SUBJECT.

Forwarding with remark report of the additional Medical officer Hindupur for the week ending 28-1-1899.

Have I not already called for Hospital Nursing Returns?

The Collector is requested to forward the Returns for the report of the Road Station Inspectors which may be due at once so that the Plague Report for the week ended 4th Instant may be submitted in time

No 213. Office of the Additional Medical Officer Hingunghur, Dated 2nd Feb 99.

From The Asst Medl Officer
Hingunghur.

To The Plague Commissioner
Through The Collector of
Amraotee

Sir I have the honor to submit the following report for the week ending 28th January 1899:

In Chandoor no case of Plague have occurred since the 16th instant. All the infected houses have been disinfected. Blocks of houses are now being done & in many of the houses dead rats have been found indicating the necessity for disinfection of the whole village. In Hingunghur there has been an increase This is undoubtedly due to people coming in to the town in order to carry away their property which they imagined might be burnt by the Sepoys who are on disinfection duty. The Sepoys have during the past week disinfected forty three houses.

P. C.
9 - FEB. 1899

A good many cases having occurred at Pideli. The Hospital assistant at Chandoor has been ordered to proceed there with Tents &c. The villages of Ulfather and Modaha have also become infected during the past week. The Hindupur Road-Frontier Station has been established. This Station is not of much use as it does not command all the roads to Hindupur & besides the area of infection is now beyond it. I would suggest that it be removed to one of the infected villages where the Hospital Assistant could carry out the methods adopted at Chandoor which have proved so successful.

Eleven Sanitary Inspectors for the circles created here are the 28 to last two of them have resigned since

I have the honor to be
Sir
Your most obedient Servant.
J Hunter
Asst Medical officer Hindupur

ANANTAPUR COLLECTOR'S OFFICE,

Dated 10th February 1899.

FROM

Barnatyne Murdoch ESQ., M.A. Barrister-at-Law

COLLECTOR OF

Anantapur,

To

THE Plague Commissioner

Fort-Saint-George

Madras

SIR,

I have the honour to bring
Enclosures.
to your notice that plague has of
late extended to the northern villages
of the Hindupur Taluk bordering on
Penukonda Taluk and to state that
the inhabitants thereof consequently
migrate from the infected villages to the
non-infected in the Penukonda Taluk.
Passengers going towards Penukonda
through the Madaksira and Roddam
roads escape observation in the absence
of a road frontier Station to watch
them and this may eventually cause the
spread of the disease into the interior
of the Penukonda Taluk and towards

REVENUE DEPARTMENT.

ENCLOSURES.

SUBJECT.

Kadiri Taluk of —
Cuddapah District.

2. The road frontier station
was located in such a near
Hindupur is, considering the
fact that plague has
broken out in almost all
the surrounding villages, of
very little use in checking
the spread of the disease.
and I am therefore of
opinion that it may be
removed to guard the roads
leading to Penukonda from
Madakasira & Roddam
Sides.

3. I have therefore the
honor to request the favor
of your Sanction for the
removal of the plague
Road frontier station
now located at Hindupur
to the west of Penukonda
to guard the Madakasira
and Roddam Roads.

I have the honor to be
Sir,
Your most obedient Servant
Macleod
Collector
Cly
