MISCELLANEOUS SERIES.

G.O., No. 5907

DATED 25/4/99

[Despatch Abstract.]

By Inspection Station.

Stating that Balasore a place to the north of Cuttack was intentionally omitted when the frontier station question came up before Govt and that as Cuttack and Puri are the places which concern this point the Collector of Ganjam shall take ^{the necessary} action when plague is reported from either of them, and that as regards the information of the progress of plague in Bengal, no further action need be taken than what is already done.

 FOR ORDER, No. 590 Dated 25/4/99

In the current...
above the Plague...
 When Janing to order contained
 in G.O. 564. 17. 10. 99. to Govt.
 interlocking on the Balasore - It
 is Cutback a Pari that are to
 place which concern the Pandray.
 The Commr of Gangam showed later
 action at once, as soon as any
 cases are reported at either of the
 above places - As regards information
 of the progress of Plague in Bengal
 the Govt. considers that it will be
 sufficient if the Commr. is kept informed
 of all cases which occur in
 Orissa. This is now being done:

Current No. 787 of 1899, dated 18-4-99 from the Do.

SUBJECT.

FOR ORDERS.

At present we only get the weekly
return from G.O. of India of cases in
Bengal. but the Bengal Govt have
promised to communicate any
cases which occur in Orissa to
the Plague Comm. & Com. Gajam.

From last return from G.O. of India
it would seem that any
case is really "infected" except
Calcutta. That case has been
notified.

It seems hardly necessary to
ask Bengal to write daily all
cases to the Gajam Com. to know
of isolated cases in districts
outside Orissa will not be of
much use to him, a letter

In the current read
about the Plague Com-
missioner requests orders
for the opening of a railway
inspection station at Kalli-
kota in the Gangpur Dt.,
as the Khurda Road
inspection station is to
be abolished by the Govt
of Bengal and four im-
ported attacks and three
deaths have been reported
from Malasore. In G.O.
No 564 P of 17th instant,
the Plague Commissioner
has been told that the
inspection station at Kalli-
kota should be started
at once, if any cases of

plague are reported from Cutback or Poore. Balasore, the place where imported cases are reported to have occurred, is nearly 100 miles to the north of Cutback.

Orders are solicited as to whether the Plague Commr. should be merely referred to the G.O. above quoted, or whether he should be told that the inspection station at Kallikota may at once be opened although it has not been reported that cases have occurred in Cutback or Poore.

2. The Bengal Govt. was requested (vide G.O. no 4557, mis D/23.3.99) to telegraph daily to the Plague Commr. and the Collector of Jajpur the number of plague cases and deaths in Orissa. Evidently referring to this, the Plague Commissioner states in the first current read above that himself and the Collector of Jajpur

Plague attacks actually to the south part of Orissa to the N.E., as I understand, does not consider a frontier station necessary in Jajpur.

It would seem sufficient to tell the Commr. that as far as it is not necessary to get daily telegrams - and point out that as long as Districts are not declared infected - passengers from them cannot be interfered with.

If from the telegram he receives from the Bengal Govt. it is apparent that Plague is actually increasing in Orissa he should refer to the fact that that place may be declared infected.

So far the latest returns do not show that the Plague is at present spreading outside the immediate neighbourhood of Calcutta.

22.10.99.

unless a frontier station is opened this seems hardly necessary.

11.10.99

I intentionally omitted Balasore when asking on the frontier station question before - ~~it is not necessary~~

~~It is~~ Cutback & Puri that affect us. The Commr. should take action as soon as any cases are reported at either of these places - It will be sufficient if he is kept informed. Printed as corrected up to date in G.O. no 381 T D/11.3.99, flagged U of cases in Orissa.

MA 24.4.99.

"should be daily informed by telegram of the numbers of attacks and deaths in all districts in Bengal, and not only of those in Orissa, for passengers from beyond Orissa are likely to travel by rail into this Presidency." For orders as to whether the Bengal Govt. should be addressed, accordingly.

3. In the first current read above the Plague Commissioner states that "for the purpose of the pass-port rules, those districts of the Bengal Presidency from which indigenous cases are reported should be regarded, or if necessary, notified as infected." Under Municipal Regulation 17 it appears to be necessary, for the purpose of enforcing the pass-port rules, that the districts referred to by the Plague Commissioner should be declared infected.

READ—

The following letter from the Collector of Ganjam, dated 24th March 1899, F.C.617/Eng of 99:—

I have the honour to state that the Ganjam District being a frontier district to Bengal Presidency, it is necessary carefully to watch the spread of plague in Calcutta and Bengal. I therefore request you to arrange for a full weekly statement of plague attacks &c, in Calcutta and surrounding Districts of Bengal being sent to me direct from the plague authorities at Calcutta, as the news papers do not furnish sufficient information on the subject. I am at present in receipt of no official information. I request that the Puri authorities may be at once directed to report to me any case of plague at that place.

-----:0:-----

Proceedings No. 946 dated 12th April 1899.

G.O. No. 455 P Mis: dated 23-3-99 will now have been received by the Collector of Ganjam.

2. The question of opening a railway inspection station at Kallikota has again come up for consideration, now that ~~Kharda~~ Road inspection station is to be abolished.
3. I consider it desirable that the Plague Commissioner and the Collector of Ganjam should be daily informed by telegram of the numbers of attacks and deaths in all districts in Bengal, and not only of those in Orissa, for passengers from beyond Orissa are likely to travel by rail into this Presidency.
4. For the purpose of the passport rules, those districts of the Bengal Presidency from which indigenous cases are reported should be registered-regarded, or if necessary

notified as infected.
