Proceedings of the Board of Revenue (Land Revenue).

No. 1033 His, dated 23rd March 1899.

Read again Board's Proceedings No. 19 Press, dated 21st January 1899.

Read also Proceedings of the Plague Commissioner, Madras, dated 27th February 1899, No. 545.

Resolution.

By referring in the Proceedings read above to paras 7&c of Board's Proceedings No. 101, dated 18th April 1898, the Board meant that experience and the exercise of ordinary discretion on the part of drafting clerks and Assistants should enable them to determine what papers dealing with plague should be reserved for permanent record and what should be assigned for destruction after the minimum period, namely, ten years. The Board has little knowledge of the various classes of plague papers - passing through Collectors' offices and until it is in possession of more definite information on the subject would prefer to leave it to Collectors to issue such instructions in the matter as they may consider suitable.
