TANJORE, COLLECTOR'S OFFICE,

N. No. 886 of 1899 CAMP, 7th March 1899

FROM

J. Twigg Esquire,

LOCAL & MUNICIPAL DEPT.
TANJORE,
To 780m

The SECRETARY TO GOVERNMENT,
Local & Municipal DEPARTMENT,
MADRAS.

SIR,

R
Adverting to para 3(2) of
Government Order, no 1382 M, dated
4th August 1898 reviewing the Admi-
nistration Report of the Mannar-
gudi Municipal Council for 1897-98
I have the honor to submit herewith
two statements A & B showing the
progress made in the Collection
of taxes, arrears and current res-
pectively during the first six months
of office of the newly-elected
Chairman. Under arrears, the
only heavy item that yet remains
to be realized is the tax on lands.
The difficulty in the Collection

Arrears outstanding
on 31st Decembar
were Rs 505 only
at present Rs 130

780/m/99

This tax has been brought to the notice of Government in para 11 of the last year's administration report of this Municipality and the same difficulty is said to be experienced by the present Chairman. A careful revision of the land tax registers with the aid of the Revenue Kurnams and accounts is necessary in order to put matters on a better footing. A major portion of the arrears under other heads will eventually have to be written off as irrecoverable owing partly to original erroneous assessments and partly to the lapse of the three years' period within which steps for realization should have been taken under section 269A of the amended District Municipalities Act. The Chairman promises to collect whatever is possible before the close of the official year. Now turning to the current collections, when the present

of his office about the beginning of July 1898, the bills for the current year had not been issued. The taxes on Arts and on Buildings were partially revised and bills for the tax on Arts were issued in September, for the tax on Buildings in October and for the tax on lands in December. Considering the late issue of bills, the collection work is tolerably satisfactory. The Chairman has been doing his best and there is hope that by the end of the official year the collections except in the case of the tax on lands will be practically complete, and that the bills for next year will be got out more promptly.

2. There is much work however to be done, as besides the revision of the Land Tax Registers, the House Tax Registers require revision; in fact they ought under section 66(2) to

have been revised in the current
year. Whether the Chairman
will prove equal to the task
remains to be seen, but so far,
as he has given evidence of a
desire to do his work thoroughly
and there is no reason at present
to suppose that he will not
succeed.

I have the honor to be,
Sir,
Your most obedt. servant
