs. 20 per mensem, as promised in my letter No. 1536, dated 27th April 1898, read in G.O., Mis. No. 971 M., dated 23rd May 1898.

45. *Private Scavenging—Establishment.*—The estimated expenditure amounts to Rs. 1,690 against Rs. 1,580, the budget estimate for the current year. The increase in the budget estimate is due to the proposed appointment of an additional private scavening maistry. Owing to the increase in the number of houses brought under the system, an additional hand is required to collect the fees and to supervise the scavengers' work carefully.

46. Under the remaining items in this grant the figures in the budget estimate for the current year have been adopted.

47. The total expenditure under Grant 3 is estimated at Rs. 18,360 against Rs. 20,130, the revised estimate, and Rs. 14,923-14-8, the actuals of 1897-98.

48. *Grant 4, Lighting and Miscellaneous.*—The expenditure under this grant is estimated at Rs. 4,170 against Rs. 3,770, the budget estimate for the current year. The increased allotment under "Lighting—Contingencies" is due to the proposal of the Council to have 50 additional lights in the next year. The sum of Rs. 100 entered under "Markets—Establishment" is on account of salary to the servant employed for the collection of fees from the Dance market and the cart-stand as per G.O., Mis. No. 1145 M., dated 1st July 1898.

49. *Grant 5.*—The estimated expenditure amounts to Rs. 4,200 against Rupees 4,150, the revised estimate, and Rs. 4,080, the budget estimate for the current year. Under contributions to central office and audit establishment a sum of Rs. 590 has been provided with reference to G.O., No. 2250 L., dated 25th November 1898. A sum of Rs. 60 has also been provided towards the salary of the clerk in the Malabar Collector's office. Under the remaining items the current year's allotments have been repeated and call for no remarks.

50. *Repayment of Debt.*—The seventh instalment of Rs. 1,000 is due on the 1st February 1900 with interest on Rs. 11,000 and a sum of Rs. 1,660 has been provided in the proposed estimate.

51. The total expenditure under all the grants is Rs. 83,560 and the proposed budget closes with a balance of Rs. 4,220.

52. The necessary proposition statements are herewith submitted.

Head Assistant Collector.

10th January 1899.

Endt. on C. No. 39-M.

Submitted.

2. The Council should, in my opinion, devote its allotment for metal to the roads already metalled so as to keep them in thoroughly good order. The roads which are not metalled in Palghat do not require to be metalled. With the exception of the main roads where there is heavy cart traffic, the majority of the roads in Palghat are better without metal. Good gravel is available and no better road than a gravel road can be desired for light traffic. I speak from an experience of eight years as Chairman of the Palghat Municipality.

CALICUT,
18th January 1899.

(Signed) G. W. DANCE,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 18th January 1899, No. 591.

I have the honour to submit the following remarks on the educational portion of the budget estimate of the Palghat Municipality for 1899–1900.

2. The inspecting officers strongly recommend that the allotment for fixed and result grants should be raised by Rs. 300 at least, so that managers of result schools may be paid a more appreciable portion of their earnings. The recommendation has my strong support.

3. Credit has been taken for a stipendiary grant of Rs. 160. This should be reduced to Rs. 140 in round numbers, the rate of grant for each primary grade student being only Rs. 3 per mensem.

4. A sum of Rs. 1,470 has been allotted for contingencies for the college; but in paragraph 33 details have been given for only Rs. 1,430.

5. With the modifications suggested above, the net expenditure proposed under Grant 2, excluding buildings, is Rs. 3,310 (Rs. 25,480—Rs. 22,170), which is only 9·5 per cent. of the estimated income of the Municipality from taxation, markets and rents.

6. Under Grant 1 provision has been made for Rs. 15,000 for an additional building for the Victoria College and for Rs 1,500 for a play ground. Both these matters engaged my attention when I visited Palghat in December last. The Principal has for years been endeavouring to secure a piece of land for the purpose and he has at length fixed on land close to the college. As for the sheds in which a portion of the college is now located they are dark, damp, unhealthy and quite unsuited for the work which is carried in them from day to day. I beg very strongly to recommend that the allotment provided in the budget may be sanctioned. Credit has been taken for a building grant of Rs. 5,000, but the finances of the department will not permit of the whole amount being paid in one year. A sum of Rs. 3,000 may be paid during 1899–1900 and the balance in the following year.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 21st January 1899, No. 87.

