No. 761-S.

Forwarded to the Plague Commissioner.

(Signed) W. G. KING, Lieut.-Col., I.M.S.,
Sanitary Commissioner for Madras.

3rd March 1899.

Endorsement of the Surgeon-General with the Government of Madras, dated 2nd February 1899, No. 125.

Abstract.—Forwarding, for sanction, an indent from the Collector of South Arcot for furniture and medical stores required for the plague inspection station at Tiruvannámalai.

Endorsement of the Surgeon-General with the Government of Madras, dated 16th February 1899, No. 168.

Abstract.—Forwarding, for sanction, an indent from the Collector of Chingleput for furniture, &c., required for the plague inspection station at Chingleput.

Endorsement of the Surgeon-General with the Government of Madras, dated 5th March 1899, No. 1413.

Abstract.—Forwarding, for sanction, an indent from the Collector of Chingleput for a large almirah required for the plague camp at Chingleput.

Proceedings—No. $\frac{785}{49}$, dated 20th March 1899.

The scale of equipment for railway inspection stations, prepared by the Surgeon-General in consultation with the Sanitary Commissioner, is approved and is communicated to all Collectors for information and guidance.

2. Equipment may be provided by Collectors according to the scale without further sanction.

3. The Superintendent, Government Press, will send a proof of the list to the Surgeon-General, who is requested to mark therein all articles which should be obtained through him from the Medical Stores Depôt. Other articles should be obtained locally or from Madras.

M. S. Mascarenhas

MARCH.

Scale of Equipment for Railway Inspection Stations.

Approving of the — prepared by the Surgeon-General in consultation with the Sanitary Commissioner; and communicating it to all Collectors, for information and guidance.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

Read—again the following paper :—

Plague Commissioner's Proceedings, No. 130, dated 17th January 1899.

Proceedings—No. 130, dated 17th January 1899.

* * * * *

2. The standard scale of equipment for each road inspection station is given on pages 118 and 119 of the Madras Plague Regulations and Rules. As regards railway frontier inspection stations, the matter has been left to be settled on a special representation by the officer in charge. In consequence of this ruling, the Medical officers in charge of Hospet and Tungabhadra inspection stations have been sending indents for various articles from time to time, while no similar applications have been received from the other stations. It is desirable that a uniform procedure should be adopted as far as possible in all districts. The Plague Commissioner accordingly requests the Surgeon-General and the Sanitary Commissioner to draw up, in consultation with each other, (1) a scale of minimum equipment for each railway inspection station which must always be kept in reserve at that station ; and (2) a scale of additional quantities of stores which should be obtained whenever the number of patients in the hospital or of the people under segregation exceeds the number for which provision is made in the minimum scale. Both these lists should contain only those articles which are absolutely necessary and which will have to be issued free. A supplemental list of articles which it may be desirable to have at hand for the convenience of patients and others and for which they will be required to pay may also be prepared. Once these lists are drawn up for each railway inspection station and approved by the Plague Commissioner, the question of replacing articles spent in the ordinary course will be left to the Collectors concerned to dispose of.

* * * * *

(Signed) L. E. BUCKLEY,
Plague Commissioner.

Read—also the following papers :—

G.O., No. 1598 P., dated 17th December 1898.

Abstract.—Leaving it to the Plague Commissioner to dispose of the question of the equipment of the plague hospitals and camps at railway inspection stations after consultation with the Surgeon-General.

From L. E. BUCKLEY, Esq., Plague Commissioner for Madras, to the Surgeon-General with the Government of Madras, dated 5th January 1899, Ref. on C. No. 2657.

With reference to G.O., Mis. No. 1598 P., dated 17th December 1898, I have the honour to request that you will be so kind as to let me know what equipment you consider necessary. I am inclined to think that the full equipment detailed in the plague manual need not be held in readiness at all stations, and that, if the necessity for furnishing hospital quarters should arise, much might be taken from the general store.

From Surgeon-General C. SIBTHORPE, c.b., f.r.c.p.i., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 19th January 1899, No. 65.

