FEBRUARY.

Passing orders on letter from the Collector of South Arcot requesting instructions regarding the maintenance of separate register, &c., for plague correspondence.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from L. M. WYNCH, Esq., I.C.S., Acting Collector of South Arcot, to the Secretary to the Commissioners of Land Revenue, dated Cuddalore, 7th February 1899, Ref. on No. 15-P. :—

With reference to Board's Proceedings, No. 19, dated 21st January 1899, directing that a separate series of numbers should be given to correspondence relating to plague, I have the honour to request to be informed how the papers are to be shown in the quarterly business returns. I presume that both "current" and "disposal" registers should be separate for "plague" correspondence. Is it necessary that four "current" registers should be maintained, viz., "Government and Plague Commissioner Register," "Received from other officers," "Petitions" and "Periodicals" so that the figures relating to plague correspondence may be entered against the corresponding items in the business returns; or is it sufficient if one current register is maintained and the papers shown against a new item "plague" similar to the item "Court of Wards"? I request the favour of an early reply. The number of registers already maintained is becoming inconveniently numerous and it seems advisable to have all plague correspondence entered in one current register.

RESOLUTION—No. 45, dated 14th February 1899.

The Board has no objection to the Collector's proposal that all plague correspondence should be entered in a single current register and the papers shown against a new item "plague" in the business returns.