With reference to Grant 3 of the budget estimate of the Palghat Municipality for the year 1899–1900, I have the honour to state that I do not approve of the contribution of Rs. 100 provided for the St. Sebastian's Convent hospital as the Municipal institution requires improvement.

2. The other items call for no further comments.

From Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Egmore, 23rd February 1899, No. 584-S.

I have the honour to offer the following remarks on the Palghat Municipal budget for 1899–1900:—

(1) In view of the straggling nature of the town, I support the Council's proposal to employ a second registrar of births and deaths.

(2) The allotment for conservancy is only 14·6 per cent. of the estimated receipts and is insufficient for the reasons stated in my letter on the current year's budget.

(3) The Council's proposal to appoint a second sanitary inspector on Rs. 20 has my approval, but provision should be made to give him and the existing sanitary inspector on Rs. 30 a horse allowance of Rs. 15 each per mensem.

(4) The existing staff of toties should be doubled.

From M.R.Ry. Rao Bahadur P. I. CHINNASAWMY PILLAY Avargal, Chairman, Municipal Council, Palghat, to the Secretary to Government, Local and Municipal Department (through the Collector of Malabar), dated 28th February 1899, No. 639.

In continuation of my letter, No. 43, dated 5th January 1899, submitting the budget estimates of the receipts and charges of this Municipality for the ensuing year and the revised estimates for the current year, I have the honour to subjoin a resolution of the Municipal Council at their meeting held on the 16th instant, and to solicit that Government will be pleased to accord its sanction for the payment of salary to the compounder of the main hospital, Palghat, at the rate of Rs. 18 per mensem with effect from 27th January 1899.

* * * * *

Read report of the Civil Apothecary, Municipal hospital, Palghat, No. 61, dated 9th February 1899, submitting a supplemental revised estimate of the Municipal hospital making provision for an increment to the salary of the hospital compounder from the 26th January 1899.

Resolution No. 17.—Sanctioned.

The present salary of the compounder is Rs. 15 per mensem. From paragraph 39 of my budget letter it will be observed that an increase of Rs. 3 per mensem in the pay of the compounder has been provided for the ensuing year, with effect from 1st March 1899. But it has since been reported that the above individual completed his 20 years' service on the 26th January 1899, and therefore is eligible for the increment with effect from 27th January 1899. This fact not having been made known to the Council in time by the medical authorities, no provision was made in the revised estimate for the current year to meet the excess amount of salary which the compounder has to get for the months of January and February 1899. However, the amount by which the expenditure in the revised estimate has to be raised on this account is very slight, being only Rs. 3–7–10, and can be met from the saving that has accrued up to date in the existing allotment under "hospitals and dispensaries—establishment." The necessary proposition statement has already been submitted with my budget letter to Government.

Endt. on C. No. 86 M.

Forwarded.

3rd *March* 1899. (Signed) G. W. DANCE,
Collector.

ORDER—No. 404 M., dated 21st March 1899.

The estimated receipts and charges of the Palghat Municipality for 1899–1900, as passed by Government, are compared below with the budget and revised estimates for the year 1898–99 and the actuals of 1897–98:—

5. As revised by Government, the budget closes with a balance of Rs. 5,630 or 8·6 per cent. of the estimated ordinary receipts.

Revised Estimate for 1898-99

2. The current receipts and charges are now estimated at Rs 67550 and Rs 72090, respectively, against Rs 65790 and Rs 67720 anticipated in the sanctioned budget. There is an increase in the receipts chiefly under School fees, fines and contributions from Government and local Boards, which is partly counterbalanced by a decrease under the tax on buildings and cart-stand fees; while under charges, the increase appears mostly under Grants 1 to 4. With reference to G.O No 273 L, dated 7th February 1899, the provision for plague epidemic charges will be reduced from Rs 4080 to Rs 1950. The balance to be carried forward to the next year's budget will then be Rs 8860.

