Supply of water to the (Kurubarapalli) Camp

There is water flowing
in a small stream at close
to the camp but probably this
is considered not healthy. I
have purchased a cask for
Rs 4 and arrangements have
been made for a cart to
carry water from the Kurubara
palli river to the camp as
directed. The bandyman
wants Rs. 10 per mensem
and I request this may be
sanctioned. Taking it that
the man makes two journeys
every day and back he
traverses five miles and
according to the rates of mileage

@ 0.1.6 will have 0.7.6 per
sein. Being a compounded
monthly arrangement he agrees
to hire the cart and bullocks
for Rs. 10 per mensem. It is
not possible to obtain a
cart at a lower rate as
the plague scare is keeping
people off.

Subcollector's Endorsement

This may be sanctioned
