OFFICE OF THE SANITARY INSPECTOR,

on *Plague Duty* DIVISION,

Madras, 7 March 1899.

From

Special
THE SANITARY INSPECTOR,

Division.

To

The Health Officer

Madras Municipal Commission

Sir,

I beg to report that tickets of passengers who come from non-infected areas such as Secunderabad, Wadi and other places are plague punched while the same is left out in the case of tickets of certain other passengers. Under such circumstances much difficulty is felt at Pambour in satisfying the passengers who complain that passports are unnecessary for them as they come from non-infected places. Further I beg to state that in the same family the tickets of some persons are left out without being plague punched and this gives room for passengers to complain that their tickets are wrongly punched.

I beg to remain
Sir

Yours most obedient servant

W. Bushy
Special Sanitary Inspector,

on *Plague Duty* Division.

The President

Sir

It appears that these plague punches are still being used somewhat indiscriminately at Gooty or Tanjabadra.

Passengers coming directly from Agra & the N. W. P. should not have their tickets punched at all, yet I have seen several cases during the last few days. This means the unnecessary issue of passports at Purnambur & trouble to travellers. Please communicate to the Plague Commissioners.