Adverting to your Ref. on C. No. 2657, dated the 5th January 1899, I have the honour to state that the equipment given in the plague regulations is meagre.

2. The equipment of the plague hospital and of quarters for nurses and hospital assistants can be kept in the general store until required, but it should be quite separate from that used for other purposes, and once used in a plague hospital should not be returned into the general store until thoroughly disinfected where possible or if this is not possible the articles should be destroyed when no longer required in the plague hospital.

3. In no properly organized hospital for the treatment of epidemic diseases is the furniture allowed to be interchangeable.

Letter from the Plague Commissioner, dated 2nd February 1899, Ref. on C. No. 878.

Abstract.—Inquiring what equipment should be maintained at each inspection station.

From Surgeon-General C. SIBTHORPE, c.b., f.r.c.p.i., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 9th February 1899, No. 150.

With reference to your Ref. on C. No. 878, dated 2nd February 1899, I have the honour to state that in accordance with your Proceedings, No. 130, dated 17th January 1899, I am now preparing a list of equipment in consultation with the Sanitary Commissioner. The list will be forwarded to you in a few days.

From Surgeon-General C. SIBTHORPE, c.b., f.r.c.p.i., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 24th February 1899, No. 191.

Adverting to your Proceedings No. 130, dated 17th January 1899, I have the honour to forward herewith a scale of equipment for a suspect camp with accommodation for 100 "suspects" and for 10 hospital beds, attached to a railway plague inspection station.

2. The list has been drawn up in communication with the Sanitary Commissioner and Major Hakim, I.M.S.

SCALE of equipment for a Suspect Camp with accommodation for 100 "Suspects," and for ten hospital beds, attached to a Railway Inspection Station.

—	Minimum scale.							Additional stores to be obtained when the number provided for, is exceeded.		Supplemental list of articles to be issued on payment.	
	Special observation ward in Suspect Camp.		Hospital of ten beds								
	Natives.	Europeans.	Natives.	Europeans.							
	At two per cent. of total accommodation for each sex.	One male and one female.	Four males and four females.	One male and one female.	For one nurse.	For one medical subordinate.	For office and dispensary.	Natives.	Europeans.	Natives.	Europeans.
SECTION I.											
Furniture.											
Almirahs	..	..	..	..	1	..	2	..	..	..	..
Almirahs, small, for poisons.	..	..	..	..	..	..	1	..	..	..	..
Basin stand with Enamel-ware, basin and jug	..	2	..	2	1	..	1	..	2	..	..
Bath tubs, zinc	..	2	..	2	..	..	..	..	2	..	..
Bee time-piece	..	..	..	..	1	..	1	..	..	..	..
Box with padlock	..	..	..	..	1	1	1	..	..	..	..
Bins for soiled clothing	1	1	1	1	..	..	1	..	..	..	..
Buckets, zinc	1	1	1	1	1	1	1	..	As required for fire purposes.		
Chairs, long arm	..	2	..	2	1	1	..	..	..	..	..
Chairs, cane bottomed	..	2	..	2	1	1	2	..	2	..	..
Commodes, Ry. pattern	..	2	..	2	1	..	..	..	2	..	..
* Cork screws	..	..	..	..	..	..	1	..	..	..	..
Cots, bamboo	4	..	8	..	..	..	..	16	..	..	..
Cots, iron with spring mattresses	..	2	..	2	1	1	..	..	6	..	..
Casks, half	1	1	1	1	..	..	..	..	..	..	..
Forms without back, 5 feet.	2	..	2	..	..	..	..	..	As required.		
Frames for diet sheets	4	2	8	2	..	..	..	16	6	..	..
Frames for Temp. charts	4	2	8	2	..	..	..	16	6	..	..
Ladder lamp	..	..	..	..	..	..	1	..	..	..	..
Lanterns, hand	One for each shed.			..	1	1	2		One for each shed.		
Lanterns, hanging	..	..	..	..	1	1	..		Do.		
Meatsafe, hanging	..	1	..	1	1	..	..	..	..	..	..
Padlocks	..	..	..	..	..	..	6	..	..	..	..
Racks, towel	..	2	..	2	1	..	1	..	2	..	..
Racks, open, for storing clothing	1	1	1	1	..	..	..	1	1	..	..
Rat traps	1	1	1	1	..	..	..	..	..	..	..
Rods, lamp	..	..	..	..	1	1	..	one for each hanging lamp.			
Ropes (15 feet) with hooks for examination of trains.	..	..	..	..	..	..	2	..	..	..	..
Screens, movable	1	1	1	1	..	..	1	one per hut.			
Soap dishes	..	2	..	2	1	..	1	..	2	..	..
Stands to hold 3 earthen goblets	2	2	2	2	1	1	1	2	2	..	..
Stretchers with awning	1	1	1	1	..	..	..	..	..	..	..
Table, compounding	..	..	..	..	..	..	1	..	..	..	..
Table, office, with draws	..	..	..	..	..	..	2	..	..	..	..
Table, camp, in 2 pieces	..	..	..	..	1	1	..	..	..	..	..
Table, bed-side, with 2 shelves and open all round	4	2	8	2	..	..	..	one for each cot.			
Tubs, wooden disinfecting	1	1	1	1	..	..	..	one for each hut.			
Teapoys	..	..	..	..	1	..	..	..	..	..	..
Tin pots, 1 pint	4	..	8	..	..	..	1	as required.			
Urinals, iron, with covers	..	1	..	1	..	..	..	..	2	..	..
SECTION II.											
Bedding and clothing.											
Blankets, country	12	..	24	..	..	..	..	3 for each spare cot.			
do. European	..	6	..	6	..	..	..	3 for each spare bed.			
Cloths, women's	..	..	..	..	..	..	..	..	..	6	..
Cloths, men's	12	..	24	..	..	..	..	3 for each spare cot.			
Dusters	4	4	16	4	..	..	..	8	4	..	..
Dressing gowns (long cloth).	..	3	..	3	..	..	..	..	3 for each spare bed.		
Jackets for native women	12	..	24	..	..	..	..	3 for each spare cot.

