Enclosure.

Sir,

Referring to the Adoni Municipal Budget for 1899-1900, I have the honour to state that the expenditure on conservancy has been largely cut down to provide funds for combating plague. Compared with the current year's figure, there is a decrease of about 9 per cent. Several sweeping reductions are proposed in the existing staff-vide para 48 of the Chairman's letter. Of these, the abolition of the appointments of the two maistries on Rs 10 and 12 may be sanctioned; but the proposal to dispense with the services of some of the peons, cart drivers and sweepers should be disallowed, as their strength as detailed in statement II-B is insufficient for requirements. To secure efficient work, there should be 6 peons, 26 sweepers, 52 toties and 22 rubbish and 6 night soil carts. I would advise that provision be made in accordance with the above requirements. It is out of the question to prepare for an epidemic by diminishing routine sanitary precautions.

I have the honour to be,

Sir,

Your Most Obedient Servant,

Lieut.-Colonel, I.M.S.

Sanitary Commissioner for Madras.
