

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

(1899)

MISCELLANEOUS.

No. 950

Dated 12-4-88

Despatched 11.4.88

Indexed ^{S.V.}
17.4.99Examination of trains at Pakala [Despatch Abstract.]

Communicating to the Agent S. I. R. letter from the collector of North Arcot and stating that the delay of the trains at Pakala is due to the fact of 2 trains arriving there at the same time and that it has been reduced since the passenger traffic from Vellore has decreased.

CURRENT No.

From

Communications
to the Agent S.I.R. with
ref to his letter no. 1563/33
of 7-2-99.

2 The Agent will be requested
to state whether he can
arrange for the ~~two~~ trains
from Dharmavaram &
Villupuram arriving at
Pakala one after another
instead of simultaneous
as at present, which is stated

If this can be done,
the chief cause of the delay
will be removed.

SUBJECT.

It is stated that the time
taken for plague
examination at Pakala
is not excessive &
suggesting that it would
be well if the Agent
S.I.R. can arrange to bring
the two trains at Pakala
one after the other.

NORTH ARCOT, COLLECTOR'S OFFICE,

Chittoor. dated 31-3-1899.

No. 812 of 1899.

From

J. K. B. A. S. Esq.
Collector & District Magistrate,

North Arcot.

To

The Plague Commissioner,
Madras.

Sir,

With reference to your endorsement, Ref. No. 2207, dated 25th February 1899, on letter No. A. 1563/33, dated 17th February 99 (returned in original with its enclosure) I have the honor to state that owing to a large emigration from Vellore and its neighbourhood in the month of January 1899, there was no doubt some delay in the examination of trains in that month. But the Medical officer in charge of the Pakala Inspection station says that in the statement furnished by the Agent and Managers, South Indian Railway, the delay in the arrival of trains has also been put down under

"Plague"

"Plague examination". The actual delay in examination is therefore some minutes less than that reported by the Agents. There has been some improvement in the month of February and the average time taken for examination in that month is only 25 minutes. The train from Shamsharam and that from Villupuram arrive at Pakala almost at the same time and the medical officer has first to examine the train arriving first and then to take up the examination of the other. The second train has necessarily to be delayed.

2. I am therefore of opinion that the time taken for plague examination at Pakala is not excessive, and that it would be well if the Agent and Manager can arrange to bring the two trains one after the other instead of bringing them simultaneously.

I have the honor to be
 Your most obedient servant,
 A. S. S. S. S.

To

The Plague Commissioner
Madras

Sir,

I have the honor to forward (to be returned) a statement showing the detentions caused to trains by the Plague Examination of Passengers at Pakala Junction and to invite attention to the excessive delays occasioned, which would seem to point to the necessity for the Plague inspection staff being increased.

I have the honor to be