No. 761-S.

Forwarded to the Plague Commissioner.

(Signed) W. G. KING, Lieut.-Col., I.M.S.,
Sanitary Commissioner for Madras.

3rd March 1899.

Endorsement of the Surgeon-General with the Government of Madras, dated 2nd February 1899, No. 125.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of South Arcot for furniture and medical stores required for the plague inspection station at Tiruvannámalai.

Endorsement of the Surgeon-General with the Government of Madras, dated 16th February 1899, No. 168.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of Chingleput for furniture, &c., required for the plague inspection station at Chingleput.

Endorsement of the Surgeon-General with the Government of Madras, dated 5th March 1899, No. 1413.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of Chingleput for a large almirah required for the plague camp at Chingleput.

PROCEEDINGS—No. $\frac{785}{49}$, dated 20th March 1899.

The scale of equipment for railway inspection stations, prepared by the Surgeon-General in consultation with the Sanitary Commissioner, is approved and is communicated to all Collectors for information and guidance.

2. Equipment may be provided by Collectors according to the scale without further sanction.

3. The Superintendent, Government Press, will send a proof of the list to the Surgeon-General, who is requested to mark therein all articles which should be obtained through him from the Medical Stores Depôt. Other articles should be obtained locally or from Madras.

Personal Assistant,
for *Plague Commissioner.*

To all Collectors (A, B, C, F, G, H, J, K).
" the Surgeon-General.
" the Sanitary Commissioner.
" the President, Municipal Commission, Madras.
" the Secretary to Government, Local and Municipal Department.
" the Superintendent, Government Press, Madras.

Plague Comm's Prog. ~~G.O.~~, No. 130, dated 17th January 1899.

Prog./ ~~Order~~ No. 130, dated 17th January 1899.

