No. 924 of 11-4-98

Sir,

I have to refer to your letter of 28th March last, and to say that the Native Regulations do not provide for the exemption of any passengers from examination at sailing from the frontier stations. It is the desire that the mail train from Bangalore leaves the frontier about midnight.

2. The medical officer is given the widest discretion in the application of the regulations in detaining passengers, & I consider that no useful purpose will be served by varying the present practice in this direction.
