The Collector of
Anantapur Dist

Sir,

In Camp 404/32 1/10-2-99
Purgapur

With reference to Plague Commission
No 661 of 1899, I have the honour to suggest
the following: Yadaki, Dharmavaram
and Purnkonda have at present no Sanitary
Inspectors. The former has not a Hospital
assistant and the latter two have both extra
Hospital assistants on Plague duty.
2. Anantapur being a Municipality and
Medical Head Quarters and so small and well
looked after that further assistance is unnecessary.
3. Gooty has the Sanitary Inspector of
No 3 Ambulance Stationed there and further
attention there is unnecessary.
4. Tadpatri has a Sanitary Inspector who
in addition to local work attends trains
and issues passports.
5. Hrivakonda has a Sanitary Inspector's
Head Quarters. This is not enough. I would
recommend one assistant here.

6. Kalyandrug and Bukkapatnam have
no

no supervision two assistants might be detailed for these.

7 It is proper, I am sending an assistant Inspector this evening so that the present Sanitary Inspector may be placed on a circle where he will be more useful.

8. I would therefore recommend assistants Sanitary Inspectors be sent to the following towns; Unwakonda (2) Yadaki (3), Dhannarasain (4) Pun Konda (5) Bukkapatnam (6) and Kalyandurg altogether six.

I propose keeping a Sanitary Inspector for Benabul Junction and Miraj and Siminancherla, one man can go round these daily.