* * * * *

2. The standard scale of equipment for each road inspection station is given on pages 118 and 119 of the Madras Plague Regulations and Rules. As regards railway frontier inspection stations, the matter has been left to be settled on a special representation by the officer in charge. In consequence of this ruling, the Medical officers in charge of Hospet and Tungabhadra inspection stations have been sending indents for various articles from time to time, while no similar applications have been received from the other stations. It is desirable that a uniform procedure should be adopted as far as possible in all districts. The Plague Commissioner accordingly requests the Surgeon-General and the Sanitary Commissioner to draw up, in consultation with each other, (1) a scale of minimum equipment for each railway inspection station which must always be kept in reserve at that station; and (2) a scale of additional quantities of stores which should be obtained whenever the number of patients in the hospital or of the people under segregation exceeds the number for which provision is made in the minimum scale. Both these lists should contain only those articles which are absolutely necessary and which will have to be issued free. A supplemental list of articles which it may be desirable to have at hand for the convenience of patients and others and for which they will be required to pay may also be prepared. Once these lists are drawn up for each railway inspection station and approved by the Plague Commissioner, the question of replacing articles spent in the ordinary course will be left ~~for~~ the Collectors concerned to dispose of.

* * * * *

(Signed) L. E. BUCKLEY,
Plague Commissioner.

Read - also the following papers:-

G.O., No. 1598 P., dated 17th December 1898.

Abstract.—Leaving it to the Plague Commissioner to dispose of the question of the equipment of the plague hospitals and camps at railway inspection stations after consultation with the Surgeon-General.

From L. E. BUCKLEY, Esq., Plague Commissioner for Madras, to the Surgeon-General with the Government of Madras, dated 5th January 1899, Ref. on C. No. 2657.

With reference to G.O., Mis. No. 1598 P., dated 17th December 1898, I have the honour to request that you will be so kind as to let me know what equipment you consider necessary. I am inclined to think that the full equipment detailed in the plague manual need not be held in readiness, at all stations, and that, if the necessity for furnishing hospital quarters should arise, much might be taken from the general store.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 19th January 1899, No. 65.

Adverting to your Ref. on C. No. 2657, dated the 5th January 1899, I have the honour to state that the equipment given in the plague regulations is meagre.

2. The equipment of the plague hospital and of quarters for nurses and hospital assistants can be kept in the general store until required, but it should be quite separate from that used for other purposes, and once used in a plague hospital should not be returned into the general store until thoroughly disinfected where possible or if this is not possible the articles should be destroyed when no longer required in the plague hospital.

3. In no properly organized hospital for the treatment of epidemic diseases is the furniture allowed to be interchangeable.

Letter from the Plague Commissioner, dated 2nd February 1899, Ref. on C. No. 878.

Abstract.—Inquiring what equipment should be maintained at each inspection station.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 9th February 1899, No. 150.

With reference to your Ref. on C. No. 878, dated 2nd February 1899, I have the honour to state that in accordance with your Proceedings, No. 130, dated 17th January 1899, I am now preparing a list of equipment in consultation with the Sanitary Commissioner. The list will be forwarded to you in a few days.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 24th February 1899, No. 191.

Adverting to your proceedings ~~order~~ No. 130, dated 17th January 1899, I have the honour to forward herewith a scale of equipment for a suspect camp with accommodation for 100 "suspects" and for 10 hospital beds, attached to a railway plague inspection station.

2. The list has been drawn up in communication with the Sanitary Commissioner and Major Hakim, I.M.S.

Scale of equipment for a Suspect Camp with accommodation for 100 "Suspects," and for ten hospital beds, attached to a Railway Inspection Station.

—	Minimum scale.							Additional stores to be obtained when the number provided for, is exceeded.		Supplemental list of articles to be issued on payment.

No. 761-S.

Forwarded to the Plague Commissioner.

3rd March 1899.

(Signed) W. G. KING, Lieut.-Col., I.M.S.,
Sanitary Commissioner for Madras.

Endorsement of the Surgeon-General with the Government of Madras, dated 2nd February 1899, No. 125.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of South Arcot for furniture and medical stores required for the plague inspection station at Tiruvannámalai.

Endorsement of the Surgeon-General with the Government of Madras, dated 16th February 1899, No. 168.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of Chingleput for furniture, &c., required for the plague inspection station at Chingleput.

