SUBJECT.

Plague Establishment, Madras Municipality.

FOR ORDERS.

Reference on Cur 3419 & C 4801 d/ 23-5-99

C

In October 1898, when the City of Madras was supposed to be imminently threatened with plague, a scheme for its defence was drawn up by the Sanitary Commr., President of the Municipality & the Plague Commr. & sanctioned [illegible] with certain modifications — vide G.O. 1264 P. d/ 7-10-98. In pursuance of this scheme, large establishments have been entertained ~~[illegible]~~ & it is thought that the time has now arrived for considering whether they may not be reduced.

2 Military Officers: Four Military Officers were appointed in Oct. last with reference to para 7 of G.O. No 1264 P. as the S.C. reported

C

W/

reported that they were required "at once to keep the Sanitary establishment up to the mark." Two of the four officers have recently reverted to their regiments. Their places have not been filled up as the President said that the work could be divided among the remaining two. The ~~exact~~ work done by these officers is not known. ~~The services do not seem to be absolutely necessary.~~ If they are sent back to military duty there will be a monthly saving of Rs 1698-3-0 excluding the pay of their clerks & peons.

3. Medical Officers. Besides three Asst Surgeons (one at Rs 100 + 60 & one at Rs 150 + Rs 60), there are 4 English doctors (one on Rs 600 & 3 on Rs 500) in charge of the four ~~several~~ plague hospitals (Egmore, Sevenbur, Royapuram & Kistnampet). ~~The experience hitherto is that plague is slow in attacking a place and does not spread much at once. I would~~ ~~Considered whether it would not be enough to leave each plague hospital under the immediate charge of~~

~~I do not say the two might be~~
~~sent back now~~

On the understanding that the services of military officers can be secured again when necessary, it is probable that the two military officers now in the City may be sent back to military duty without danger.

?

It is very important to have English Doctors on the spot if plague sh^d break out and it is doubtful whether the services of these officers sh^d be dispensed with. The President is requested to consider the matter.

~~of an Assistant Surgeon or Civil Apothecary, & to have one Superior Medical Officer to supervise all the hospitals i.e. until indigenous plague appears in the City.~~

4. Ambulance Staff. There seem to be four ambulance staffs as follows.

I First Division

one Hospital Asst — Rs 25 + (a) Rs 10 + (b) Rs 8.

II Second & Third Divisions

one Hospital Asst — Rs 40 + (a) Rs 10 + (b) Rs 8½

III Fourth, Fifth & Sixth Division

one nurse — Rs 100
one Hospital Asst — Rs 40 + (a) Rs 10 + (b) Rs 12

IV Seventh & Eighth Division

one nurse —— Rs 100
one Hospital Asst — Rs ~~Rs~~ 25 + (a) Rs ~~10~~ + (b) Rs 12

(a) Plague allowance
(b) house rent

~~There must be menial servants in each staff but as they are grouped together, they cannot be shown separately.~~

Only ~~only~~ one ambulance staff was suggested, but the Govt said that three should be organized and ~~kept~~ to be kept in readiness — para 8 of G.O. No 1264 P. ~~Considering the altered circumstances, one staff in a central spot seems enough.~~

C

Probably one Ambulance Corps would be enough for the present.

5. Subordinate medical staff attached to hospitals is as follows

(1) Royapuram Plague hospital

one nurse — Rs 100 + Rs 1-8-0 (a) a day
one nurse — Rs 100 + Rs 1-8-0 (a) a day
one Hospital asst. — Rs 25 + Rs 10. (b)

(2) Perambur Plague hospital

Do — Rs 25 + Rs 10 (b) + 12 (c)
one purveyor — Rs 25

(4) Kistnampet Plague Hospital

one Hospital asst. — Rs 25 + Rs 10 (b)

(5) Mylapore Caste Hospital

one Hospital asst. — Rs 25 + Rs 10. (b)

(a) boarding allowance
(b) Plague allowance
(c) house rent

It is not understood why the Municipality pays for the hospital asst. of the Mylapore private Caste hospital. It is not probable that all the four municipal plague hospitals will begin to receive patients simultaneously, & it may suffice to keep a minimum establishment at Egmore & Perambur, ~~only~~. It is reasonable to grant allowances for plague duty to officers deputed from the ordinary establishment, but when an appointment has been specially created on account of plague, a salary suited to the nature of the work required should be paid without any allowances." Granting this, it is submitted that no carriage allowance is needed in the case of male passport examiners since the whole city is divided ~~but~~ among seven men & each cannot have a large area to go about. In the case of the female passport examiners, each has half the town & some allowance may be granted but Rs 5 a day in addition to a salary of Rs 100 a month seems too much.

