LOCAL AND MUNICIPAL DEPARTMENT.

Again G.O., No. , dated 189 .

Current No. 9064 of 1899, dated 7.5.99 from the Plague Commr.

Current No. of 189 , dated from the

SUBJECT.

Conveyance allowance to Civil Apothecary, Mr. Stocking.

FOR ORDERS.

Mr. Stocking, Civil Apothecary at Hospet, applies for conveyance allowance from the 7th January last, from which date he has been doing plague work in the town of Hospet and in the fields surrounding it, within a radius of five miles, where people who have evacuated their dwellings have encamped. The Collector of Bellary supports the application and recommends, as a special case, the grant of a conveyance allowance of Re 1.8.0 a day until Hospet is reoccupied and the plague ceases. The Surgeon-General recommends

that Mr. Stocking "may be given
"a local allowance not ex-
"ceeding one-fifth of his pay
"in accordance with G.O. No.
"1153 P. of 23.9.98 and articles
"38(a) and 98 of the Civil
"Service Regulations, for the
"period he was doing addi-
"tional plague work". The
Plague Commr. states that
he agrees with the Collector
that Mr. Stocking deserves
a conveyance allowance
and that it may be fixed
at Re 1.8.0 a day. The
Plague Commr. adds, however,
that, while doing plague
duty in addition to his or-
dinary work, Mr. Stocking
is entitled to a local
allowance not exceeding
one-fifth of his salary.

2. The exact nature of the
duties performed by Mr. Stocking
has not been specified by
the Surgeon-General or the
Plague Commissioner; but
from their endorsements
and the description of his

A

duties given by Mr. Stocking,
it would appear that he
had to perform additional
plague work, which was
probably "entirely separate
from and outside the sphere
of his ordinary duties."
G.O. No 1153 P. dy 22.9.98
quoted by the Surgeon-General
applies only to Hospital
Assistants and not to
Civil Apothecaries. Under
the Govt. of India letter
printed in G.O. no 7, Public,
dated 3.1.99, however, a
deputation allowance not
exceeding one-fifth of the
salary is admissible to Mr.
Stocking, provided the addi-
tional plague work performed
by him were "entirely separate
from, and outside the sphere
of his ordinary duties."

B

3. It is not so plained by the Plague Commissioner why a special allowance of Re 1-8-0 a day should be granted, instead of the allowance admissible under the Govt of India letter quoted above which, in the case of Mr. Stocking, amounts to Rs 20. It is for consideration whether the latter account is not sufficient for maintaining a conveyance. In the case of a Hospital Assistant who was, under G.O. No 1153 P. dy 23-9-98, entitled only to a local allowance not exceeding one-fifth of his salary for performing additional plague work, a Special Conveyance allowance of Rs 15 a month was sanctioned by Government, for the reason that the local allowance admissible to him which amounted only to Rs 5 was insufficient for the maintenance of a conveyance.

4. Orders are solicited as to whether Mr. Stocking should be allowed only a local allowance amounting to one-fifth of his pay, as recommended by the Surgeon-General or whether he should be allowed the Special allowance of Re 1-8-0 a day as recommended by the Collector and the Plague Commr.

× Note Mr. Stocking's pay is Rs 100.

+ Rs 20

× in G.O. No 439 P. dtd 8/2/99, flag C

9 copies put up 17.5.99.

This is submitted to Mr. Sterling

I agree that Mr. Stocking may be given an allowance of ½ of his pay. His work must have been heavy & more than that of other men in his position & he has drawn his allowance. When Hospital Assts are employed to allowance will cease.

SECRETARIAT TO GOVERNMENT BOMBAY PUBLIC WORKS DEPARTMENT 3 JAN 1899 MUNICIPAL DEPARTMENT

A

Enclosure No 2 to Letter No 3859 dated 30/3/99

I beg to bring the following few facts to your kind notice with a view that you will be pleased to recommend to the Collector to grant me a special allowance to cover conveyance allowance while employed on plague duty.

2. Plague broke out at Hospet on the 7th instant and from that date my duties have been trebled

3. The people have mostly evacuated their dwellings and are scattered in the fields around.

4. In a day perhaps I am called several times to examine bodies or sick persons in the town or in the fields within a radius of 5 miles thus place after place has to be visited continuously

5. To ensure rapidity in arriving at the various localities to which I may be called on prompt action I am obliged to employ a conveyance

6. Government allow mileage & batta

When I travel a distance more than 5 miles from Head quarters, but they have made no provision for me when the nature of duties my employing conveyance for journeys within a Radius of 5 miles although the engagement of conveyance in the interests of the public service at seasons when infectious diseases are prevalent is imperative.

7 The nature of my ordinary duty and the condition of pay do not require me to maintain a conveyance for public purposes and therefore it becomes a hardship that I should have to meet out of my small and hard earned pay charges for conveyance which is employed solely in the interests of the public service.

8. I am submitting this letter to the Tahsildar and Head Asst Collector of Hospet for their kind remarks as to the nature of my duties and whether a special allowance under the above circumstances is necessary

---

II

Forwarded to the Tahsildar of Hospet for favour of remarks and early return

---

III

Endorsement of the Tahsildar of Hospet dated 28.1.99:-

The duties of the Civil Apothecary Mr Stocking are excessive and his presence is required at any moment at any place when the plague is prevalent and threatens to spread rapidly It is very hard to make him walk everyday several miles both in the town and in the fields - It is absolutely necessary for him to keep a conveyance for the rapid discharge of his duties - I think an allowance of Rs 2 per day as is paid in the case of Assistant Surgeons on plague duty may be granted to the Civil Apothecary when on plague duty as he has considerably more work to do than an Assistant Surgeon doing plague duty at camp and Railway station

---

IV

Endorsement of the Head Assistant Collector No 5 on C No 2529 dated 29.1.99

Forwarded. I support the Tahsildar's suggestion. Mr Stocking has more real travelling to do just at present than many Officers for whom travelling

allowance is allowed. He showed he continually moving about among the camps round the Hospet Village and it is waste of time and energy to do so on foot. I recommend that he be allowed a fixed conveyance allowance of Rs 2 per diem.

O

Endorsement of the District Medical and Sanitary Officer No 301 P dated 6.2.99

To the Collector of Bellary.

The Apothecary and two Hospital Assistants of the Ambulance staff are available at Hospet to inspect camps and fields, the Apothecary need not do all the work. The Hospital assistants may be detailed to visit certain portions of the fields. If the allowance is granted to Mr Stocking every Apothecary who has a little active work will also claim the allowance.

Forwarded to the Plague Commissioner for [illegible] orders. The undersigned considers that Mr Stocking's case deserves special consideration and recommends that Government may be moved to sanction a conveyance allowance of Rs 1-8-0 a day as a special case until Hospet is revisited and the plague ceases.

SIR,

In returning the Surgeon Generals endorsement No 78/57 dated the 30th march 1899. I have the honour to state that under 51 ct of the Local Fund Code, the full charge allowance of Rs. 50 which Civil Apothecary E. Stocking was drawing at the time of his deputation on plague duty, for the charge of the Civil dispensary, Hospet, may be continued to him.

I am not aware that any allowance is admissible for the additional plague work of Civil Apothecaries though Hospital assistants similarly circumstanced are allowed to draw under Government order No 1153 J dated 23rd September 1898, an amount not exceeding one fifth of Salary.
