Proceedings No. 900 d/3.4.99

After consulting the Collectors, the Plague Commissioner is of opinion that scavengers from Madras are not likely to be required in the mufassal during the next few months. The Sanitary Commissioner is therefore requested to discontinue from 1st April 1899 the payment to the Conservancy Agent of the Commission of Rs 15 a month sanctioned in Plague Commissioner's Prog. No. 647. d/6.3.99.

2. If the contract be renewed subsequently, it must be arranged that the scavengers are to be paid locally and not through the Contractor as he fails to pay them punctually and it is difficult to get the men to do any work.

ENCLOSURES :—

SIR,

Adverting to your Ref on C No. 2886 dated 7th instant I have the honour to state that it is not quite possible at present to say whether any indent for Scavengers is likely to be sent from this District to the Sanitary Commissioner during the next few months. From the reports received from the Collector of North Arcot, plague does not appear to be spreading in that district and unless there are detected imported cases at Tiruvannamalai it is not likely that Scavengers from Madras will be indented for. Even if such imported Cases occur it is not possible at present to make any Estimate of the number that may be required.
