ORDER

No 893 P. dated 12-6-99

Draft G.O. in Press

Orders have been already issued in G.O. No 878 P. d. 12-6-99 to close the inspection station at Chingleput. Passports for passengers proceeding to Madras may continue to be issued at Chingleput & as it appears from the Collins letter that on an average only 4 such passports are issued once in five days, one clerk seems quite enough for this duty.

2. The list of plague infected areas has been much reduced (G.O. No 784 P. d. 29-5-99) & the notification declaring the passport rules applicable to certain Rly stations has been withdrawn. There will therefore be scarcely any plague work hereafter and

And the Govt directs that the
two addl clerks in the Coll's
office be dispensed with at the
end of this month.

Saidapet,

Re,

Adverting to Ref: on C. N. 4804 dated
16. May 1899 from the Government of Madras,
Local and Municipal Department, I have
the honour to state that seeing that there
is still plague in North Arcot and that a
case from Chittoor was imported into Madras
only 4 days ago, I think, it would be removing
an important outpost, to cease from the
issue of passports at Chingleput.

Plague Report
Ref: on No. 228 of 1899
Plague

Chingleput District
COLLECTOR'S OFFICE,
Saidapet
Dated 1st June 1899

FROM

D. W. G. Cowie Esquire,
COLLECTOR OF
Chingleput District.

TO

THE SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT,
Madras.

SIR,

With reference to G. O. Ref: on C. No. 4804, dated 16th May 1889, I have the honour to state that since the Chingleput Railway station was declared an inspection station 1757 persons from plague infected or notified areas have passed through it and 281 passports have been issued at Chingleput. Of these 97 passports were issued to persons proceeding to Madras in compliance with Plague Commission's letter No 320, dated 28th February last. The Medical Officer in charge of the Plague Inspection Station reports that several passengers for the South from plague infected or notified areas were detected at Chingleput and either given passports or allowed to proceed ^{after} having their tickets

about 13 daily

about 2 "

furnished with the plague inspection mark.
As there is still Plague (indigenous) in North
Arcot and Salem and there was so recently as
last week a case (imported) in Madras, I
consider that in the interests of Madras
and the Southern districts it would not be
expedient to abolish the inspection station.
The Resident, Municipal Commission, Madras,
is of the same opinion. A copy of his letter
on the subject is enclosed.

2. As regards the reduction or abolition of
the establishment entertained in this office
for the disposal of work in connection with
plague preventive measures, I have the
honour to state that, as in this district
the working of the passport system is being
supervised by the Collector and as the extent
of plague infected or notified areas has not
been materially reduced, the correspondence
is still very heavy and I do not consider
that it is feasible to dispense with the
services of either of the extra clerks sanctioned
by Government.

I have the honour to be
Sir,
Your most obedient servant
J. C. [Signature]
Collector.