Endorsement of the Surgeon-General with the Government of Madras, dated 5th March 1899, No. 1413.

ABSTRACT.—Forwarding, for sanction, an indent from the Collector of Chingleput for a large almirah required for the plague camp at Chingleput.

PROCEEDINGS—No. $\frac{785}{497}$, dated 20th March 1899.

The scale of equipment for railway inspection station, prepared by the Surgeon-General in consultation with the Sanitary Commissioner, is approved and is communicated to all Collectors for information and guidance.

2. ~~All~~ equipment may be provided by Collectors according to the scale without further sanction.

3. The Superintendent, Government Press, will send a proof of the list to the Surgeon-General, who is requested to mark therein all articles which should be obtained through him from the Medical Stores Depot. Other articles should be obtained locally or from Madras.

Personal Assistant,
for *Plague Commissioner*.

To all Collectors (A, B, C, F, G, H, J, K).
,, the Surgeon-General.
,, the Sanitary Commissioner.
,, the President, Municipal Commission, Madras.
,, the Secretary to Government, Local and Municipal Department.
,, the Superintendent, Government Press, Madras.

Exd. A. Rungasawmy Aiyangar.

3 P

Sir,

With refce to G.O. 1598 P. Mis. dt 17.12.98 I h.t.h. to request that you will be so kind as to let me know what equipment you consider necessary. I am inclined to think that the full equipment detailed in the plague manual need not be kept in readiness at all stations, & that, if the necessity for ~~[illegible] their use~~ providing hospital quarters should arise, much might be taken from the General store.

eNo 142

~~NOTE FOR THE~~

Progs.

The indent is sanction[illegible] with the exception of the portion relating to nurses and medical subordinates, which is under correspondence with the Surgeon General.

2. The Plague Commissioner will be obliged if the lists of equipment for Railway Inspection Stations called for in para 2 of Progs 130 dt 17.1.99 are furnished as early as possible.

~~When~~ These should provide their own furniture as at other Ry Inspection Stations. The equipment given on pages 107–112 relates to ~~Plague Hospitals & medical attendants~~ plague hospitals & huts to camp attached to Ry Inspection Stations – vide G.O. No 1106 P. dt 17-8-98.

Progs.
Letter
Ref.

For orders

The S.G. was asked what equipment ~~[illegible]~~ should be kept ready. He does not answer this but says that the equipment prescribed in the Plague Regulations is meagre. This does not help me in disposing of the question.

In a separate communication the S.G. & the S.E. have been asked to draw up a scale of equipment for each Ry Inspection Station.

24/1/99.

Ask them what [illegible] [illegible]

SUBJECT.

Submitting his remarks regarding the storage of equipment & furniture for nurses and hospital assistants at plague inspection stations

Progs 130/17-1-99 (Flag A) to put up.

24/1/99

Ref m C No 878 d/ 2.2.99

To the Surgeon General

Sir

In my letter Ref m C No 2657 d/ 5-1-99, I enquired what equipment you considered necessary at ~~the~~ the camps attached to the Inspection Stations, and remarked that I felt inclined to think that the full equipment detailed in the Plague Manual need not be kept at all the Stations. In reply to this you observe in your letter No 65 d/ 19-1-99 that the equipment given in the plague regulations is meagre. I beg you will kindly inform me what equipment you ~~consider~~ desire to be maintained at each Station.

To

THE Plague Commissioner
Madras

SIR,

Adverting to your Ref m C No. 2657 dated the 5th January 1899 I have the honor to state that the equipment given in the plague regulations is meagre.

2. — The equipment of the plague hospital and of quarters for nurses and hospital assistants can be kept in the general store until required, but it should be quite distinct from that used for other purposes [illegible] in a plague hospital should not be returned into the general store until thoroughly disinfected when possible or if this is not possible the articles should be destroyed when no longer required in the plague hospital.

3. In no properly organized hospital for the treatment of epidemic diseases is

is the furniture allowed to be interchanged.

I have the honor to be,
Sir,
Your most obedient Servant,

C. Sibthorpe.

Scale of Equipment for Railway Inspection Stations.

