BELLARY COLLECTOR'S OFFICE.

Dated 1. 3 - 1899.

FROM

R. H. Campbell Esq
Collector of
BELLARY.

To

THE Plague Commission
Madras

SIR,

With reference to your pro-
ceedings A C No 1298 dated 2.2.99 I
have the honour to forward herewith
letter No 27 dated 27.2.99 from my Treasury
deputy showing the result of his audit
of the charges incurred by the people of
Hospet for the sheds constructed by them
in the observation camp and to
recommend that Rs 621 being half
of the amount spent by them may be
paid as Government Contribution for
these sheds.

2. The sheds constructed by them are
of the same description as those
built by Government in the Hospet
camp and would certainly have
cost the amount shown in para 3 of the
Treasury Deputy Collector's letter. I therefore consider it
unnecessary to have the sheds valued

valued by the Executive or Local
Fund Engineer.

3. The people of Hoopet have
again raised subscriptions and
collected Rs 850 for construction
of a plague Hospital. The Hon.
Secretary of the Hoopet District Plague
Committee has forwarded a plan
of the Hospital and Estimates
for the buildings to be erected
by the people. In forwarding
herewith the plan & Estimates
for your perusal and return,
I recommend that a contribution
equal to the amount already collected
may be paid towards the construction
of plague Hospital at
Hoopet. The local medical officers
of Hoopet and the Tahildars have
selected a site for the hospital
and as soon as it is approved
by the District Medical & Sanitary
officer, they will proceed with the
construction of the hospital. As
the official year is drawing to a
close, I request that early orders
may be passed as regards
the ^{contribution} construction to be paid. I
don't think that there will be any
further

further claim in the current official
year for Government contribution
in this district & I would suggest
that the balance of the amount
may be utilized for other districts.

I have the honour to be,
Sir

Your most obedient servant

L. G. S. S. S.

Bellary Collector's Office,

27th February 1897.

Dis No. 27 / AB 799

From *M. J. Gopalasami aiyar* ^{Local audit defn}
Deputy Collector in charge of Treasury,
Bellary.

To

The Collector
of Bellary

Sir,

I have the honor to return
herewith the vouchers and estimates
relating to the sheds constructed
by the people of Hosel received
with your Ref on C. no. 407 P. of 24th
- instant and to make the following
remarks.

The statement of expenditure
sent by the President is only a
list of sub vouchers and nominal
muster rolls. From this, no.

information can be fathered
as to what amount was spent
on each shed. The sub vouchers
too, do not give any clue from
which the statement called for
can be prepared.

3 The sub vouchers agree with the
statement of expenditure. The total
amount spent on account of
the construction of all the sheds
as per sub vouchers, exclusive
of supervision charges is Rs 11444-14-6
Total estimated cost is Rs 11490-0-0.

A sum of Rs 37-11-6 is shown as super-
vision charges. This amount was
the pay of the manager & peons. I

have therefore excluded that item
from charges on account of
construction & included it under
establishment charges.

4. I could not check the rates
given in the estimates with the
Schedule of rates as several of
the items in the estimates do not
find place in the latter.

There is an excess payment of
0-1-6 in subvoucher no. 68.

The total amount of expenditure
on account of establishment is
Rs 97-13-8.

5. The Local Fund Engineer may
be asked able to value the sheds
after inspection.

I have the honor to be,
Sir,

Yours most obedient servant

FURTHER PAPERS.

No.	Date.

BELLARY COLLECTOR'S OFFICE.

Dated 29. 1. 1899.

FROM

R H Campbell Esquire
of COLLECTOR OF
BELLARY.

To

THE Plague Commissioner
Madras

SIR,

With reference to G.O No 827P the people
17.8.98
of Hospet and Chitwadgi erected sheds for
use of the public in the observation camp at
their own cost. In consequence of the outbreak
of plague in an indigenous form at Hospet,
they desire now to erect their own hospital.
The President & the Honourary Secretary of the
Private Plague Committee, Hospet, request that
contribution may be paid by Government
for the sheds erected by them in the observation
camp - they have forwarded 2 statements,
one showing the collections made by them and
the other the expenditure incurred by them. In
forwarding their application and the two
statements, I have the honour to recommend

that half the cost incurred by them for the sheds etc may be sanctioned as Government contribution. I have called on them to send detailed estimates and regular vouchers in support of the expenditure. A detailed audit will be made on their receipt and only half the amount actually spent for the sheds & the establishment will be paid.

2. Estimates with plan and statement showing collections made for the hospitals proposed to be erected have also been called for and a separate application will, if necessary, be made for contribution on account of the hospital.

I have the honour to be

Sir,

Your most obedient servant

M. L. S. S.
