SUBJECT.

Opening of a Railway frontier
Inspection Station at Kallikota in
the Ganjam District.

ORDER.

No 4559 dated 23.3.77

The Government does not
consider it necessary at present
to organize a railway frontier
inspection station in Ganjam. This
should be done if plague becomes
indigenous in Cuttack or Puri.

2. The Bengal Government will
be requested to telegraph daily
to the Plague Commissioner and
the Collector of Ganjam, the
number of plague cases and
deaths in Orissa.

3. The following letter will be
addressed to the Government of
Bengal.

It is very doubtful whether it ever was dormant. It was not recognized officially! The returns are now probably correct wh. they were not before. M.K.

NOTE FOR THE

Subject

Opening of a Railway
Frontier Inspection Station
at Kelikote, Ganjam
District.

Please see paragraphs 1 & 2
of G.O. 1138 D. 22.9.98
(Hag 7) re G.O. 1138 D.
In that G.O. the scheme of defence
for Ganjam was approved. It
included an estimate for Rs 4419
for a railway frontier inspection
station. It was said —
"With plague all at dormant
in Calcutta, & the epidemic
not spreading to the District
of Bengal, the scheme need not
be inaugurated at present."
The position has now altered
for plague is increasing in
Calcutta (see statement
A) & measures are being
taken to the Districts, according to
the new orders, which are for

up to the path marked.

I consider that the time has
come to open the railway
inspecting station in Ganjam.
I solicit orders. I have
written S.G. to have a
man in readiness to go to
Kalikata, if the opening
of a station is sanctioned.

In No. 520 P.D. 27.5.95

is to be found a letter from
Bengal stating that inspection of
the maritime districts of Bengal
have been entrusted to
Commissioner of the district of
Purba. The fact is that
the inspection of the maritime
districts of Bengal has been
entrusted to the Commissioner of
Purba.

In India telegram dated 18th
in this file order 423 AD. 2.5.95
it was stated that progress of the
disease in Calcutta would be
communicated. As far as
known this has not been done.

NOTE FOR THE

this pr.

Disturbed
but Bengal be asked
to telegraph directly &
directly by day.

for approval

18/3/95

I do not think it is necessary
at present to organize a
railway frontier station
in Ganjam. The entire
province of Orissa lies between
Calcutta & Ganjam. It is
about 100 miles from Calcutta
to Balasore, thence to Cuttack
about 90, thence to Ganjam
about 70 or 80.

Understand from the P.C.
that an inspection station is
maintained north of Cuttack
to protect it. As the
P.C. and the Col. ought to
be kept informed as to the
state of things in Orissa.
If plague ^{become indignant in} reached Cuttack
or Pura (Jagannath)
then an inspection station
should be started at

Bengal may be asked
to communicate daily the
number of cases & deaths.
What we specially need to
know is any cases occurring
within the province of Orissa.