7. Inspecting Staff Perambur. The following men are employed on plague duty at Perambur:–

one ~~Sp~~ Special Sanitary Inspector – Rs 60 + Rs 30 plague allowance + Rs 20 carriage allowance.
one Hospital Asst —— Rs 25 + Rs 10 – Do + Rs 8 house rent
one overseer —— Rs 30
one overseer —— Rs 30

Only passports are granted at Perambur & for these there are clerks. It is not known ~~why~~ what duties the above men are doing.

Here also it might be possible by ~~the~~ employment of a cheaper establishment to economise without loss of efficiency.

8. Superintendents of ~~Plague~~ Segregation Camps

There is one Supdt on Rs 50 in charge of the ~~plague~~ segregation sheds at Vepery & Lunatic Asylum Road & another on Rs 40 in charge of Krishnampet – The duties seem nominal & the salary excessive.

It would be probably sufficient for the next few months merely to employ watchmen to guard the camps & putting on special superintendent as occasion arises.

one Asst Health officer on Rs 350

270 flushing coolies on Rs 1368 (total pay)

9 lascars – 54
30 segregation camp servants } 182-8-0
42 Hospital servants – 266-0-0
~~Details are not known.~~

This establishment if carefully examined might be reduced.

11 There is also a lady apothecary on Rs 150 + 75 carriage allowance on inoculation duty but she has hardly any work now.

It might be possible to dispense with her services for the present – and reemploy her again if necessity arises.

12. The manager of the Municipal office has been allowed a plague allowance of Rs 50 a month & the head clerk Rs 20. The P.C. objected to these allowances with reference to para 4 (b) of the Govt of Ind

Seems quite enough.

4. At Royapuram plague hospital there are 2 nurses on Rs 100 + Rs 1-8-0 a day & one Hospital Asst. The President proposes to abolish one nurse & reduce the pay of the other. The reduced pay is not reported.

5. There is one nurse on Rs 100 at Perambore hospital & the President proposes to reduce her pay.

6. At Egmore, there are 3 nurses, 3 Hospital Assts & one purveyor. The President proposes to abolish two nurses ~~& the purveyor~~ & ~~to~~ reduce the pay of the 3rd nurse.

7. The proposals referred to in paras 4, 5 & 6 above may be sanctioned & the President asked to report on what reduced pay the nurses will be kept.

8. There are 7 ~~[illegible]~~ male passport examiners for eight divisions & each of them gets a conveyance allowance of Rs 20 a month. The President proposes to retain them all. It is submitted that it is unnecessary to give them any conveyance allowance.

9. The President may be asked to report the strength of the staff employed at Perambore Ry Station & the duties rendered by each member of it. ~~At~~ Only passports are issued at this Station & a special Sanitary Insp: on Rs 60 pay + Rs 30 plague allowance + Rs 20 carriage allowance seems unnecessary.

10. The President may be asked to report in detail with reference to these paras 9 & 10 what reductions can be effected.

11 As regards the high rate of salary allowed to nurses, the President quotes G.O. No 455 P dt 9-5-98. His attention may be invited to S.C.'s Procs No 205 dt 20-1-99 in which this & other G.O.s are printed as appendix. The question of nurses' salary has also been raised in the file relating to observation schemes & reduction of plague expenditure sent up to Ooty on the 17-5-99.

12. A copy of the Reference to which the President's letter is a reply has been sent to both the S.C. & the S.G. It is not known whether either of them is likely

It is necessary, I imagine – they have a good deal of perambulating work to do.

Good clerks are wanted – but also an officer with some position to speak to passengers – I don't think the arrangements can be improved there – but the President's attention might be drawn to seeing if the staff could be curtailed or improved. H.

It is submitted that as to the improved checking arrangement, it is very inexpedient to press for any reduction – This additional staff is really required & I believe sh'd be made permanent.

likely to object to the President's proposals. Perhaps not, as neither has yet written to [illegible]

It is submitted that the Ag President's proposals may be sanctioned excepting that 1st the question of reducing the Doctor's [illegible] be sent to the S.G. for his remarks & that 2nd the President should be told not to reduce the flushing Establishment until the Sanitary Commr. has reported his opinion on the matter.

The Sanitary Commr. is certain to object if the Extra Coolies & Maistries for flushing drains are reduced & quite rightly so I think

·H. It is not yet recommended.
