G.O., No. 58 L., 12th January 1899.

JANUARY.

Mysore Government Vaccine Institute at Bangalore.

Passing orders on the replies received from District Boards and Municipal Councils regarding the purchase of lymph from the — and addressing the Resident in Mysore on the subject.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—again G.O., No. 464 L., dated 12th March 1898.

Read—also file of replies to the above Government Order.

Order—No. 58 L., dated 12th January 1899.

In the Government order read above, all District Boards and Municipal Councils and the Municipal Commissioners of Madras were requested to state whether they agree to purchase their supplies of lymph exclusively from the Mysore Government Vaccine Institute at Bangalore for a period of five years, and, if so, to submit an estimate of their probable annual requirements.

2. From the replies received it appears that the District Boards and Municipal Councils named in the margin agree to obtain their supplies of lymph from Bangalore for a period of five years, subject, however, to the condition, in many cases, that the lymph supplied by the Mysore Government is of good quality and is readily made available. The Municipal Councils of Srívilliputtúr, Kurnool, Madura, Rajahmundry, Ongole and Srírangam have not reported the quantity of lymph required by them annually—an omission which should be supplied as soon as possible. The Municipal Councils of Berhampur, Dindigul and Tinnevelly also agree to obtain their lymph from Bangalore, but are not willing to bind themselves for a period of five years, although they will continue to indent on the Institute at Bangalore, if the quality of the lymph supplied is satisfactory. The remaining District Boards and Municipal Councils and the Municipal Commissioners of Madras report that they see no reasons for making a change in the present arrangements under which they have been obtaining locally a supply of lymph of good quality and at a price much lower than that charged for by the Mysore Government.

To

THE RESIDENT IN MYSORE.

SIR,

In continuation of my letter, No. 465 L., dated 12th March 1898, I am directed to forward a copy of the Proceedings of this Government, No. 58 L., of this date, and to append a statement showing the District Boards and Municipal Councils in this Presidency which are prepared to purchase their supply of lymph from the Mysore Government Vaccine Institute at Bangalore and the quantity of lymph which will be required by them annually. The Municipal Councils of Srívilliputtúr, Kurnool, Madura, Rajahmundry, Ongole and Srírangam have not reported the quantity of lymph required by them. Information on this point has been called for and will be furnished to you as soon as it is received.

I have the honour to be,
Sir,
Your most obedient servant,

H. TREMENHEERE,
Secretary to Government.

Madras.

Sir,

With reference to G.O. No. 464L / 12-3-98 I have the honour to state that this District Board will agree to get its lymph from the Mysore Government Vaccine Institute, Bangalore for a period of five years. The number of cases for which lymph will be required annually is 45,000.

2. The purchase of lymph in Bangalore was already sanctioned by the District Board and also Government vide G.O. No. 3542 Mis / 16-2-97 and it has been in use in this District since 1st April 1897.

I have the honour to be,
Sir,
Your most obedient Servant.

South Canara District Board Office,

Mangalore, 15th April 1898

From

A. F. Pinhey Esquire,

President, District Board,

SOUTH CANARA.

LOCAL & MUNICIPAL
CURRENT No. 1032

The Secretary to Government

Local & Municipal Department

Madras.

Sir,

With reference to G.O. No 464 L dated 12th March 1898, I have the honour to state that the District Medical and Sanitary Officer having been consulted with reference to G.O. No 1905 L dated 5th October 1897, that Officer recommended the retention of the Vaccine Depôt, now maintained by the District Board at Mangalore, for the supply of lymph required for use in the District. He showed that while the lymph supplied from the Mysore Government Institute would cost about 6 pies a case the cost of a case vaccinated with the locally produced lymph would be about 3 pies, and that the lymph

Supplied

Supplied to the vaccinators from the Mangalore Depôt would be fresher than that obtained for them from Bangalore. The Sanitary Commissioner for Madras has since informed Presidents of District Boards and Chairmen of Municipal Councils that the price at which the Mysore Government will supply lanoline vaccine is 10½ pies per case including cost of packing and postage. As this District is not connected by rail the time spent in transit of lymph from Bangalore to the several stations in this District is considerable. The District Board Budget for the current official year 1898-99 prepared in the light of the District Medical and Sanitary Officer's recommendation, passed by the District Board and Sanctioned by the Government

Government, contains a provision for the maintenance of the local vaccine depôt but none for obtaining vaccine lymph from the Mysore Government institute.

2. As under the circumstances stated above no supply of lymph is required for use in this district no estimate of its annual requirements is submitted. The Sanitary Commissioners for Madras and Mysore have been already informed that no lymph from the Mysore Government institute is required for use in this district.

3. I may state however that the vaccination question has recently attracted the special attention of myself and the Presidents of the taluk boards and a careful enquiry into the working of that department is likely to be made at

Vaccine Institute at Bangalore

may be modified as a result of the enquiry.

I have the honor to be,
Sir,
Your most obedient servant

D. Ewart

for President
District Board.

