Rev

Dated 4 January 1899.

5 - JAN 1899

FROM

R. W. Shipley Esq

THE COLLECTOR OF

Trichinopoly.

To

The Plague Commissioners
Madras.

Sir,

In reply to your letter of the 17th December Ref. no 2266, I have the honour to state that the petitioners appeared before me and the Plague regulations were explained to them in detail. The petition sent to you is in substance the same as one they submitted to me, in consequence of which I sent for them and addressed them personally. They understood perfectly well what was wanted and though I cannot say that they were all pleased, their

leaders expressed themselves as satisfied with my explanation of the Rules and with the policy of Government.

2. I would earnestly deprecate any further action in the matter. The opposition to the rules is now comparatively ancient history. We have had no Cases of Plague or even suspected Plague for weeks. and the people have become accustomed to the situation. Any new Circulars on the subject would inevitably raise the whole question again & cause a ferment in the town.

3. *Quies non movetur.*

I have the honour to be

Sir,

Yours most obedt. servant

Mundana Rao

C. no. 2266

19/11/19 Ref on Cas 2266

Order:—No.

, Dated

189.

As I have the
honor to forward
the enclosed hereto.

Forwarded to the Collector
of Trichinopoly with the request
that ^{you} the circular may be modified
so as to make the intention of
forth on segregation and isolation
clearer to the petitioners, and
that a copy of the revised circular
may be forwarded for submission to Govt.
2. Para 7 of the circular. It must
be made clear that only such
Contracts as are not in attendance
upon the patient will be segregated.
Under Reg 3 (page 10 of the Plague
Manual) persons segregated cannot
leave the place of detention except
with

with the permission of the officer
 in charge, and it will be more
 correct to say that they will be
 detained until all danger of
 infection is over. There may
 be plague among contacts and
 this will involve their detention
 for a longer period than 10 days in
 the appropriate.

3. Para 13. The statement that
 inoculated persons are not
 liable to be attacked with plague
 for six months is ^{too sweeping} incorrect.
 The liability is ^{partly} reduced by attack
 90 percent by means of inoculation
 but not removed altogether.

Dec 19/12/98

...the permission of the officer
 in charge, and it will be more
 correct to say that they will be
 detained until all danger of
 infection is over. There may
 be plague among contacts and
 this will involve their detention
 for a longer period than 10 days in
 the appropriate.

3. Para 13. The statement that
 inoculated persons are not
 liable to be attacked with plague
 for six months is ^{too sweeping} incorrect.
 The liability is ^{partly} reduced by attack
 90 percent by means of inoculation
 but not removed altogether.
