Sir,

I have the honour to report
that in view of the large number of deaths
in the fields which have taken place since
receipt of your Ref no 979 forwarded
me by you, I think it desirable to release
here the detachment of Sepoys as the houses
in village occupied by the deceased require
disinfection and locally it is most difficult
to get coolies to do this work.

SIR,

Enclosures.

In forwarding herewith copy of letter from the D^t Medical and Sanitary Officer Anantapur C No 2097 dated 31.12.98, I have the honour to state that I also have no objection to the present detachment of Sepoys at Cumbakal being relieved by a new detachment, and to request therefore that you will be good enough to address the Officer commanding the 9th Regiment, Bellary, on the subject. As disinfection work at Cumbakal and Hottata is completed but 100 men will be wanted for Kanabondla for the present.

Dec 3rd	1	1
2nd	4	-
2nd	2	1.

I understand that the village has been
evacuated to a considerable extent.
I shall be glad to know whether the attacks
have occurred in the houses or in the
fields, whether the infected houses are
situated or close together, & whether a
disinfection of the whole town is in
the opinion of Capt. Robertson & yourself
absolutely necessary. If the village has
been evacuated, & if attacks have
been confined to one quarter of the village,

Sir,

With reference to the Plague Commission's
No 84, I have the honour to inform that I have
5.1.99 frequently visited Donkonda and inspected
the infected houses and the contiguous houses.
As far as I am at present able to judge, the
whole village will not require to be cleaned
but a considerable number of houses
have been infected by dead rats and these
houses require cleansing. The Plague figures
quoted by the Plague Commissioner altho
first only represent a small item when
no proportion to the secondary and greater
danger - rats. This morning I visited a
number of houses and personally observed
dead rats; a bandicoot and a dead cat.
I am informed that 11 houses were found
infected to day.

If further houses become infected
I will inform you from time to time
