SOUTH CANARA COLLECTOR'S OFFICE,

Mangalore

Camp,

27th February 1899.

Current No. 25 of 98.

FROM

A. F. Pichay Esq.,

COLLECTOR OF SOUTH CANARA,

To

THE Plague Commissioner
Madras.

SIR,

I have the honor to inform you that I availed myself of the opportunity afforded by my family tour through Ndipi Taluk to inspect the Road Tracer Inspection stations at Hosangari and Sameshwar, the two out of the 5 stations referred to in my letter No. 1652 dated 12th November 1898 printed in your Proceedings No 692 of 16th idem. I am strongly of opinion that both these stations might be closed for the present as there is no plague in the adjoining district of Shimoga in Mysore. They are doing us good now but may

possibly do some harm by causing
hindrance to trade though I have
given instructions to minimize this
as much as possible consistently with
safety. I therefore request your sanc-
tion to close these stations for the
present. If unhappily plague should
appear in Shimoga they can be re-
opened at once as I will order the Potails
to see that the sheds are not dis-
turbed.

2 As Hospital Assistants who now
serve at the said stations are urgently
required for service at the remaining
stations the medical officers of those
places being reported to be sick, I would
request that your orders be commencing
ed by wire.

I have the honor to be,
Sir,

Your most obedient servant
