Q No 4835

From Civil Apothecary

B. Stocking
Hospital.

To, The Tahsildar of Hospet.

Sir,

I have the honour to state that a number of people although willing to undergo inoculation against plague yet are prevented from doing so on account of the fear that during the time they suffer from the effects of the operation, starvation would stare them in the face. Such people are abjectly poor and live absolutely on hand to mouth life.

2. It has been brought to my notice that such people if helped with money sufficient to maintain them for 3 days during which the effects of inoculation incapacitate them from work they would readily submit to the operation.

3. As regards the sum to be allowed per head I think 2 annas per man, 1 anna for woman and 9 pias per child under 10 years old would be sufficient.

4. I have the honour to request that after due enquiry on the subject you will be good enough to recommend to the collector to sanction an adequate sum of money for this useful purpose. Living as the poor do in squatters, they are, I think, in view of prevention of an epidemic disease, primarily to be protected.

I have to

Submitted to the Head Assistant Collector for favourable consideration.

(sd) P. Ramarao
Tahsildar.

Ref. on c 968. P
26.4.99

Submitted to the Collector for favour of orders. The grant may, I think, be allowed.

(sd) B. A. Lloyd Jones

(True copy) Ref. on c 1714. P
5.5.99

Forwarded to the Plague Commissioner for favour of orders. I am unaware whether there is any precedent for granting the concession recommended. I do not understand why the recommendation comes specially from Hospet, where owing to the large extent of sugarcane and paddy cultivation there is much demand for labour and the coolies earn more than in the other parts of the district.

Cus 4836. 18.
Abstract.

Inwarding for favour of
orders copy of letter from
Mr. E. Stocking, Civil
Apothecary, Hospet, recom-
mending the grant of
subsistence allowance
to certain poor people
who wish to be inoculated,
for the period during which
they are incapacitated for
work owing to inoculation.

Chs 4836/181

NOTE FOR THE ~~Secy. to the Secy.~~

It does not appear that the Govt has anywhere sanctioned the grant of substance allowance to persons for the period during which they were incapacitated for work by reason of inoculation.

There the popular prejudice against inoculation is still great. This measure is still in its experimental measure. If Govt gives grants of money to poor people wishing to be inoculated & if any accident should happen to an inoculated person, all sorts of motives will be imputed to Government.

When inoculation is properly understood & becomes popular, people themselves will come forward without any inducement and even pay a fee as they did in Hbbl.

The proposal sent up by the Colls of Bellary may be rejected.

11/11/99

In Hbbl

3

Limit:

Chs 4836 (abstract)

Gov. No. 742 P of 17.5.99.

11/11/5

The grant of batta to person who are inoculated cannot be sanctioned.

To the Colls of Bellary (Hbbl) Secy. to the Secy. The proposal must of course be negatived.

11/12.5.29

This submits that the general payment of batta to person inoculated cannot properly be sanctioned & there is no reason what ever to make an exception in case of Hbbl. A much better way of making it popular when an epidemic comes will be to charge a small fee as has been done in some places in Bombay.

11/11/99

The first part of the report
 is devoted to a general
 description of the
 country and its
 resources. The second
 part is devoted to a
 description of the
 climate and the
 diseases which
 prevail. The third
 part is devoted to a
 description of the
 agriculture and
 the commerce of the
 country. The fourth
 part is devoted to a
 description of the
 population and the
 government of the
 country. The fifth
 part is devoted to a
 description of the
 history of the
 country. The sixth
 part is devoted to a
 description of the
 future of the
 country.
