The Plague Commission

Madras.

Sir

With reference to my telegram
of the 2nd inst. ant, I have the honour
to ask for another batch of 50
Suppers for Hosur taluq. We have at
present 50 men under a native
officer (jemadar) and they are employed
in the disinfection of Mattigiri and
Shulagiri which is not nearly yet
completed, the reason being that their
services have had to be employed
in disinfecting houses and camps
in surrounding villages where stray
cases have occurred.

There have been indigenous

Cases in Hosur Town and
yesterday, I reported an outbreak
at Berillai which has been totally
evacuated and consists of nearly
400 houses. You will see therefore
that in Hosur town and Berillai a
good deal of work will be necessary,
setting aside smaller villages around
the Remount Despot, Kothāpalli,
Yuzuvadi, Bedarahalli⁺ Othakalli.
The Epidemic seems to be spreading
and we cannot trace how with
any certainty, though on account
of promptness in evacuation it has
not done very serious damage in any
one village. Labour for building
and disinfection it is impossible
to get. The men now employed
are being supervised by Capt. French
and have been giving a lot of trouble.
It would be very desirable that
50 more men be sent. There sh^d
be an European officer in charge
of them. The matter is urgent and I
sh^d. be pleased if early orders are obtained.
I have &c

O.C.
