6th March 1899

FROM

A. F. Pirihy Esq.,

Ag. COLLECTOR OF SOUTH CANARA,

TO

THE

Plague Commissioner,
Madras

SIR,

I have the honor to state that some of the medical officers placed in charge of Road Frontier Inspection Stations in this District have suffered from fever owing to the malarious climate of the stations. It was not possible to select better stations as all places at the foot of the western ghats are unhealthy and the stations had to be placed as close to the frontier as possible to be of use. The only question therefore is whether they should not be given a local allowance. Such allowance, I find, is paid to the Police

stationed at the foot of the Mysore and
Mysore hills under the authority of
G.O. No. 813 Mis. dated 17th April 1884.
and an allowance of Rs 10 per mensem
is also paid to the Medical
Officer in charge of the Local Fund
Dispensary at Koller in the foundation
Taluk of this district on the ground
of its feverish climate. I would
therefore recommend that a local
allowance of Rs 10 per mensem be
paid to the Medical Officers at these
stations. This will induce them to
remain at these posts. At present
they are continually trying to get away
as soon as possible on the pretext
of fever.

I have the honor to be,

Sir,

Your most Obedt Servt
