ORDER. NO 10 A T, d/18.4.99.

1. The Govt. in Council has read the report of the Deputy Com. and Plague Officer at Goot with much regret. It seems clear that some members of the Plague staff at the Tadpatay Railway station have been acting in a high handed and oppressive manner. The Engineer General & the Inspector General of Police will be requested to replace without delay, the Mahommedan medical officer & his subordinates, and the Police at this station, by other officers. It will, however, be necessary that such subordinates of the medical staff and Police as may be required shall be ready to attend at the enquiry which will be held into the various charges that have been made.

FOR ORDERS.

The S.G. should be requested to replace ^{without delay} the Makomⁿ doctor and his subordinates referred to. The Police constables referred to should also be replaced. They will all be required to have to attend when required for the enquiry. The Col^l should certainly be requested to have the ^{selected} cases of bribery & extortion enquired into by a thoroughly capable Dist. Officer.

The P.C. should report eventually the result of the enquiry & what action has been taken.

It is perfectly scandalous that servants of Govt. should act in the high-handed & oppressive manner resorted to by the witnesses. Let H.B. see after issue.

The Plague Commⁿ suggestion sh^d be submitted be adopted. The Deputy Col^l's report & the statements clearly show that there has been serious misconduct on the part of the Med^l Officer & his subordinates at Tadpaty. I suggest that Mr. Buckley might be directed to go himself to Tadpaty & personally see that every thing possible is done to make the investigation as thorough as possible. The Col^l of Amantapur might take up the enquiry himself.

The Plague Commⁿ might be the report what is final result of the further enquiry ordered to be made.

Subject. Questions in Legislative Council
re Tadpatri Frontier Inspection Station.

Report has been received this day (4th). It
appears to be a great deal of trouble in the
complaints. Mr A. W. Livingston of the
Front Dept., also complained to me of the way
he was treated at Tadpatri. The conduct of the
Medical Officers will be brought to notice of S.G.
I propose (when the papers are returned) to ask G.W.
of the Hospital to enquire into the case of living, & if
the evidence is good enough to have the offenders prosecuted
by Government. It is time to make an example. There
are many complaints of soldiers, but the individuals
approved usually are not forwarded.

Revised disputed answers.

The means in which the Hygiene Regulations have been
looked at Tadpatri attracted the attention of the P.C.
before the publication of the letter referred to, & steps have
been taken to ensure that the regulations are carried out with
as little inconvenience to the public as is consistent with
thoroughness.

See answer to IX.

To deny to put let the depth with papers in regard to the rest.
