PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :-

Enforcement of the Plague Commissioner on letter from the Surgeon General with the Government of Madras, No. 40, dated 16th January 1899 requesting that ten more temporary doctors may be obtained from England for plague duty.

ORDER No. 169, dated 9th February 1899

The Government considers that it would be premature at present to obtain more temporary doctors from England. The progress of plague must be carefully watched, and if indications of its spread are observed the question of increasing the medical staff should be again raised. Financial considerations prohibit the employment of more officers than are absolutely required.
