To

The Resident in Mysore

Sir,

With reference to your letter to 854 P d 22.2.99 I have the honour to state that it is not clear what report the Mysore Govt. requires. The only official report published by this ^{Providence} Government is a weekly return of plague cases ~~in the district~~, copies of which are already being supplied to you by the Sanitary Commissioner. If the Mysore Govt. requires this return, arrangements will be made for the supply of the required number of copies to the Plague Commission, ^{Mysore} Madras. A fortnightly narrative

inform you that I am requesting the S.C. to furnish to you of the vaccination, of which copies are already being sent to you - I trust that these reports will give ~~the~~ sufficient information for the purpose of the Mysore Govt. They deal with the districts - a case, because so far as municipal towns are concerned.

SUBJECT.

Stating that the Mysore Govt. desires to receive copies of the weekly Reports on plague in the Madras Presi- dency in order to enable its officers to exercise adequate supervision over arrivals and requesting that 10 copies of such reports may be supplied direct to the Plague Commissioner in Mysore.

In Order ✓

It is not clear what weekly report is received. The D.C. sends already copy of his weekly return under Memo 20104 P. of 17-2-99. but this return does not give details of villages & cannot be of much use to the Mysore authorities

Request to be made for copies of the Mysore weekly plague report & perhaps the Resident wants copies of the fortnightly report of the D.C. to Govt. This is printed by Govt. which may be addressed by Govt. 20/2/99
