No.	Date.

Copy of letter No. 1375G dated the 22nd May 1897 from the Government of India, P.W.D., General, to the Secretary to the Government of Punjab.

I am directed to acknowledge the receipt of your letter No. 750, dated 19th April 1897, in which enquiry is made as to who should bear the cost of the special native doctor appointed by the East Indian Railway authorities at the Umbala Cantonment Railway station for the examination of passengers travelling by train, and of the temporary hut erected for the accommodation of detained travellers.

2. In reply, I am to state, that it has been decided that any expenditure incurred by Railway companies in providing sheds or other conveniences for detained travellers who may be found or suspected to be suffering from bubonic plague, is debitable to the Civil Department. As regards the cost of the special native doctor referred to, I am to say that, while relying on Railway Companies for their cordial assistance so far as their regular medical or other staff can give it, it is considered that the cost of additional medical or other inspecting staff should as in the case of sheds, etc., be borne by the Civil Department.

Madras Railway Company,
AGENT & MANAGER'S OFFICE,
RAYAPURAM TERMINUS,

Madras, 14th October, 1898.

Shows the G.O. about this & letter from the Railway to erect the sheds at their expense authorised for by Med. and Hospitals at Jolarpet
16/x

Dear Hamick,

You must not think I am obstructive in the matter of the plague shed at Jalarpet. We were given to understand we should be paid for erecting a shed at Arkonam and as I was willing and anxious to assist the Plague authorities I agreed to lend the Collector rails and tiles.

Subsequently the Government very arbitrarily ruled that the shed must be erected at the expense of the Railway Company and I have naturally since turned to Bombay and Calcutta to learn if the G. I. P. and the E. I. Railways were being asked to erect sheds at the expense of the Companies. The replies I have received are to the effect that the Government in all cases pays.

I have just returned from Bombay and at Raichur I replied to a letter from the Collector of Salem telling him our position and adding that pending a reference to my Board of Directors I regretted I could not authorise further expenditure.

We have a very large covered area on the Jalarpet platforms and a single shed such as that suggested will not in my opi-

as the tiles & rails ... he has them available, on the understanding that any expense he incurs in labor etc shall

BACK PAPERS

Dear Hammick
We are quite prepared to build sheds for you wherever they are wanted & to lend you tiles & rails & whatever we have available.

No 2317 P.

NOTE FOR THE S. & M. Dept.

With reference to G. O. 841 P. d/ 18.8.98 The Agent & Manager Madras Railway still refuses to put up for us the sheds we require at Jolarpet. He says in doing so he is only taking up the position taken by all the Northern Railways India, & what he believes to be the position the Government of India desires to be taken.

The matter is only important at Jolarpet where work has to be done at night with considerable difficulty especially when it rains. Had we a shed there as we have at Arconam the Dr. could take the passengers into the shed for examination & to get their passports written & the work would be done much more quickly than is done now in the open air on the platform.

Mr. Moir says now he is quite prepared to build the sheds & to lend us the tiles & rails whenever he has them available, on the understanding that any expense he incurs in labor etc shall be refunded to them — The matter is really very urgent and we can hardly wait until the Agent & Manager has addressed his Directors — He says that his contract — or rather the contract of his Company cannot be overridden by any subsequent provision of law passed in India —

What I would ask is that I may accept Mr Ross' offer now to lend us the materials if we pay for the labour. I doubt this should cost us more than Rs 100 or 150 for the shed we require. If Government consent I will tell the Coy. to get the shed erected on this understanding at once. It will do something to lessen the delay which now occurs at Jolarpet —
