SIR,

In your Proceedings no 963 dated 13.12.98, it was stated that "the entry to be made in Col 7 of the list of establishment should represent the date on which the appointment was created and not the date on which the present incumbent joined his duty." But Col 6 of the sample form of the list of establishments appended to your letter dated 28.12.98, is headed "date of joining appointment". I have therefore the honour to enquire whether the date of joining or the date of appointment is to be entered in the monthly lists of establishment sent to you. I think the former should be entered. For Collector

For order. The original heading
of Col 6 was "date of commencement
of appointment" but this was
altered by P.C. with "date of joining
appointment". The latter date is
mostly required for the purpose of the
Plague Estimate & it is ^{more} essential
to know when the appointment came
into existence than to know when
the present incumbent took charge
of it.