LOCAL & MUNICIPAL
CURRENT No. 1125

Sir,

With reference to G.O. dt. 464 L. dated 12th March 1898 desiring to be informed whether this District Board agrees to purchase its supply of lymph from the Mysore Vaccine Institute at Bangalore for a period of 5 years, I have the honor to enclose the resolutions of this Board dt. 11-3-98 & 18-4-98 on the subject.

At present vaccination in this District direct from calf lymph is very satisfactory, 98 per cent of the cases vaccinated being successful. Further the cost per case is only 7 pies, whereas if the Bangalore lymph which is estimated to cost 16½ pies per case, were introduced it would involve an extra expenditure to the Board of about Rs 1600 for 80,000 cases, the average per annum. On these circumstances the Board has not considered it advisable to obtain Lanoline lymph from Bangalore. I have the honor to be

LOCAL & MUNICIPAL DEPT.
CURRENT No. 1412

To,

THE CHIEF SECRETARY,

TO GOVERNMENT, Local and Municipal

MADRAS. department,

Sir,

With reference to paragraph 1 of G. O. No. 464 L dated 12th March 1898, I have the honour to report that I do not think it desirable to enter into a contract with the Mysore Government Vaccine institute at Bangalore for the supply of Vaccine lymphs for 5 years on the following grounds.

1. The present cost per case of animal lymph is 0.75 pies whereas the Mysore lymph is estimated at 0.5 pies. In this district there are

nearly 40000 cases each year. The Board would have to incur an extra expenditure of Rs 600 per annum if it gets its supply of vaccine lymph from Mysore Government.

2. The lymph obtained under the present arrangement is of a good quality and yields an average of 97 or 98 per cent of success - a result rarely obtainable by the use of preserved lymph from Bangalore Vaccine Institute.

3. This district offers great facilities for the supply of calves for inoculation. The people in rural parts where vaccination is not compulsory are more willing to submit to operations if performed direct from the calf.

I have the honour to be,
Sir,
your most obedient servant,

Ramadandhi

To

THE ~~CHIEF~~ SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,
FORT SAINT GEORGE.

SIR,

With reference to G.O No 464 L dated 12th March 1898, I have the honour to state that this District Board undertakes to purchase lymph exclusively from the Mysore Government Vaccine institute at Bangalore for a period of 5 years.

2 A statement showing the number of cases in a month for which lymph is required and the Officers to whom it is to be supplied is herewith submitted. The District Medical and Sanitary Officer is of opinion that it should be supplied once a fortnight direct to the officers concerned addressed to the post stations referred to in column 5 of the statement.

I have the honour to be

Resolution No 6

Letter no 1237 dated 4. 11. 97 from the District Medical & Sanitary officer Anantapur informing that lymph will be required for vaccinating about 2380 successful cases every Year

Also letter no 334 dated 14. 4. 98 informing that he has already furnished the estimate of the probable annual requirement of the Lymph - stating that the District Board may agree to purchase their Supply of lymph from the M^y Sale

Government Vaccine Institute at Bangalore for a period of five years.

The Board is not prepared to increase its present expenditure on Vaccination lymph Rs 900 but up to that amount would guarantee dealing with the Depôt. The proposed price seems higher than the present arrangement of Calves.

7 Read letter No 1704 P, dated 30th November last

last, from the Sanitary Commissioner for Madras, commending the advisability of obtaining lymph from the Mysore Government and the subsequent correspondence on the subject.

The lymph now supplied is of sufficiently good quality and is considerably cheaper than the Bangalore lymph which is more than twice as expensive as that now in use. The District Board cannot afford to purchase the Bangalore lymph.

Ref

Dis No. 381/L of 98

CHINGLEPUT DISTRICT BOARD'S OFFICE,

SAIDAPET, 18th March 1898

LOCAL & MUNICIPAL DEPT.
COLLECTION No. 1366

From J. H. Robertson Esquire,
President of the District Board,
Chingleput.

To

The Secretary to Government,
Local and Municipal Department,
Madras.

SIR,

In reply to para 1 of G O No 464 L dated the 12th March last, I have the honour to report that, on receipt of G O No 1905 L, dated 5th October 1897, the proposal of the Sanitary Commissioner to obtain vaccine lymph from the Mysore Vaccine depôt was fully considered by the District Board, and it was resolved at a meeting held on the 18th March ultimo that, in consideration of the large additional cost that the proposal would involve, the present arrangement of obtaining fresh lymph from calves inoculated by vaccinators

on the spot should be adhered to.

2. The district medical and sanitary officer, Chingleput, set down the probable number of cases for which lymph might be required in a year at 56,400. The cost of the imported lymph being 10·5 pies per case the total cost for a year would amount to Rs 2,975-8-4, against the provision of Rs 1100 in the budget. Under the existing arrangement by which calves have been obtained for hire at an average cost of one rupee each, the highest — amount spent on the cultivation of calf lymph locally has been Rs 1,058, and the results achieved have been satisfactory, as will appear from the figures given in

	The number of cases vaccinated	The number successful.	cost of lymph Rs	the marginal
1894-95	45,325	41,972	932	
1895-96	51,296	47,781	999	the
1896-97	50,282	44,629	1,058	outlay

above specified included the cost of feeding and watching calves and other incidental charges.

