Revised arrangements for the medical inspection and disinfection of travellers by railway.

General Department (Plague).
No. 3000-P.

Bombay Castle,
3rd May 1899.

Letter from the Supervising Medical Officer, Railway Medical Inspection, No. 268-R., dated the 29th April 1899:—

"I have the honour to report that, in accordance with your instructions, I have arranged to discontinue medical inspections at Belgaum Railway Station from the 1st proximo, and that Dr. S. S. Nightingale, the Senior Inspecting Medical Officer there, will then proceed to Sholapur and take over the appointment of Senior Inspecting Medical Officer, left vacant by the transfer of Dr. W. E. Hills to the Port Health Staff. All the remaining members of the Belgaum Staff were local temporary hands and they have been informed that their services will not be required after the 1st proximo.

"2. As directed by you, I have also arranged to discontinue through inspections at Manmád Station from the 1st proximo, and have reduced the staff to a sufficient strength for the inspection only of passengers alighting there from trains from Bombay and Dhond. Beyond a certain number of local and temporary hands this arrangement releases two English Doctors, viz., Dr. Boyd and Dr. Richards who is at present on general duty under the Collector of Broach, but who would have been sent to relieve Dr. Patrick at Manmár (who has just resigned on account of ill-health), had the through inspection post been continued at Manmád.

"Disinfection will cease at Manmád from the 1st and the steam plant will be taken on to Bhusáwal as soon as suitable arrangements can be made for its conveyance with the Company.

"3. Unless directions to the contrary be received from you, the following will be the arrangements in force from the 1st proximo:—
