SIR,

I have the honour to reply to para

ENCLOSURES :-

Putting with
papers relating to the
reduction of Est. by
Cmms 1896 R on
26-5-99

1 of Government Reference on C. No. 4802 dated
11. May 1899. The railway station at Tiruvanna-
malai was declared an inspection station under
unfossil Regulation 14 G.O. dt 12-1-99, &
published in Gazette extraordinary dated
14-1-99 & in Part I. of Gazette dated 17-1-99
on the appearance of indigenous plague
in Vellore town & other places in North Arcot District.
Since then plague has decreased and
may almost be considered to have subsided
in North Arcot as stated by the Collector
of that District who was consulted by me
as directed by Government. Since
its establishment, only 2 suspicious cases
have been detained for observation by
the Medical officer in charge. The staff at the

Station

station has had practically little to do
and the services of the nurse who was entertained
for the plague camp have been dispensed
with under the sanction of the Plague
Commissioner. The Sub Collector and
the Collector of North Arcot consider the
Inspection station unnecessary and
agree with them. From the proceedings
of the Plague Commissioner No 292 dated
31.1.99, it appears that observation
circles have been started round villages in
the North Arcot District & this renders unnecessary
at present any further precautions than
the careful enforcement of the Passport rule.
The Collector of Chingleput has not yet replied
to my reference therein. The Inspection
station may therefore be abolished.
As the usual sheds have been constructed
in the Plague Camp and as it is necessary
to preserve them in case it is found necessary
next cold weather to reopen the station,
the Sub Collector proposes to keep three
watchmen to look after them and I beg to
support his proposal and request
orders whether the pay of the watchmen

is to be debited to "Provincial" or "Municipal."

The Sub Collector has given one month's notice to the
menial servants at the station as required by G.O.
No 604 P. dt 26.4.99.

2. In G.O. No 690 P. dated 9 May '99, it is ordered
that in all cases, persons arriving from areas
declared to be infected should be detained for
disinfection. This was not however done at
Tiruvannamalai, the disinfection being
done only in the case of persons mentioned
in clause (a) of Additional Regulation No 5.

I have the honour to be,

Sir,

Your most obedient Servant,

Ch. S. S. S.

To

The Collector of South Arcot.

Sir,

In reply to your letter R. 1012
192 dated 15th May 1899, I have the honour
to state that so long as there is plague
in an indigenous form in the North
Arcot District, I do not consider that
it would be advisable to cease to
maintain the inspection station at
Simvansamalai as the Southern
portion of this District as well as
the whole of South Arcot and
Sangare would then be left unpro-
tected.

I have &c.