3. The matter was again placed before the District Board at its meeting held on the 14th instant and it still holds that it is unable at present to procure its supply of lymph from Bangalore.

4. Copies of the Board's resolutions in the matter are enclosed.

I have the honour to be,

RECEIVED No. 1500
1898

To,

The ~~Chief~~ Secretary to Government,
Local and Municipal Department,
FORT ST. GEORGE.

Through the Collector of Trichinopoly.

Sir,

With reference to G.O. No. 4642 dated 12th March 1898, I have the honor to report that the Municipal Council of Trichinopoly Considers that the System of Vaccination now in force is both more satisfactory and economical than that offered by the Mysore Government; and does not therefore propose to purchase any supply of lymph from the Mysore Government Vaccine Institute. The method of Vaccination employed by the Municipality is Calf to arm & the Cost of the lymph is estimated at 7 pies per

Case: whereas the lymph from my store is preserved, and Costs 10·5 pies per Case. The percentage of Successful Opera=tions Obtained under present arrange=ments is 97 per cent, a result rarely obtainable by the use of preserved lymph. Moreover, this town offers facilities for the supply of Calves for inoculation & the people have a prejudice in favour of Calf to arm Operations.

A Copy of the Councils Resolution is herewith Submitted.

Sir,

With reference to your letter dated 20th April 1898 No. 426/98, I have the honor to inform you that the District Board has, at its last meeting resolved to retain the local vaccine depôt and to manufacture lymphe there instead of getting it from Bangalore. You can therefore get the supply of lymphe required for the municipality from the local depôt here as before.

I have &c

Enclosures/Nil

Sir,

With reference to G.O. No. 4642 dated 12th March 1898, I have the honour to inform you that the Municipal Council of Vellore has resolved to purchase their supplies of lymph exclusively from the Mysore Government vaccine institute at Bangalore for a period of five years.

The quantity of lymph that will be required for each year is to be estimated on the number of cases given below:—

		Cases
2. Vaccinators at 80 cases each per mensem	}	1920
2. Hospital Assistants 5 cases do	}	120.
Total No. of Cases per mensem	}	2040

The District Medical and Sanitary Officer

officer is of opinion that the lymph should be preserved in lanoline as a medium.

A copy of the resolution of the Council No. 1 dated 15th April 1898 is herein enclosed.

I have the honour to be

Sir,

Enclosure - Nil. -

With reference to your endorsement, dated 1st April 1898, No 1160, on G.O. No. 464 L., dated 12th March, 98, I have the honour to state that the Local Vaccine Depôt has been supplying sufficient quantity of good lymph to meet the requirements of both the Local Fund and Municipal Vaccinators. The result of vaccination with the paste supplied from this Depôt has been good. In case vaccine paste is ordered from Bangalore, the cost will far exceed the present amount paid to the District Board. The District has already declined to obtain paste from Bangalore.

I have, &c.,

Fort St George.

Sir

With reference to G. O. No. 464. L, dated 12th March 1898, I have the honor to state that this Council agrees to purchase lymph exclusively from the Mysore Government Vaccine institute at Bangalore for a period of 5 years, and that 600 grains of Lanoline Paste will be sufficient for a year.

I have the honor to be,
Sir,
your most obedient servant.

(X)(a) Read again G.O. No. 4642. dated 12th. March 1898, requesting, with remarks, all the District Boards and Municipal Councils to state within six weeks whether they agree to purchase their supplies of Lymph from the Mysore Government Vaccine Institute at Bangalore for a period of five years, and if so, to submit an estimate of their probable annual requirements.

(b) Read also the Chairman's letter No. 176 dated 31st. May 1898 to the District Medical and Sanitary Officer, Vizagapatam requesting the latter if he can advise the Council to purchase the lymph referred to in the G.O. read above.

(c) Read also letter No. 994 dated 8 Instant from the District Medical and Sanitary Officer, stating that Lanol

paste is being used in the Vizagapatam Municipality as an experimental measure and that 18.61 per cent of the cases proved unsuccessful &c. &c.

The Council prefers the use of the lymph now in use to the one recomend-ed in the G. O. The population of the Municipality mostly consisting of agricultural classes fear the introduction of the new lymph and the popularity of Vaccination may suffer by a change in the lymph and the mode of Vaccination.

Revenue officer in charge of Tiruchirapally Division for publication in the District Gazette he submitted the same to the Collector with his endorsement stating that the Municipal Council did not appear to have consulted the District Medical and Sanitary officer Tiruchirapally before determining to purchase the Lymph, and that the Collector thereupon returned the proceedings with his letter Reference Ck. No. 992 Revn dated 29th April 1878 pointing out that it should have been passed by the Council after consultation with the District Medical and Sanitary officers who is the professional authority that can advise the Council in such matters. After consultation with the above officers, the Council has, at the meeting held on the 2nd instant, confirmed its former resolution.

The copies of resolutions of the Council on the subject dated 16th April, 27th May and 2nd July 1878 are herewith submitted for the information of Government.