Approving of the — prepared by the Surgeon-General in consultation with the Sanitary Commissioner; and communicating it to all Collectors, for information and guidance.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

Read—again the following paper :—

Plague Commissioner's Proceedings, No. 130, dated 17th January 1899.

Proceedings—No. 130, dated 17th January 1899.

* * * * *

2. The standard scale of equipment for each road inspection station is given on pages 118 and 119 of the Madras Plague Regulations and Rules. As regards railway frontier inspection stations, the matter has been left to be settled on a special representation by the officer in charge. In consequence of this ruling, the Medical officers in charge of Hospet and Tungabhadra inspection stations have been sending indents for various articles from time to time, while no similar applications have been received from the other stations. It is desirable that a uniform procedure should be adopted as far as possible in all districts. The Plague Commissioner accordingly requests the Surgeon-General and the Sanitary Commissioner to draw up, in consultation with each other, (1) a scale of minimum equipment for each railway inspection station which must always be kept in reserve at that station; and (2) a scale of additional quantities of stores which should be obtained whenever the number of patients in the hospital or of the people under segregation exceeds the number for which provision is made in the minimum scale. Both these lists should contain only those articles which are absolutely necessary and which will have to be issued free. A supplemental list of articles which it may be desirable to have at hand for the convenience of patients and others and for which they will be required to pay may also be prepared. Once these lists are drawn up for each railway inspection station and approved by the Plague Commissioner, the question of replacing articles spent in the ordinary course will be left to the Collectors concerned to dispose of.

* * * * *

(Signed) L. E. BUCKLEY,
Plague Commissioner.

Read—also the following papers :—

G.O., No. 1598 P., dated 17th December 1898.

Abstract.—Leaving it to the Plague Commissioner to dispose of the question of the equipment of the plague hospitals and camps at railway inspection stations after consultation with the Surgeon-General.

From L. E. BUCKLEY, Esq., Plague Commissioner for Madras, to the Surgeon-General with the Government of Madras, dated 5th January 1899, Ref. on C. No. 2657.

With reference to G.O., Mis. No. 1598 P., dated 17th December 1898, I have the honour to request that you will be so kind as to let me know what equipment you consider necessary. I am inclined to think that the full equipment detailed in the plague manual need not be held in readiness at all stations, and that, if the necessity for furnishing hospital quarters should arise, much might be taken from the general store.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 19th January 1899, No. 65.

Adverting to your Ref. on C. No. 2657, dated the 5th January 1899, I have the honour to state that the equipment given in the plague regulations is meagre.

2. The equipment of the plague hospital and of quarters for nurses and hospital assistants can be kept in the general store until required, but it should be quite separate from that used for other purposes, and once used in a plague hospital should not be returned into the general store until thoroughly disinfected where possible or if this is not possible the articles should be destroyed when no longer required in the plague hospital.

3. In no properly organized hospital for the treatment of epidemic diseases is the furniture allowed to be interchangeable.

Letter from the Plague Commissioner, dated 2nd February 1899, Ref. on C. No. 878.

Abstract.—Inquiring what equipment should be maintained at each inspection station.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 9th February 1899, No. 150.

With reference to your Ref. on C. No. 878, dated 2nd February 1899, I have the honour to state that in accordance with your Proceedings, No. 130, dated 17th January 1899, I am now preparing a list of equipment in consultation with the Sanitary Commissioner. The list will be forwarded to you in a few days.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Plague Commissioner, dated Madras, 24th February 1899, No. 191.

Adverting to your Proceedings No. 130, dated 17th January 1899, I have the honour to forward herewith a scale of equipment for a suspect camp with accommodation for 100 "suspects" and for 10 hospital beds, attached to a railway plague inspection station.

2. The list has been drawn up in communication with the Sanitary Commissioner and Major Hakim, I.M.S.

Scale of equipment for a Suspect Camp with accommodation for 100 "Suspects," and for ten hospital beds, attached to a Railway Inspection Station.

—	Minimum scale.							Additional stores to be obtained when the number provided for, is exceeded.		Supplemental list of articles to be issued on payment.
