Forwarders

The inspection of trains from
Dharmaram should continue to
be examined as long as there is plague
in Mysore & that of trains from
Villupuram as long as there is
plague in Vellore. The Disinfecting
Staff consists at present of 1 Ash
dugger, 1 Hospital Ash & 1
Inspector. Perhaps one apothecary
may be added to help this staff.

To

The Plague Commissioner,
Madras,

Sir,

With reference to your Proceedings No. 950 dated 12th April 1899 regarding detentions to trains at Pakala for Plague inspection I have the honor to bring to your notice that the delays still continue amounting in many cases to over half an hour as for instance during the first 18 days of April No. 80 train was detained for 40 minutes on seven occasions and as there have been complaints in the News papers regarding this train missing connection with the Madras Railway train at Penikunta, I have the honor to request the favor of your kindly arranging for an additional medical Subordinate being detailed for duty at Pakala so as to enable the necessary inspection of both trains to be made simultaneously. It is not possible to carry out the Collector's suggestion to bring in the two trains one after the other as we are tied down to time at the different Junctions.

The detentions complained of have now been going on for the past 4 months and I beg that early action may be taken on a matter to which the notice of Government has been directed in connection with a reply to a complaint made

NORTH ARCOT, COLLECTOR'S OFF.

Chittoor, dated 16th May 1899

No. 1270 of 1899.

FROM

R. H. Campbell, Esq.
Collector and District Magistrate,
North Arcot,

TO

Secretary to Government
Local and Municipal Department,
Fort Saint George
Madras.

SIR,

With reference to the Plague
Commissioner's proceedings,
Ref. No. 4670, dated 3rd May
1899, I have the honor to state
that it is true that there was
a delay of more than half an hour
in the examination of passengers
at Pakala on seven days during
the first 18 days of April 1899.
The statement submitted by
the medical officer in charge of
the Pakala Inspection station.
The medical officer explains,
however, that this delay was
due to the absence of the Hospital
Assistant who had proceeded
to Chittoor to give evidence before
the sessions judge. The
examination

examination on the other days
has been conducted as quickly
as possible. The Medical officer
thinks that there is not sufficient
work for an additional Hospital
assistant, but suggests that
an additional clerk may be
given to him. I am of opinion
that he requires neither an
additional Hospital assistant
nor an additional clerk. The
number of intimations sent
and the passports issued
are not large (The number issued
from 1st to 18th April averaged
only 12 & 14 respectively) and one
clerk can conveniently write them
all in addition to his ordinary
duties in the office of the Medical
officer.

I have the honour,
Sir

Your most obedient servant

For of Collector

LOCAL AND MUNICIPAL DEPARTMENT.

P.C.C. No. 4670. 10 19 P

SUBJECT.

Delay in the Examination
of trains at Sakala

ORDER.

The Government is satisfied
that the existing plague exam-
ining Staff at the Sakala
Inspection Station is sufficient
and does not need at present
to be strengthened. The delays
pointed out by the Agent,
S. I. R., were occasioned
by the absence of one of
the members of the Staff
on other duty. Before the
Hospital Assistant was relieved
proper arrangements should
have been made for carrying
on the work in his absence.
The Govt observes that
the average time of detaching
to the No. 80 train, omitting
the unusual delays, was

only 22' and this is not excessive.

19/9/97
note for the Secy. The Coll. of N.
Asst has been asked to report whether
the inspection station at Pakala is
still necessary. This may await
his reply. Plogun has disappeared
from the Anantapur D. & there is very
little of it in the Mysore taluk
adjoining Anantapur & Chittoor D.
The last attack in Telugu taluk place
on the 8th instant. It therefore
appears that the time has arrived
for abolishing the inspection at
Pakala.
