PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Read again G.O.No.698, Financial, dated 15th August 1898, explaining the distinction between Direct and indirect charges, and issuing a revised appendix to G.O.No.547, Financial, dated 18th June 1898, directing that the Plague Charges incurred in frontier districts shall, with effect from the 1st April 1898, be distributed in certain proportion among all the districts of the Presidency.

Read also the following:—

NOTE FOR THE

I do not understand
by the entry in G.O.
1 apt Capt French
H2 be 24 D. medical
for Capt French is
not a medical officer.
The financial G.O.
seems at variance with
the heading given
on pp. 125, 130 &
Manual. The financial
G.O. is not enough
to ~~clarify~~ clarify. If
the original clarification
is correct. If so
1. Provincial Direct.
H.D. on p. 130
requires amendment.

NOTE FOR THE

The estimate sanctioned in
G.O. No 1246 in dy 17-12-98
provides for seven special
plague officers under Provincial
Direct - 24 D. medical - grant
for medical officers. These seven
officers are apparently
military officers employed
in the City of Madras & in the
G.O. of Salem, North Arcot
and Cuddapah, and it seems
wrong to enter them under
this head for general instruction
I appended G.O. No 698 in
dy 15-8-98 requires that only
medical expenditure should
be recorded as direct in the
Accounts, & these officers
are appointed to assist the
President M.C. Madras or
the Collectors & report to
officers appointed for districts.
They are really special
Divisional Officers under
Addl Mufassal Regulation
26, and the Charges on account

of their salary and allowances
seem debitable to 3. Land

Reserve, viz. section
1 of the appendix to the
Buck. The point as regards the military
officers in Madras is rather
difficult to decide. Perhaps it
would be necessary to open a
special heading as has been
done in the case of the
Comd. The order of the
Financial Dept. are requested.

It is suggested that the
order of the Financial Dept.
be followed in this case.

has decided to follow the

Pay and Allowances of Military Officers on Plague Duty.

Communicating to all Collectors and the President, Municipal Commission, Madras, G.O.,
No. 185, Financial, dated 4th February 1899, stating, with remarks, that the present practice of
showing the — as Direct charges under 24-D. Grants for Medical Purposes should continue.

Read—the following paper:—

G.O., No. 185, Financial, dated 4th February 1899.

Read—again the following paper:—

G.O., No. 698, Financial, dated 15th August 1898.

ABSTRACT.—Explaining the distinction between *Direct* and *Indirect* charges, and issuing a revised appendix to G.O., No. 547, Financial, dated 18th June 1898, directing that the plague charges incurred in frontier districts shall, with effect from the 1st April 1898, be distributed in certain proportion among all the districts of the Presidency.

Read—also the following paper:—

From the Plague Commissioner, dated 5th January 1899.

Order—No. 185, Financial, dated 4th February 1899.

The pay and allowances of Special Plague officers (*i.e.*, Military officers employed on plague duty) have hitherto been shown as *Direct* charges under 24-D. GRANTS FOR MEDICAL PURPOSES. The Plague Commissioner points out that this procedure appears to be opposed to rule 1 of the general instructions appended to G.O., No. 698, Financial, dated 15th August 1898, which requires that only *Medical* expenditure on account of plague should be recorded as *Direct* in the accounts. The Staff Corps officers appointed for districts are, he points out, really Special Divisional officers under Additional Mufassal Regulation 26 and the charges on account of their salaries and allowances seem debitable to 3. LAND REVENUE.

2. It is advantageous to treat expenditure connected with appointments created exclusively for plague duty as *Direct*, and it is for this reason that the Plague Commissioner and his establishment are shown as *Direct* charges under 24-D. GRANTS FOR MEDICAL PURPOSES. The Government considers, therefore, that the present practice as regards Military officers employed on plague duty should continue.
