Passports.

Informing the Collector of Bellary that the — of persons leaving an infected area but returning to it within ten days, may be taken back from them, and that further observation in such cases need not be insisted upon.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

READ—the following paper:—

From the Head Assistant Collector of Bellary, to the Collector of Bellary, dated 25th January 1899, Ref. on C. No. 180 P.

I have the honour to inquire whether observation is required to be continued for ten days in the case of persons who having left Hospet have returned to that infected area within the ten days. I should not myself have thought there was any doubt upon the point and I have been giving instructions that passport-holders should give back their passports to the local authority at the last place they halt at before returning to the infected area in the same way as they would give them up at a road frontier inspection station before returning to Bombay or Hyderabad. But as every body else seems to consider that observation is necessary for the full period even in Hospet, I think it best to refer the matter for your orders.

Ref. on C. No. 391 P.

Forwarded to the Plague Commissioner for orders.

2. It is presumed that the case referred to is that of a permanent resident of Hospet, and not of a person who has taken out a passport on arrival at Hospet from another infected area. The undersigned agrees with the Head Assistant Collector. The object of the passport in such cases is to protect areas outside Hospet against infection and that object ceases to exist when the passport-holder returns to Hospet.

31st January 1899.

(Signed) H. A. STUART,
Collector.

LETTER—No. 452, dated 20th February 1899.

To

THE COLLECTOR OF BELLARY (A—L).

SIR,

In a case such as the one you mention in your endorsement, Ref. on C. No. 391 P., dated 31st January 1899, where a person from an infected area is passported at his destination but returns to his starting point within ten days, I have the honour to say that I am of opinion that the passport may be given up on return, and that further observation need not be insisted upon.

L. E. BUCKLEY,
Plague Commissioner.

C. No. 1381 of 99.

It does not seem that the system of issuing passes is in practice in any other district, than Salem, Cuddapah, & N. Arcot, for which papers are herewith submitted. The N. Arcot Collector's proceedings issuing instructions for the grant of several passes to those who attend the weekly market was recorded with remarks yesterday, at (C. No. 412) & it is in the copying section. In Anantapur, the system of granting passes to persons leaving putakal was ordered to be discontinued (vide Procs. No. 636, 11.11.98), but this order does not seem correct—vide P. 4.

* Does not come into force unless there is no danger in the passes in use in the Cuddapah & N. Arcot are in line of passport & not actually used by the plague regulations.

Rep

Hospet town is at present infected with indigenous plague and a person leaving that place should be provided with a pass subject to the conditions of Advt. Municipal By 34 (page 39 of the Madras Plague Regulation and Rules). On arrival at his place of destination, he must obtain a passport & present himself for exam. for ten days but if he returns to Hospet town before the expiry of that period his passport should be renewed by the local authority of Hospet & he need not be observed for the remaining portion of the ten days' period.

Head Assistant Collector Bellary to the
Collector of Bellary

I have the honour to enquire whether
observation is required to be continued for 10
days in the case of persons who having left
Hospet have returned to that infected area
within 10 days. I should not myself
have thought there was any doubt upon the
point and I have been giving instructions
that passport holders should give back their
passports to the local authority at the last
place they halt at before returning to the
infected area in the same way as they would
give them up at a Road for inspection
Station before returning to Bombay or
Hyderabad. But as everybody else seems to
consider that observation is necessary for
the full period even in Hospet I think it
best to refer the matter for your orders

Forwarded to the Plague Commissioner
for orders.

It is presumed that the case referred
to is that of a permanent resident of Hospet
and not of a person who has taken out a

passport on arrival at Hospet from another
 infected area. The undersigned agrees with
 the Head Assistant Collector. The object of the
 passport in such cases is to protect areas
 outside Hospet against infection and that
 object ceases to exist when the passport holder
 returns to Hospet
