and from this point of view, it may stand, because it does not matter whether a station is declared infected or is merely notified, so long as passengers from both classes of stations have to take out passports

for R.C.'s proof. on  $\frac{5}{5}$  2.6.155.

The list in P.C.'s Progress  
No. 53 of 6-1-99 is not legally  
binding, not having been issued  
by Govt. It was drawn up <sup>chiefly</sup> for  
the convenience of ~~officers~~  
passport issuing officers. The  
objection that has been raised to  
it by the Ld. M. Dept. applies  
with more force to the notifying  
in No. 80 P. of 11-1-99. To take  
an example, the whole of Ahmed  
Taluk has been declared to be  
infected, but there is plague now  
at only one place in that Taluk.  
The notice is therefore not correct  
~~but nevertheless~~ and the accurate  
only places actually having plague  
should be specified as plague  
infected.

NOTE FOR THE L. G. Sec.

Office  
 Is said to be infected

Only Karachi City is  
 infected. Sind is included  
 in the list of infected areas  
 published by the local Govt  
 but the C.C. directed its  
 exclusion from the list of  
 any stations

Please show

There has been a muddle  
 about this. The list was  
 passed on Jan 6<sup>th</sup>, but  
 took some time to print  
 & correct, & during this  
 time the notices about  
 stations from Jalapur  
 to Shikhar came  
 out, & these stations  
 were added to the list  
 in the office, it not being  
 understood that these  
 stations were not declared  
 infected, but only  
 notified.  
 It may be as well to  
 issue an instruction,  
 saying,

A revised Proc  
 No. 2 should be  
 issued setting  
 the matter quite  
 straight