Budget Estimate for 1899-1900.

3. Receipts. The receipts for the ensuing year are placed at Rs 81050 against Rs 67550 in the revised estimate. The increase occurs mainly under Grants from Government and loans, but it is partly counterbalanced by a decrease under contributions from Local Boards. With reference to paras. 3 and 6 of the Director's letter read above, the credit taken

taken under Provincial grants for educa-
- tion will be reduced from Rs 10450
to Rs 7930. In the existing state of
its finances
the Provincial funds the Government
cannot hold out any promise of a
loan from Provincial funds in the near
future for the construction of the additional
building for the Victoria College. The
required loan of Rs 5000 should therefore be raised
in the open market and the application
referred to in para. 21 of the
Chairman's letter is awaited.

4. Charges (1) The probable charges are
put down at Rs 83560 against the
revised estimate of Rs 69960, the
increase being mainly under Grant 1-
In view of the existing state of the Council's finances and of the
(2) Grant 1. The attention of the munici-
- pal Council is drawn to the remarks
of the Collector in para. 29 his endorse-
- ment, the allotment for "Repairs - Communications"
will be reduced from Rs 9000 to Rs 6000.
(3) Grant 2. The payment of a personal
allowance of Rs 7-0-0 per mensem to the
acting Malayalam munshi of the
Victoria College, proposed in para. 32
of the Chairman's letter cannot be sanctioned. The addition proposed
to his salary should, if necessary, be met
by a corresponding reduction in the
leave allowance paid to the permanent incumbent.

Vide para 18 of the Chairman's letter

Vide para 21 of the letter

The entertainment of an additional
teacher on Rs 6 for the Muhammadan
referred to in para. 34
school at Mettupalayam is sanctioned.
For want of funds the Director's recommendation
~~is recommended by the Director on~~
to raise
in para 2 of his letter, the allotment for fixed
and result grants will be raised
from Rs 2200 to Rs 2500 cannot be accepted
No sanction of Govt is not required for payment of the
allowance referred to in the Chairman's letter
(4) Grant 8 For the reason assigned
by the Surgeon-General in his letter
read above, the Municipal Council's
proposal in para. 41 to pay a contri-
- bution of Rs 100 to the St. Sebastian's
Convent hospital cannot be approved.
The entertainment of an additional

J.T. 17 399

Palghat Municipal Budget for 1899-1900

J.M with Special ref. to the marked portion of P. 2.

Approved.
A.H 8/3/99

Note for the Secretary.

A. The following are the chief items under which there is an increase of expenditure, as compared with the budget estimate for 1898-99 :—

			Rs
(1)	Grant 1.	New works - Buildings ...	12,530
(2)	do	Repairs - Communications ...	1,960
(3)	Grant 2.	Municipal schools on the salary system -	810
(4)	do	Result Grants - - - - -	300
(5)	Grant 3.	Registration of Vital statistics.	110
(6)	do	Conservancy. Road cleaning and Road watering.	800
(7)	Grant 4.	Lighting - - - - - -	300
		Total	16,810

(1) The increase under item 1 is due to an allotment of Rs 15000 having been made for the construction of an additional building for the Victoria College and of Rs 1500 for a play ground for the same institution. The Director of Public Instruction states that the necessity for both these work engaged his attention when he visited Palghat in December last and also that the shed in which a portion of the Victoria College is now located, forwant of

vide Statt II-A-Part I

Please see para 6 of his letter

Rs 2 of proper accommodation, are dark, damp, unhealthy and quite unsuited for the work which is carried on in them. He therefore strongly recommends that both these allotments may be sanctioned. Vide para 6 of his letter, printed at page 8 of the budget letter. The municipal Council is entitled to a grant from Govt of one-third of the cost of these works, Viz Rs 5500, from Government, which the Director has agreed to pay in two instalments — Rs 3000 in 1899-1900 and Rs 2500 in the following years and it proposes to meet the remaining cost by raising a loan of Rs 10000, which it hopes to ~~liquidate~~ re-pay from the savings* accruing from the working of the College every year. The works seem to be very necessary and the allotments for them may therefore be allowed to stand.

