4. Read G.O. No. 2072 M. Mis., dated
6^o December 1898 requesting to revise
the proposals about the improvement
of private scavenging system with
reference to the remarks of the Sanitary
Commissioner.

The Scheme sanctioned by the Council and submitted to Government along with the proposals for the next

year's budget does not result in any profit to the Council, and Government may be requested to sanction the same. A person for the 6th ward on Rs 7/- per month may be retained and provision made in the budget accordingly. Any alteration in the scale of fees as suggested is at present undesirable and renders the service unpopular.

Chairman

N^o 1152 Municipal office
Cocanada 18th January 1899.

From

Mr. K. Perraju Gam,
Chairman, Municipal Council,
Cocanada.

To

The Secretary to Government,
Local and Municipal Department,
Madras,
through the Collector,

Sir,

In submitting the Council's resolution N^o 4 dated 11th January 1899 with reference to G.O N^o 2072 M. Ins., dated 6th December 1898, I have the honor to state as follows:-

The present rate is four annas for a single clearance. To have two or more clearances at the said rate is left to the option of the householder which will generally depend upon the number of the inmates.

To fix the scale in proportion to the house tax irrespective of the number of the inmates is inequitable and will tend to the withdrawal of many latrines from Municipal management.

Endeavour was however made to base the rates on the number of the inmates but it is found that the working

22340
16-12-98

of the detail, entails needless labour and inconvenience in as much as something like a Census register will have to be kept and constantly checked.

People are accustomed to the present system which has long been in vogue and it is by force of efficient management that people will have to be induced to seek for municipal agency.

The lowering of the present rates will not pay the cost of the establishment. As it is, the cost of the night-soil carts and buckets solely used for the purpose are not charged to this head as objection was previously taken to such a course.

The private scavenging inspectors are not entrusted with any other collection work. They inspect the latrines and control their condition and also collect the fees of the latrines. They will have to go to every house and in extorting payments cannot but be impressed with a sense of rendering efficient service and attending to their complaints. The collection of these fees by other agency is neither desirable nor necessary and its cost cannot fairly be charged to Grant V.

In addition to the establishment proposed in the budget, a post of a person or Inspector on Rs 7. may be sanctioned without deranging the budget. I have etc

I have the honour to be,
Sir,
Your most obedient servant

W. R. A. J.
Chairman

I Dis 537 - of 9 dated 6.2.99.

LOCAL & MUNICIPAL DEPT. DISPATCHED
9 FEB. 1899
I started 5.32 AM

2 In the circumstances explained by the Chairman, the existing system of levying the private scavenging fees which has evidently been working well may be allowed to continue instead of adopting the system suggested by the Sanitary Commissioner. I recommend that the other proposals of the Council may also be sanctioned.
