Plague

Plague camp, arkenam.
Dated 1st June 1899.
No 573.

From.

Dr. A.C. Kundle,
Medical officer on
Plague duty, arkenam.

To

The collector of North
arcot, chittoor.

Sir,
1. With reference to the order
of Government No 682.O. dated
9th May 1899, I have the honor
to state that I am not quite
clear with regard to the meaning,
and desire further information.
It has been my rule here to
detain all cases of fever
whether coming from infected
or non-infected areas. Is this
to be discontinued in the case
of non-infected areas?

2. With regard to fever cases
from infected areas, whenever
a temperature is found to be
above 100; all passengers
travelling in the same compart-
ment, have been hitherto
detained

detained in the camp. Is this
to be continued?

A.B. These contacts are only
detained so long as the nature
of the fever is doubtful
usually one or two days.

3. you will notice that the
number of detentions in this
Camp has been considerably
reduced during the past few
weeks. I shall be much
obliged if you will make any
suggestions with regard to the
reading of the order which
you may consider useful.

I have etc.

(sd) A.C. Rendle,
M.B.B.S.,
Medical Officer in
charge of Plague duty.

R. H. Campbell, Esq.
Collector and District Magistrate,
North Arcot,

TO

THE

Medical Officer in charge of
the Railway Inspection station
at Arkonam.

SIR,

With reference to your letter no
573, dated 1st June 1899, I have
the honor to inform you that it is
not necessary to detain cases of
ordinary fever coming from non-
infected areas but only cases
which you suspect to be plague.
As regards infected areas it
is obviously desirable to
detain every case of fever together
with all contacts until the nature
of the fever declares itself.
