Emoluments of an officer employed solely on plague duty.

Informing the Collector of Vizagapatam that the — should be treated as a direct plague charge, whether another officer is appointed to perform his ordinary duties or not.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

From W. O. HORNE, Esq., Collector of Vizagapatam, to the Chief Secretary to Government, dated 19th January 1899, Dis. No. 187.

* * * * *

2. With reference to paragraph 3 of the Government Order, I am to state that the Sanitary Inspector therein referred to is a municipal servant paid from the Municipal funds. His appointment was neither created exclusively for plague duty nor made with the object of strengthening the existing establishment for plague purposes (*vide* paragraph 2 of G.O., No. 698, Financial, dated 15th August 1898). He was deputed temporarily to perform plague duties under Regulation XVII (I) and (II) (*b*). But his name is shown in the monthly lists of plague establishment of this district as he has been employed *exclusively* on plague duty (*vide* Proceedings of the Plague Commissioner, No. 382, dated 25th October 1898), and omitted in the monthly plague estimates as his salary does not fall either under "direct" or "indirect" charges (*vide* G.O., No. 899, Financial, dated 19th October 1898).

Order—No. 215, Financial, dated 11th February 1899.

With reference to paragraph 2 of his letter read above, the Collector of Vizagapatam will be informed that the emoluments of an officer, who is employed solely on plague duty, should be treated as a ~~direct~~ plague charge, whether another officer is appointed to perform his ordinary duties or not.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

G.O., No. 698, Financial, dated 15th August 1898.

Read—again the following papers:—

G.O., No. 720, Financial, dated 4th September 1897.

ABSTRACT.—Requesting the Accountant-General to maintain separate accounts of all the charges incurred in connection with the bubonic plague, whether direct or indirect, Provincial or Local, and to include them in the quarterly statements to be submitted by him.

G.O., No. 514 P., dated 25th May 1898.

ABSTRACT.—Issuing orders for the submission of estimates for expenditure in connection with plague preventive measures.

G.O., No. 547, Financial, dated 18th June 1898.

ABSTRACT.—Directing, with remarks, that the plague expenditure incurred in frontier districts shall, with effect from the 1st April 1898, be distributed in certain proportion among all the districts of the Presidency.

G.O., No. 609 P., dated 25th June 1898.

ABSTRACT.—Ordering that the annual estimate of plague charges for the current year should be submitted immediately through the Surgeon-General and the Accountant-General.

G.O., No. 577, Financial, dated 4th July 1898.

ABSTRACT.—Passing orders on the Accountant-General's statements of plague expenditure for the quarter ending 31st December 1897.

Read—also the following paper:—

From T. HESKETH BIGGS, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 28th June 1898, No. 2391.

With reference to paragraphs 4 and 5 of G.O., No. 547, Financial, dated the 18th June 1898, I have the honour to state that, as ordered in G.O., No. 514 P., dated 25th May 1898, I have supplied the necessary printed forms for the preparation of the estimate of plague charges during the current year to all Collectors, the Surgeon-General and the Sanitary Commissioner.

2. I would observe that in the Appendix to G.O., No. 547, Financial, dated 18th June 1898, the head 24. Medical—Grants for Medical Purposes should be opened under *Provincial—Direct Charges*, as they are actually made in the districts and booked in my office.

Order—No. 698, Financial, dated 15th August 1898.

It is observed that in the statements of plague expenditure for the quarter ending 31st December 1897, recorded in G.O., No. 577, Financial, dated 4th July 1898, the Accountant-General has both in the Provincial and in the Local accounts classified the outlay under *Direct* and *Indirect* charges.

2. The distinction between these two classes of expenditure under *Plague* is based on the same principles as under *Famine*, viz., when new appointments are created exclusively for plague duty the charges are treated as *Direct*, but when new appointments are made merely with the object of strengthening existing establishments to cope with the additional work caused by plague, the charges are treated as *Indirect* and debited to the ordinary service heads.

3. This distinction should be carefully borne in mind as regards the estimates called for in G.O., No. 514 P., dated 25th May 1898, and the consolidated statement of plague expenditure for 1897–98 referred to in G.O., No. 577, dated 4th July 1898.

4. The annexure to these proceedings will be substituted for the appendix to G.O., No. 547, Financial, dated 18th June 1898.

GENERAL INSTRUCTIONS.

1. Charges connected with new appointments created exclusively for plague duty are treated as *direct* and only *medical* expenditure on account of plague should be recorded as *direct* in the accounts. Those charges relating to appointments which are made with the object of strengthening existing establishments to cope with the additional work caused by the plague are treated as *indirect* and debited to the proper service heads.

It is to be noted that no additional expenditure to be treated as *indirect* charges will arise from the mere transfer of existing establishments to plague duty. Hence the charges on account of peons of the Salt and Excise Departments transferred for plague duty under Regulation 12 or of police detailed for cordon or other plague duty under Regulations 11, 12 and 18 should not be treated as plague charges. The expenditure connected with troops employed on plague duty is Imperial and need not be included in the civil estimates of plague charges.

2. Travelling and other allowances, and all contingent expenditure on stationery, postage, telegrams, office furniture, &c., should be charged against the heads of account to which the salaries of the officers drawing the allowances or incurring the expenditure are respectively debited.

3. The classification and the principles laid down in this appendix will, unless the contrary is expressly stated or appears from the context, apply also to expenditure incurred under any other regulations issued under the Epidemic Diseases Act, 1897.
