SUBJECT.

Re pay of Dr. Lancaster
and Dr. Costello.

note. It is not understood
how far. No 2847 in 4/22-2-99. Dr
Costello's pay can be treated as a
direct plague charge under 24-D.
He was sent to relieve the D.M. & O.
of his ordinary duties & not for plague
work. The charge seems indirect,
debitable to the same head as the pay
of the D.M. & O.

It does not seem
right - but it is a matter
in which we need not
interfere

 Secretary to Surgeon-General with the

Government of Madras.

To

The District Medical and Sanitary Officer,
 North Arcot.

Sir,

To avoid any misconception of duties and responsi-
 bilities which might ~~probably~~ ^{possibly} arise by the recent deputa-
 tion of an additional Medical Officer to your district, I
 am directed to say that the new officer is intended
 to relieve you of your ordinary duties so as to enable you
 to inspect the work of plague observation staff in the
 district. It is not, however, intended that he should
 conduct such duties independently of you, but should always
 obtain your instructions and advice in all ~~impeta~~ important
 matters requiring disposal. He can deal with routine
 matters on his own responsibility assisted by the Assistant
 Surgeon, but all doubtful cases must be referred for your
 advice and orders as you will still remain the head of the
 medical administration in your district.

I have &c. &c.