(2) In G/o No. 1438m. dated 7th September 1891, the Government sanctioned an increase in the rate of tolls from one half to ~~three fourths of~~ the maximum, on the understanding that not less than 80 per cent of the toll revenue was expended on roads ~~and bridges~~.

Vide para 18 of the Chairman's letter

* The net profit derived from this School in 1897-98 was Rs 3651.

H 1438 897

H para 4

1 ~~and~~ [illegible] Rs 50 additional lights.

3 The allotment for roads in the budget estimate for 1898-99 was only Rs 6740 or 65 per cent of the municipal income from tolls, but this small provision was apparently allowed by Government for want of funds. The allotment under this head in the present budget is Rs 8500 or 82 per cent of the revenue from tolls and is not therefore excessive. In view, however, of the existing state of the Council's finances and of the fact that the condition of the roads was stated to have been fair in the last administration report, the provision may probably be reduced to Rs* 6500 or 62·5 per cent of the toll income, which is about the same as the actual expenditure in 1897-98. The draft review has been amended accordingly.

Vide para 401 of G/o 1470m 19-8-98 I

* including Rs 500 for New works.

J

(3) The increase under item 3 is due to the entertainment of the additional teacher on Rs 50 sanctioned for the Victoria College in G/o No. 1297 A-m. dated 19th July 1898. No reduction is therefore possible under this head.

(4) The provision for fixed and result Grants to [illegible] was raised from Rs [illegible] in para 5 of the draft review [illegible]

Rs. ... ing will be 2
of proper accommodation, are dark,
damp, unhealthy and quite unsuited for
... ...
reduced to Rs 2200. The draft review has 4
been altered accordingly.

(5). The increase under item 5 is due to
the entertainment of an additional regis-
trar of births and deaths on Rs 10. The
Sanitary Commissioner recommends that this
proposal may be sanctioned, in view of
the struggling nature of the town. Vide
clause (c) of his letter flagged R. It may,
however, be now disallowed owing to want
of funds. The necessary alteration has been made in
the draft review.

(6) The increase under item 6 is due to the
provision for plague having been raised
from Rs 1680 to Rs 2450, with refer-
-ence to G/o No. 442, dated 11th 5
January 1899, and to the entertainment of
an additional Sanitary Inspector and
a private Scavenging maistry on Rs 20 and
Rs 10 respectively. There is now only one
Sanitary Inspector for this Municipality, the
population of which is 39,481,
and the Municipal Council proposes, Vide para. 44 of the Chairman's letter
on the advice of the Sanitary Commissioner, to I para. 10 of the Sanitary Commissioner's
entertain a second man, with reference to para 3 of remarks in G/o 549 M 10-3-98. K
G/o No. 4 M, dated 4th January 1897. The
entertainment of the second private Scavenging
maistry on Rs 10 is necessitated by the
extension of the private Scavenging ... to
... of the Chairman's ... B

Vide para 43 of the Chairman's letter.

Please see paras 44 & 45 of the letter

Vide para 48 of the letter 5

by the Council for 50 additional lights.
The allotment under this head may
be reduced by Rs 300. Please see para
4 (5) of the draft review now added.

B. With the reductions above proposed,
the closing balance of the year 1899-1900
will be Rs 5,30 or 8.6 per. cent of the
estimated ordinary receipts. In addition
to this, the municipal Council will be
entitled to a grant of Rs 2,500 will
be due to the Municipal Council from
Government at the end of that year, on
account of the Victoria College building
and on play ground, the entire cost
of which has been provided for in the
budget. The total assets of the municipality
on 31st March 1900, will thus amount to
Rs 8,130 or only Rs 730 less than the
opening balance of the year. This decrease
may be overlooked considering the large
provision made for plague expenditure.
